## FIRST YEAR ENGINEERING DEPARTMENT

### A Seminar on "Patent Filling"

#### REPORT

Date:09-09-2022

**Title:** "A Seminar on Patent Filling"

**Resource person:** Dr.A. Chitti Babu, Assistant Professor, Krishna University

**Stakeholders:** All the faculty of First Year Engineering Department.

**Inauguration:** Started at 11:00AM

**Session Timings:** 11:00AM -01:00PM

#### **Introduction:**

The course has the objective of introducing the participants with fundamentals of Patent Filling so that they can understand the requirements and challenges in this area. Following are the key learning objectives of this Seminar.

#### **Objectives:**

1. Patent protection encourages innovation by providing a financial incentive for inventors to innovate new products and processes.
2. Patents protect an inventor's right to control the exploitation of their invention in the marketplace by giving them exclusive rights over its use for 20 years (in most countries).
3. Patent protection helps companies recoup research and development costs of bringing new products or services to market.
4. Patents encourage creative problem-solving since inventors often need to come up with innovative solutions to overcome existing patent rights.
5. Patent protection rewards inventors for their work and creativity, which helps spur more invention and innovation.
6. Patents can provide an extra layer of security against competitors trying to copy or replicate the invention without permission and, in some cases, even help prevent counterfeiting.
7. Patent law also encourages knowledge sharing by allowing inventors to assign or license their patents to other parties who wish to use those inventions in exchange for a fee or other consideration.
8. Finally, patent law promotes economic growth and development, as it has been found that countries with strong patent systems tend to have more significant levels of innovation and higher economic growth.

Overall, patent law is a critical component of any modern society that seeks to foster innovation and creativity while providing strong protection for intellectual property rights.

#### **Conclusion:**

The one-day seminar on A Seminar on "Patent Filling" led by Dr.A. Chitti Babu promises to be enriching experience for attendees. Through engaging presentations and insightful discussions participantys will gain valuable insights to **foster** innovation and creativity while providing strong protection for intellectual property rights.

## The market scenario of mechanical engineering stream

The job market for mechanical engineers is ever-growing. Even the unprecedented global economic crisis cannot eliminate the demand for these professionals in the Indian job market. Although some branches of mechanical engineering lost their importance during the collapse, the overall situation was much better compared to other professions.

Respected Sir,

This mail is a formal request for you to consider in allowing ITEY to conduct training program on WORK-LIFE Preparedness for final year engineering students.

### About ITEY

ITEY believes building academic and technical knowledge for youth is not enough, as marginalized youth need inspiration and guidance. No matter how smart youth may be academically, they need to learn, practice LIFE SKILLS which help them to cope up with real-life situations and challenge the competitive world. ITEY aims to amplify the core skills and invest efforts to nurture youth for WORK-LIFE PREPAREDNESS targeting rural college students. ITEY designed an impactful program framework enriching "core employability skills" for Workplace by keeping at centre ten life skills defined by UNESCO, UNICEF and WHO.

ITEY has been digitally launched on July 2022 by Dr. Jaya Prakash Narayan ( IAS ) Founder & President of Lok Satta Party . Launch video below  
<https://www.facebook.com/watch/?v=351038617219367&ref=sharing> & [https://www.youtube.com/watch?v=nvPuVGh\\_5GI](https://www.youtube.com/watch?v=nvPuVGh_5GI)

Attached reference PDF which briefs on ITEY vision and mission and more on program information in our website  
<https://itey.in>

Anticipating for positive response and do reach out to me for any clarifications.

Thanks Radha for making progressive effort in understanding the importance of this training program and taking this forward.

Regards,  
Sushma Boppana  
Vice President Software Engineering, Leading Global Investment Bank.

## **Webinar Report**

### **Summary Report:**

The event "From Idea to Impact: Excelling in Research Paper Authorship for Scientific Publications" was a resounding success, bringing together researchers, scientists, and academics from various fields to discuss the process of writing and publishing research papers.

The event commenced with an engaging keynote address by Dr Ch.Hima Bindu, who provided valuable insights into the importance of impactful research paper authorship and the steps involved in taking an idea from conception to publication. The speaker emphasized the significance of clear and concise writing, effective data presentation, and adherence to ethical guidelines in scientific publishing.

They shared their experiences and offered practical tips on navigating the publication process, including selecting the right journal, structuring manuscripts, and responding to peer review feedback.

The event also featured interactive workshops where participants had the opportunity to refine their writing skills, receive feedback on their research papers, and engage in peer-to-peer discussions on overcoming common challenges in the publication journey.

The event provided a platform for knowledge sharing and collaboration, inspiring attendees to elevate their research paper authorship skills and make a meaningful impact in their respective fields.

In conclusion, "From Idea to Impact: Excelling in Research Paper Authorship for Scientific Publications" not only offered practical guidance for aspiring authors but also fostered a sense of camaraderie and shared purpose among the participants. The event was a testament to the collective commitment to advancing scientific knowledge through high-quality research paper authorship..

The screenshot shows a Zoom meeting interface. The main content is a slide titled "RESEARCH". The slide text is as follows:

**RESEARCH**

- **Research is a scientific and systematic search for pertinent information on a specific topic.**
- **Moto of Research is a learning & sharing.**
- **Types of Research**
  - **Basic vs. Applied vs. Evaluation**
  - **Experimental vs. Non- Experimental**
  - **Analytical vs. Descriptive vs. Experimental vs. Qualitative**

The Zoom interface includes a top bar with participant names (Taraaji Venkat, KLASOMI RA., STEE SPANES), a right-hand sidebar with a list of participants, and a bottom toolbar with various meeting controls.

VISION OF THE DEPARTMENT

To be a premier department that nurtures individuals for acquisition of knowledge with research orientation which suits the local and global needs of industry and society in the field of Electronics and Communication Engineering

MISSION OF DEPARTMENT

- M1. To impart quality education and encourage research with an emphasis on application and innovation
- M2. To cater to the emerging societal needs through all-round development of students
- M3. To enable individuals face the global competition
- M4. To inculcate the importance of ethical and moral Values in students.

To be a premier department that nurtures individuals for  
acquisition of knowledge with research orientation which suits  
the local and global needs of industry and society in the field of  
Electronics and Communication Engineering

**MISSION OF DEPARTMENT**

- M1.** To impart quality education and encourage research  
with an emphasis on application and innovation
- M2.** To cater to the emerging societal needs through  
all-round development of students
- M3.** To enable individuals face the global competition
- M4.** To inculcate the importance of ethical and moral  
Values in students.

## Webinar Report

### Summary Report:

Webinar on Research paper Writing for a Scientific Journal was conducted and organized by our IEEE SIRCRRCOE Student Branch on 01st April 2023 @ 07:00 PM to 08:30 PM. The main motto of this webinar of writing a research paper is to encourage students to understand and do research on the specific domain that they are interested in and to participate in the "IEEE R10 Student Research Paper Contest".

The event was started by inviting speaker Dr. Ch. Hima Bindu. She explained about the research paper and the need of writing a research paper. Important points and ways of writing the research paper are clearly explained by the speaker. Speaker gave references for the research paper writing. She also provided information and websites regarding writing and publishing the research papers by the students.

We also thank IEEE Students Portal and IEEE Virtual Speakers Bureau Committee for accepting our request and providing the speaker according to our requirements.

**RESEARCH**

- Research is a scientific and systematic search for pertinent information on a specific topic.
- Moto of Research is a learning & sharing.
- Types of Research
  - Basic vs. Applied vs. Evaluation
  - Experimental vs. Non- Experimental
  - Analytical vs. Descriptive vs. Experimental vs. Qualitative
