A Seminar on "Patent Filling"

REPORT

Date:09-09-2022

Title: "A Seminar on Patent Filling"

Resource person: Dr.A. Chitti Babu, Assistant Professor, Krishna University

Stakeholders: All the faculty of First Year Engineering Department.

Inauguration: Started at 11:00AM

Session Timings: 11:00AM -01:00PM

Introduction:

The course has the objective of introducing the participants with fundamentals of Patent Filling so that they can understand the requirements and challenges in this area. Following are the key learning objectives of this Seminar.

Objectives:

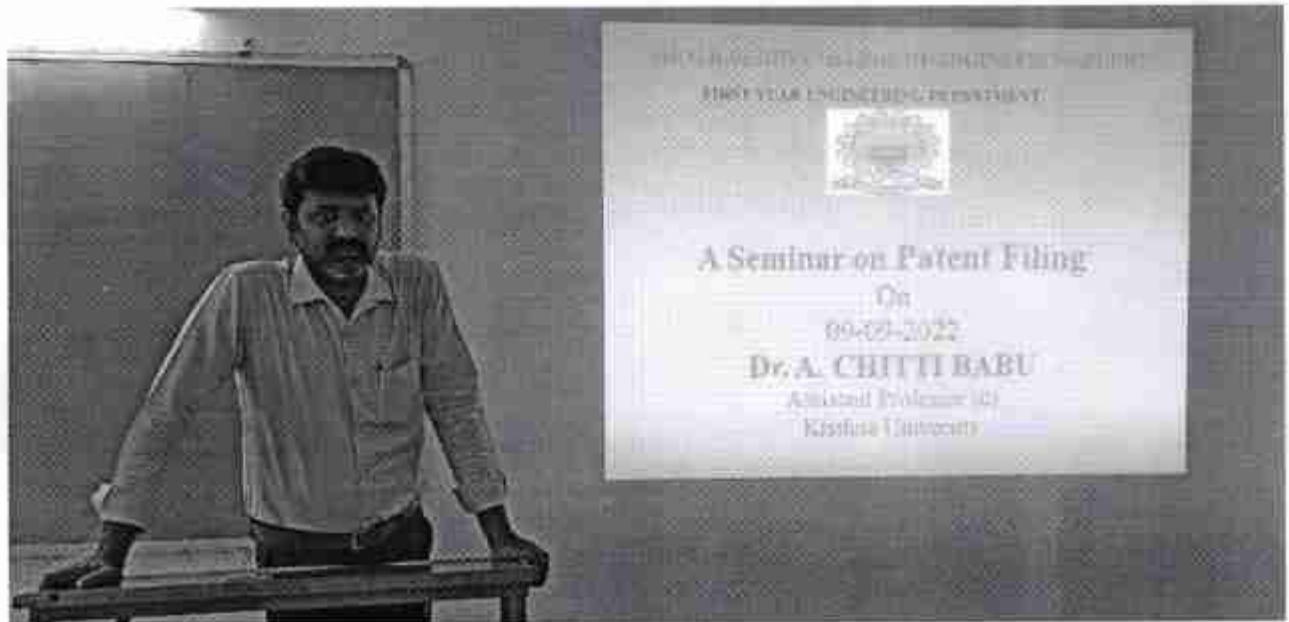

1. Patent protection encourages innovation by providing a financial incentive for inventors to innovate new products and processes.
2. Patents protect an inventor's right to control the exploitation of their invention in the marketplace by giving them exclusive rights over its use for 20 years (in most countries).
3. Patent protection helps companies recoup research and development costs of bringing new products or services to market.
4. Patents encourage creative problem-solving since inventors often need to come up with innovative solutions to overcome existing patent rights.
5. Patent protection rewards inventors for their work and creativity, which helps spur more invention and innovation.
6. Patents can provide an extra layer of security against competitors trying to copy or replicate the invention without permission and, in some cases, even help prevent counterfeiting.
7. Patent law also encourages knowledge sharing by allowing inventors to assign or license their patents to other parties who wish to use those inventions in exchange for a fee or other consideration.
8. Finally, patent law promotes economic growth and development, as it has been found that countries with strong patent systems tend to have more significant levels of innovation and higher economic growth.

Overall, patent law is a critical component of any modern society that seeks to foster innovation and creativity while providing strong protection for intellectual property rights.

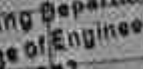

Conclusion:

The one-day seminar on A Seminar on "Patent Filling" led by Dr.A. Chitti Babu promises to be enriching experience for attendees. Through engaging presentations and insightful discussions participantys will gain valuable insights to **foster** innovation and creativity while providing strong protection for intellectual property rights.

The market scenario of mechanical engineering stream

The job market for mechanical engineers is ever growing. Even the unprecedented global economic crisis cannot eliminate the demand for these professionals in the Indian job market. Although some branches of mechanical engineering lost their importance during the collapse, the overall situation was much better compared to other professions.

DEPARTMENT OF MECHANICAL ENGINEERING

A One-Day Workshop on "THE ENTREPRENEURSHIP EXPERIENCE"

REPORT

Academic Year: 2022-23

Date: 18-10-2022

Basic information about the workshop:

Title of the workshop

: A One-Day Workshop on

"THE ENTREPRENEURSHIP EXPERIENCE"

About the resource person

: CHLANUDEEP Assistant Professor, SVECW

Stakeholders

: All the students of II/III/IV B. Tech - Mechanical Engineering.

Background of the Stakeholder : Stakeholders are UG students who have the basic knowledge of Mechanical Engineering.

Inauguration: Started at 09:30 AM

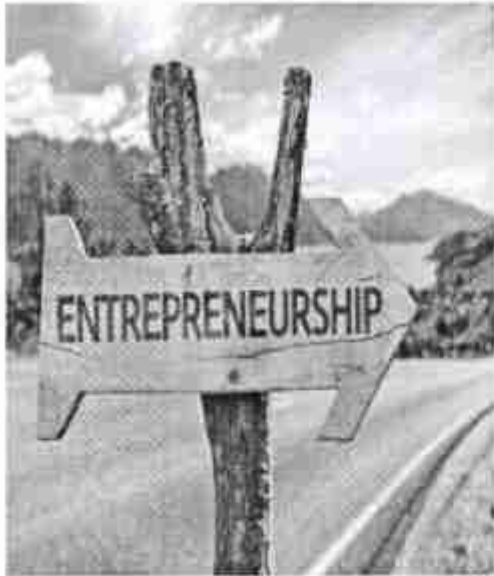

Forenoon Session: Started at 09:40 AM

Lunch Break: From 1.00 PM to 2.00 PM

Afternoon Session: Started at 2.15 PM

Respected Sir,

This mail is a formal request for you to consider in allowing ITEY to conduct training program on WORK-LIFE Preparedness for final year engineering students.

About ITEY

ITEY believes building academic and technical knowledge for youth is not enough, as marginalized youth need inspiration and guidance. No matter how smart youth may be academically, they need to learn, practice LIFE SKILLS which help them to cope up with real-life situations and challenge the competitive world. ITEY aims to amplify the core skills and invest efforts to nurture youth for WORK-LIFE PREPAREDNESS targeting rural college students. ITEY designed an impactful program framework enriching "core employability skills" for Workplace by keeping at centre ten life skills defined by UNESCO, UNICEF and WHO.

ITEY has been digitally launched on July 2022 by Dr. Jaya Prakash Narayan (IAS) Founder & President of Lok Satta Party. Launch video below

Anticipating for positive response and do reach out to me for any clarifications.

Thanks Radha for making progressive effort in understanding the importance of this training program and taking this forward.

VISION OF THE DEPARTMENT

To be a premier department that nurtures individuals for acquisition of knowledge with research orientation which suits the local and global needs of industry and society in the field of Electronics and Communication Engineering

MISSION OF DEPARTMENT

- M1: To impart quality education and encourage research with an emphasis on application and innovation
- M2: To cater to the emerging societal needs through all-round development of students
- M3: To enable individuals face the global competition
- M4: To inculcate the importance of ethical and moral Values in students

Webinar Report

Summary Report:

The event "From Idea to Impact: Excelling in Research Paper Authorship for Scientific Publications" was a resounding success, bringing together researchers, scientists, and academics from various fields to discuss the process of writing and publishing research papers.

The event commenced with an engaging keynote address by Dr Ch.Hima Bindu, who provided valuable insights into the importance of impactful research paper authorship and the steps involved in taking an idea from conception to publication. The speaker emphasized the significance of clear and concise writing, effective data presentation, and adherence to ethical guidelines in scientific publishing.

They shared their experiences and offered practical tips on navigating the publication process, including selecting the right journal, structuring manuscripts, and responding to peer review feedback.

The event also featured interactive workshops where participants had the opportunity to refine their writing skills, receive feedback on their research papers, and engage in peer-to-peer discussions on overcoming common challenges in the publication journey.

The event provided a platform for knowledge sharing and collaboration, inspiring attendees to elevate their research paper authorship skills and make a meaningful impact in their respective fields.

In conclusion, "From Idea to Impact: Excelling in Research Paper Authorship for Scientific Publications" not only offered practical guidance for aspiring authors but also fostered a sense of camaraderie and shared purpose among the participants. The event was a testament to the collective commitment to advancing scientific knowledge through high-quality research paper authorship..

Number of participants	18
Name of the expert with designation	Prof P SURESH VARMA, Dean Academic Affairs, Adikavi Nannaya University
Objective of the event	<ul style="list-style-type: none">• To enable the participants, define research problem, developing an approach to research problem and selection of suitable research design.• To impart capabilities for formulation and testing of hypothesis based on the nature of research.• To comprehend appropriateness of statistical software packages for analyzing research data.• To enable the participants to understand report writing and writing research proposals.• To make aware the participants about latest trends in discipline specific research.
Outcome of the event	<ul style="list-style-type: none">• The audience will be able to understand and comprehend the basics in research methodology and applying them in research/ project work.• This lecture will help them to select an appropriate research design.• With the help of this lecture, audience will be able to take up and implement a research project/ study.• The lecture will also enable them to collect the data, edit it properly and analyses it accordingly.• The audience will develop skills in qualitative and quantitative data analysis and presentation.

VISION OF THE DEPARTMENT

To be a premier department that nurtures individuals for
acquisition of knowledge with research orientation which suits
the local and global needs of industry and society in the field of
Electronics and Communication Engineering

MISSION OF DEPARTMENT

- M1.** To impart quality education and encourage research
with an emphasis on application and innovation
- M2.** To cater to the emerging societal needs through
all-round development of students
- M3.** To enable individuals face the global competition
- M4.** To inculcate the importance of ethical and moral
Values in students.

Webinar Report

Summary Report:

Webinar on Research paper Writing for a Scientific Journal was conducted and organized by our IEEE SIRCRRCOE Student Branch on 01st April 2023 @ 07:00 PM to 08:30 PM. The main motto of this webinar of writing a research paper is to encourage students to understand and do research on the specific domain that they are interested in and to participate in the "IEEE R10 Student Research Paper Contest".

The event was started by inviting speaker Dr. Ch. Hima Bindu. She explained about the research paper and the need of writing a research paper. Important points and ways of writing the research paper are clearly explained by the speaker. Speaker gave references for the research paper writing. She also provided information and websites regarding writing and publishing the research papers by the students.

We also thank IEEE Students Portal and IEEE Virtual Speakers Bureau Committee for accepting our request and providing the speaker according to our requirements.
