Venue: Zoom Meeting

Date of Event: 23rd June, 2021.

Topic: Webinar on Personal Branding and Development

No. of Participants: 60 Members.

Brief Description:

We have organized a webinar on Personal Branding and Development in IEEE on International Women in Engineering Day on 23rd June ,2021. The honored chief-guest is Dr D N D Harini garu(Associate professor, Gayathri Vidhya parishad college of engineering, chairperson, IEEE Vizag bay student Activities committee) .Guest of the honor are N. Lavanya garu (faculty advisor of IEEE SIR CRR COE women in engineering student branch affinity group, Assistant professor of ECE department) Dr. R. Sathish garu(IEEE faculty coordinator, Associate professor of ECE department) Dr. T. Venkateswara Rao garu(IEEE senior member, IEEE Sir CRR college of engineering student branch counselor, professor and head of the ECE department) G. Sambasivarao garu (principal of Sir C R Reddy college of engineering).The vice chair of IEEE Sir CRR COE women in engineering student branch affinity group introduced and invited our guest. Dr. D. N. D Harini garu started the session on Personal Branding and Development in IEEE followed by Queries.

VISION OF THE DEPARTMENT

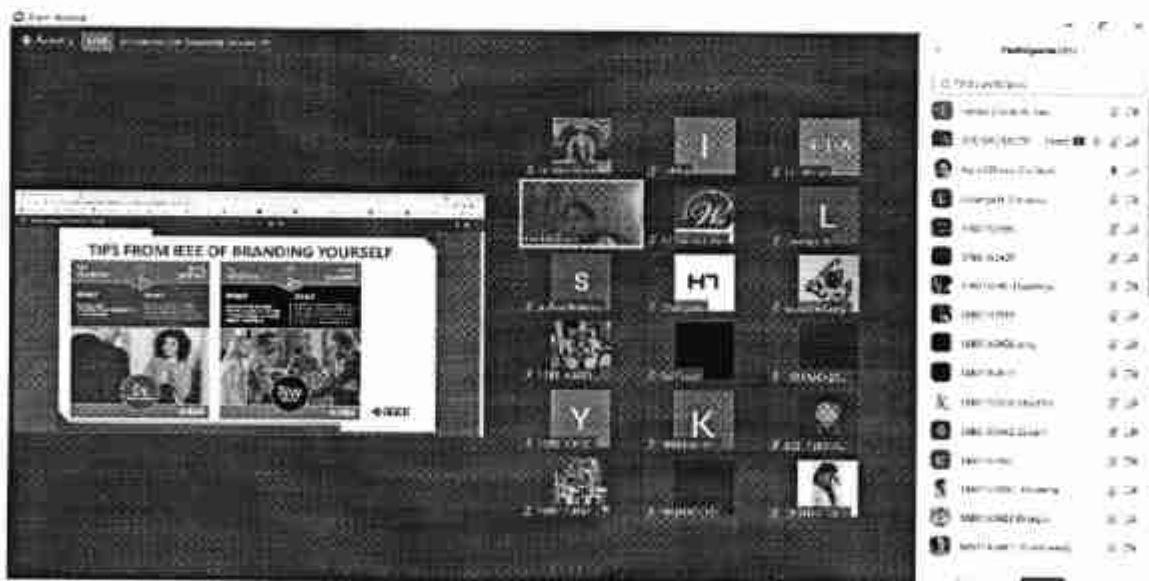

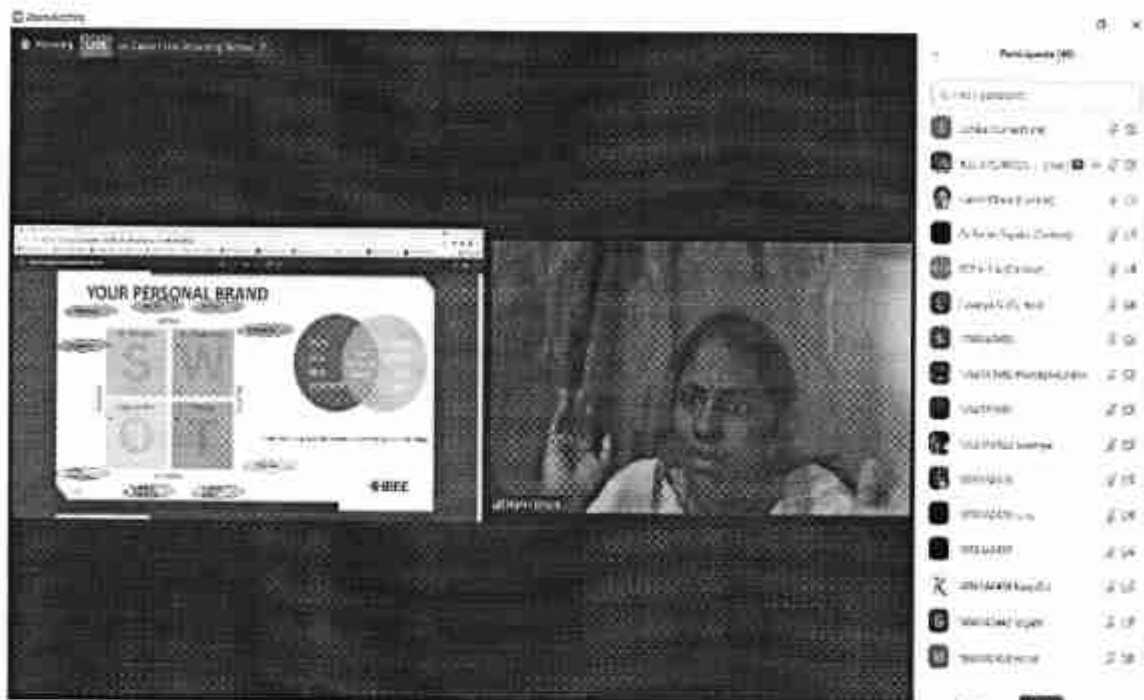

To be a premier department that nurtures individuals for acquisition
of knowledge with research orientation which suits the local and
global needs of industry and society in the field of Electronics and
Communication Engineering.

MISSION OF DEPARTMENT

- M1. To impart quality education and encourage research with an
emphasis on application and innovation.
- M2. To cater to the emerging societal needs through all-round
development of students.
- M3. To enable individuals face the global competition.
- M4. To inculcate the importance of ethical and moral values in
students.

Areas of Interest – Teaching

Engineering Mechanics	Engineering Drawing	Strength of Materials
Theory of Machines	Fluid Mechanics and Hydraulic Machines	
Advanced Materials	Operation Research	

Areas of interest – Research

Surface Engineering	Friction Stir Processing
Mechanical behavior of materials	Metal forming
Unconventional machining	Metal joining
Nanostructure materials	Composite materials

Administrative Experience:

1. Member for Institute Level Board of Studies
2. Acting as discipline committee coordinator, anti-ragging committee at college level.

List of Guest Lecturers Delivered:

1. Presented a guest Lecturer in Thermal Engineering-I at Nannapaneni Venkat Rao College of Engineering & Technology, Tenali.

Achievements:

1. NPTEL online certification “Programming in Java” with an Elite.

Publications in International Journals:

1. A paper entitled “Developing micro-lamellar composites of magnesium-calcium deficient nanohydroxyapatite by powder metallurgy route: in vitro degradation studies” Canadian Metallurgical Quarterly, The Canadian Journal of Metallurgy and Materials Science,(2024), 1-12 (SCI, Taylor Francis Online) <https://doi.org/10.1080/00084433.2024.2306043>

Academic Year: 2021-22

Date: 08-10-2021

Basic information about the workshop:

Title of the workshop : A One-Day Workshop on
“Practices on Research Methodology”

About the resource person : Dr.B Kiran Babu, Assistant Professor, URCET

Stakeholders : All the students of II/III/IV B. Tech - Mechanical
Engineering.

Background of the Stakeholder : Stakeholders are UG students who have the basic
knowledge of Mechanical Engineering.

Inauguration: Started at 09:30 AM

Forenoon Session: Started at 09:40 AM

Lunch Break: From 1.00 PM to 2.00 PM

Afternoon Session: Started at 2.15 PM

Valedictory: Started at 04:45 PM

Feedback and Recommendations: 4:50 PM

Introduction The job market is dynamic, requiring individuals to possess a combination of knowledge, practical and social skills and positive attitudes. Fiji, like many developing nations, is seeking to create bridges between education and the world of work. It has been acknowledged that a strong TVET sector with its associated high standard of training and accreditation driven by industry standards is the backbone for a strong economy and workforce. The Ministry of Education recognizes Technology and Employment Skills Training (TEST) as a priority area supporting children's educational development. In working towards improving access to education, improving the quality of education provided to all children, and reducing school drop-out rates, the Ministry of Education introduced the Start Your Own small Business (SYOB) course to the Vocational Centre's in the Secondary School system in Fiji. Following the implementation of SYOB, the ILO Know About Business (KAB) programme was then piloted in collaboration with the MOE with selected schools in Fiji. A KAB training workshop was organised for teachers, MOE Officers, MOY officers and NGO trainers. In the months following, the MOE has since expanded the KAB and SYOB programmes to include other schools in Fiji, and the Ministry of Youth has also included KAB as a course in their training curriculum for youths. The development of the SYOB and KAB Courses was supported by the Tackling Child Labour through Education (TACKLE) programme, funded by the European Union and coordinated by the International Labour Organization (ILO). It is currently supported by the ILO Sub Regional

SECOND SESSION:

Entrepreneurship Education The ILO promotes the importance of Entrepreneurship Education as part of a lifelong learning strategy, starting at an early age, that can contribute to increased youth employability by building an entrepreneurial mind-set, positive attitudes, self-confidence, knowledge and skills needed to adapt to today's changing labour market needs and to become responsible, active and productive citizens. The ILO's entrepreneurship education programme Know About Business (KAB) responds to the needs of member countries that intend to introduce entrepreneurship education at secondary education, vocational and technical education and higher education levels. KAB is a comprehensive set of training materials and an interactive learning methodology that has been implemented and adapted in over 50 countries around the world. KAB encourages young people to consider self-employment as a possible career path. Learners exposed to KAB will become aware of the role of enterprises and entrepreneurs in the society and those who consider entrepreneurship as a career option will learn how to face the challenges of managing a small business.

THIRDESSION:

Workshop Objectives The training was facilitated by internationally certified KAB trainer and author of KAB, Professor Robert Nelson from the University of Illinois (USA). Professor Nelson was assisted by 6 trainers from the Fiji Ministry of Education TEST section, Fiji Ministry of Youth, and the Kiribati Chamber of Commerce and Industries, who are also being considered for ILO certification as National KAB Trainers with the aim of establishing a Pacific pool of certified KAB Trainers. The participants of the training include representatives from the Ministry of Education and Ministry of Youth, school teachers, and trainers from Vanuatu and Kiribati. The overall objective of the KAB workshop were: • To provide KAB training to participants from the Ministry of Education, Heritage and Arts and the Ministry of Youth and Sports in Fiji as well as from the Vanuatu Institute of Technology • To provide KAB Facilitators the opportunity to train with International KAB Trainer Professor Robert Nelson with the aim of becoming National KAB Facilitators To meet the objectives, the training was divided into 8 daily sessions with the 9 KAB modules being presented by the facilitators and micro teaching sessions following each presentation by the participants. One of the key aspects of this training was to 'learn by doing' therefore the participants were expected to fully participate in the micro teaching sessions and were divided into groups on the first day with activities allocated according to modules covered on each day

third session was ended at 04:45 P.M

The workshop was concluded by the valedictory session which was undergone in presence of Dr. M.B.S.V. Prasad, Secretary , Dr. K.Venkateswara Rao, Principal and Dr. K.Rambabu H.O.D of Mechanical Department the college where each participant was awarded by a certificate of participation.

REPORT

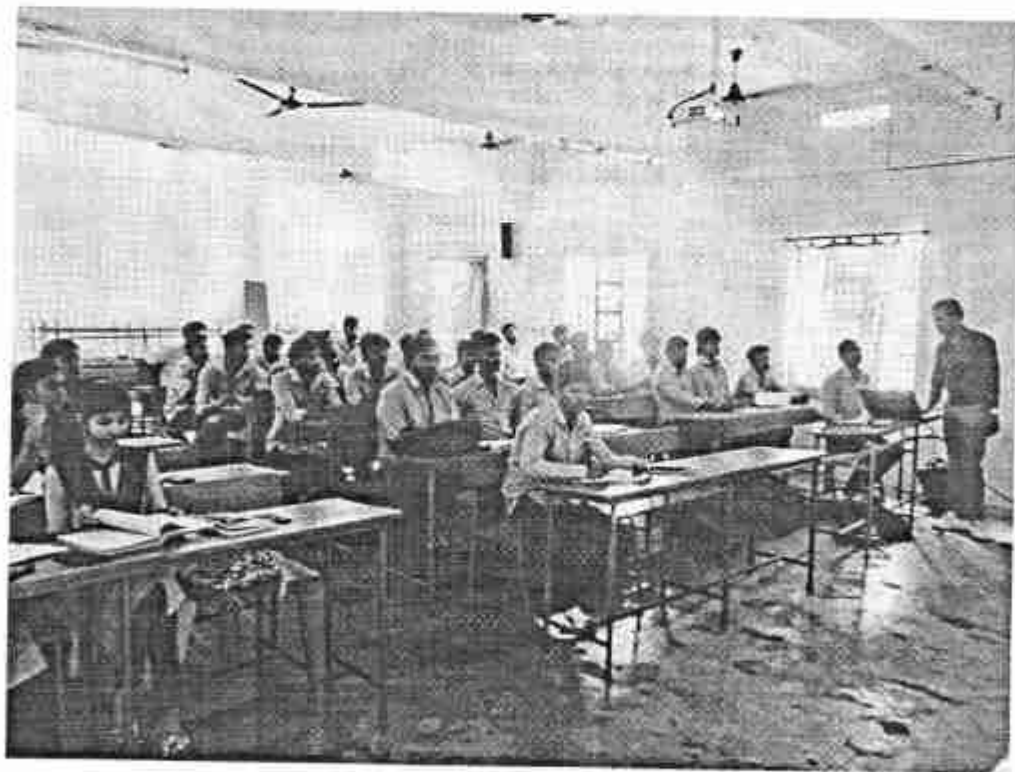

09-11-2021

Title: Workshop Report: "Entrepreneurship Skill, Attitude, and Behavior Development"

Objective: The workshop aimed to enhance participants' entrepreneurship skills, attitudes, and behaviors through interactive sessions, practical exercises, and real-world case studies.

Key Highlights:

1. **Interactive Sessions:** Facilitators engaged participants in lively discussions on various aspects of entrepreneurship, including idea generation, market research, business planning, and risk management. Participants actively contributed their insights and experiences, fostering a dynamic learning environment.
2. **Practical Exercises:** Hands-on activities were integrated throughout the workshop to reinforce key concepts and encourage active participation. Participants collaborated in teams to solve business challenges, develop innovative solutions, and create mock business plans. These exercises provided valuable opportunities for applying theoretical knowledge to real-world scenarios.
3. **Guest Speakers:** Esteemed entrepreneurs and industry experts were invited to share their success stories, insights, and practical tips for entrepreneurial success. Their inspirational talks inspired participants and provided invaluable mentorship, offering perspectives from seasoned professionals in the field.
4. **Behavioral Training:** The workshop also focused on cultivating essential entrepreneurial behaviors, such as resilience, adaptability, and creativity. Through guided exercises and role-playing activities, participants learned how to overcome common challenges, manage setbacks, and foster a growth mindset conducive to entrepreneurial success.
5. **Networking Opportunities:** The workshop provided ample networking opportunities for participants to connect with like-minded individuals, mentors, and potential collaborators. Informal discussions and group activities facilitated the exchange of ideas and fostered a sense of community among attendees.

REPORT

Date: **15-12-2021**

Title: “Intellectual Property Rights and it’s Management”

Resource person: **Dr.A. ChittiBabu** Assistant Professor, Ramachandra Engineering College

Stakeholders: All the faculty of First Year Engineering Department.

Inauguration: Started at 10:00AM

Session Timings: 10:30AM -12:30PM

About “Intellectual Property Rights and it’s Management”

Introduction:

The course has the objective of introducing the participants with fundamentals of Intellectual Property Rights development so that they can understand the requirements and challenges in this area. Following are the key learning objectives of this workshop.

Objectives:

- **IPR Awareness:** Outreach and Promotion – awareness about the economic, social, and cultural importance of IPRs in society.
- **Establish an atmosphere of invention and innovation** – stimulating the creation of IPRs.
- **Replace the prevailing outdated laws** – to create strong and effective IPR laws that balance the interests of rights owners with the larger public interest.
- **Human Capital Development for teaching, research, and skill-building in Intellectual Property Rights** – enhance and expand human resources, establishments, and capacities.
- **Administration and management of innovation** – update and reinforce service-oriented IPR administration.
- **Commercialization of IPRs** – Get value for IPRs via commercialization.
- To fight IPR violations by strengthening the execution and adjudicatory mechanisms.
- The policy put in place a legal framework that will spur the IPR regime and lessen the time the government takes to sanction a trademark to a month. At present, the procedure takes more than a year.

Conclusion:

The one-day workshop on “Intellectual Property Rights and it’s Management” led by Dr.A. ChittiBabu promises to be enriching experience for attendees. Through engaging presentations and insightful discussions participants will gain valuable insights to foster stimulating the creation of IPRs.

Speaker: Dr. VV Praveen Kumar, Department of Civil Engineering, Geethanjali College of Engineering & Technology, Hyderabad

Introduction:

Dr. VV Praveen Kumar, an esteemed faculty member from the Department of Civil Engineering at Geethanjali College of Engineering & Technology, Hyderabad, delivered an insightful seminar on "Entrepreneurship in a Minute." This seminar aimed to provide a concise yet comprehensive overview of entrepreneurship specifically tailored to civil engineering students, highlighting the opportunities and challenges in the field of entrepreneurship.

Key Points Covered:

1. Introduction to Entrepreneurship:

- Dr. Kumar began the seminar by defining entrepreneurship and its significance in today's rapidly evolving economy.
- He emphasized the role of entrepreneurs in driving innovation, creating jobs, and fostering economic growth.
- With a focus on civil engineering students, he highlighted the unique opportunities available in the construction and infrastructure sectors for aspiring entrepreneurs.

2. Entrepreneurial Mindset:

- Dr. Kumar discussed the essential qualities and characteristics of successful entrepreneurs, emphasizing the importance of creativity, resilience, and risk-taking.
- He encouraged students to cultivate an entrepreneurial mindset characterized by a willingness to embrace challenges, adapt to change, and pursue opportunities proactively.

3. Identifying Opportunities:

- The speaker emphasized the importance of identifying market gaps, emerging trends, and unmet needs as potential opportunities for entrepreneurship in civil engineering.
- He encouraged students to leverage their technical knowledge and expertise to identify innovative solutions and niche markets within the construction industry.

A workshop on "Research Report Writing and Proposal Preparation"

REPORT

Date: 27-04-2021

Title: "Research Report Writing and Proposal Preparation"

Resource person: G.SRINIVASA RAO, Guest Faculty, Andhra University.

Stakeholders: All the faculty of First Year Engineering Department.

Inauguration: Started at 10:30AM

Session Timings: 11:00AM -01:00PM

About Research Report Writing and Proposal Preparation:

Introduction: The course has the objective of introducing the participants with the fundamental of Research Report Writing and Proposal Preparation so that they can understand the requirements and challenges in this area. Following are the key learning objectives of this Workshop.

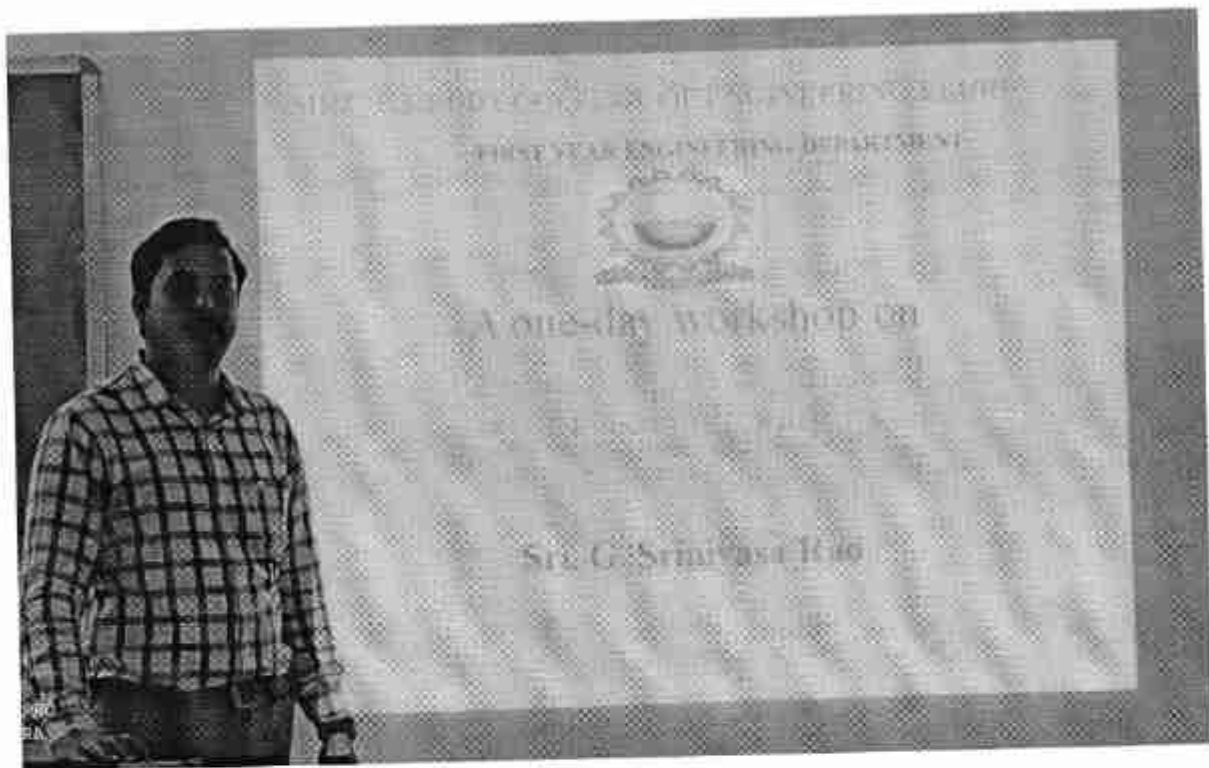

Objectives:

1. The objective here is to convince the reader that the overall research design and methods of analysis will correctly address the research problem and to impress upon the reader that the methodology/sources chosen are appropriate for the specific topic. It should be unmistakably tied to the specific aims of your study.
2. Successful, qualitative research proposals should communicate the researcher's knowledge of the field and method and convey the emergent nature of the qualitative design. The proposal should follow a discernible logic from the introduction to presentation of the appendices.
3. As with any scholarly research paper, you must cite the sources you used in composing your proposal. Although the words 'references and bibliography' are different, they are used interchangeably. It refers to all references cited in the research proposal.

Conclusion:

The one day workshop on "Research Report Writing and Proposal Preparation" by G Srinivasa Rao promises to be an enriching experience for attendees. Through engaging presentation and insightful discussions, participants will enrich knowledge on writing research article.
