ABOUT THE EVENT :

- The Event is Heald by the students on the occasion of January 1st By the **IETE** Student form(ISF) of ECE department.
- It is here to enhance a bit of Social Responsibility among ourselves through a social activity.
- People by nature are very charitable and are willing to give to your organization to make a difference.
- Its through to explain what your charity is and how it's impacting lives.

- A day well started with full of happiness and blessings.
- Students of our college has participated enthusiastically for a good cause.
- We arranged transport for the students who are interested to participate in the event

- The first orphanage that we helped was the "Missionaries of charity".
- There we distributed some groceries and wheelchairs which are very useful for them.
- Smiles and happiness in their faces was priceless .
- They are very happy for the things we distributed

- The facilitates interaction which helps develop a range of social skills like communication, empathy, trust, sharing and caring.
- The second orphanage that we helped was the “Premanvitha child development center”
- Order to help the poor and needy, We donate the old stuff from old clothes to appliances, furniture and other materials.
- We have been enjoying motherhood to the hilt by spending time with little ones and tending to there various needs too.

IETE STUDENTS FORUM
"GO GREEN"

We, the crrians are going to organize an event called "GO GREEN". The main motive of this event is to plant a plant as
"TREES ARE POEMS THAT EARTH WRITES UPON THE SKY, WE FELL THEM DOWN AND TURN THEM INTO PAPER, THAT WE MAY RECORD OUR EMPTINESS"

Trees do so much for us; it is time we returned the favor.
Plant a tree today

We request everyone to plant a small plant and share your photos through the mail that we provide. We would post it in our Instagram page which gives us immense satisfaction.

For queries contact coordinators
us at: crr.iete@gmail.com

Event Co-ordinators:
M.Nitesh(9959460838)
K.Brahma Reddy (6305711824)
M.Chaitayna Deepika (6305619553)

[@ iete.crr](https://www.instagram.com/iete.crr)
<https://crriete.wixsite.com/website>

About the Event:

- The event is held By the IETE students form (ISF) OF ECE Department.
- The main motive of this event is to plant a plant as “Trees are poems that earth writes upon the sky, we fell them down and turn them into paper, that we may record our emptiness”.
- “GO GREEN” means pursue knowledge and practices that can lead to more environmentally.
- Which can help protect the environment and sustain its natural resources for current and future generations.
- Reduce environmental pollution. The most obvious advantage of going green is that it helps you to reduce environmental pollution.
- We request everyone to plant a small plant and share your photos through that we provide.

- some of the photos of students who involved in the “go green” event.

Pictures of students planting trees at the outside of the college in the “go green” event.

This is hereby informed to all the **ECE B.Tech** students, that the ECE department is organizing "SMART FARMING 2K22" on 19/04/2022 . Hence all the students hereby informed to attend SMART FARMING2K22.

For details:

Coordinator:

Mr. K. Lakshmi Narayana,
Sr. Assistant Professor

HOD - ECE

Head of the Department
Electronics & Communication Engg.
Sir C.R.R. College of Engineering
Eluru - 534 007

EVENT:

- 1.Title of The Event: " SMART FARMING "
- 2.Date : 19.04.2022
- 3.Content : UNNATH BHARATH ABHAYAN SCHEME
- 4.Organised by : ISF (DEPT OF ECE)

ABOUT THE EVENT:

- The Event is held by the IETE student forum (ISF) of ECE department on 19th April 2022.
- It is here to enhance the knowledge of Smart farming in the students as well as the farmers of Kovvali.
- This event is held in Rythu Bharosa Kendra, Kovvali. And it is conducted as an interacting session between the farmers and the coordinators and also scientist of organic farming.

- Farmers are explained the importance of the organic farming as well as smart farming and the uses of it in such a way that they are interested in implementing the same process of farming ideas in their agricultural procedure.
- Students are also motivated and have given their new ideas of smart farming in a way that they can reduce the use chemical fertilisers and other pesticides for the better yield of the harvest.

- They are explained to not to depend on the chemicals and to not damage the mother earth from the hazardous chemicals used in the fertilizers and pesticides.

- They are advised to depend on the natural fertilizers which are prepared from the dung and other natural bio resources such that they can increase the production rate and also the fertility rate of the soil.
- They have given the ideas to start organic farming in a small quantity of area and to implement on the total area after seeing the results and the quality of the harvest.

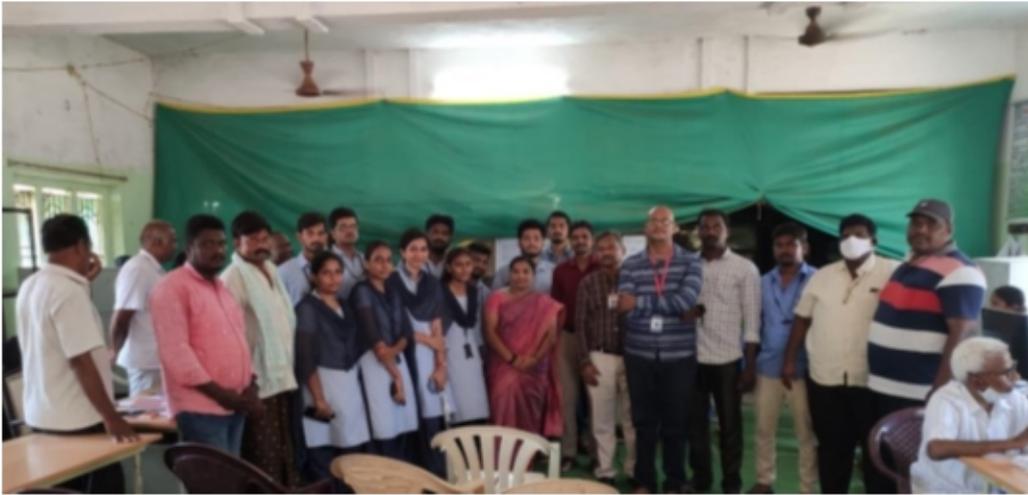

- Farmers are given the ideas of how to start the organic farming and the ways to implement more in today's world and advantages of it.

- Finally, they are requested to ask their doubts and also suggestions on organic farming and they are clarified by our coordinators as well as scientist.

- This event has helped in gaining the knowledge of not wasting our natural resources and also not to damage the environment with the chemical and toxic wastes.

- And it also helped in making the farmers know the importance and the need of organic farming in these present days to decrease the soil pollution and other environmental side effects.
- It also helped in motivating the students to help the farmers and to support them with their knowledge and also help them technically by creating apps or websites to sell the products directly with out any medium channels or distributors between the farmer and people.

- We have visited a near by farm in the same area and have discussed with the farmer about the new and efficient ways of smart farming using the new techniques to earn a better harvest.

- And also enquired him about the land fertility by using the pesticides and chemical toxics, then suggested him the fertile land tips by the new smart farming techniques.

- We have visited total field for a period of time and known about the other organic techniques that he follows from a long ago.
- We have listed their doubts and tried to help them in clarifying them by giving natural examples.
- We have understood the soil varieties and variation of the fertility due to the crops from time to time and also observed the water facilities and the required need of water for the crop.

NOTICE

Dear Students, The Department of Mechanical Engineering excited to announce an upcoming event that aligns with our commitment to environmental sustainability and the well-being of our planet. Join us for the "Save Soil" event, where we'll delve into the importance of soil conservation and explore ways to protect this vital natural resource. Together, we can make a difference by raising awareness and taking action to preserve our soil for future generations. Let's come together as a community to save soil and safeguard our environment.

We look forward to your participation!

Warm regards,

DEPARTMENT OF MECHANICAL ENGINEERING

EVENT:

1. TITLE OF THE EVENT: "SAVE SOIL"
2. DATE: 12/05/2022
3. CONTENT: Awareness programme on "SAVE SOIL MOVEMENT"
4. ORGANISED BY: Department of Mechanical Engineering

ABOUT THE EVENT:

- The Event is held by the IE student forum of Mechanical department on 5th June 2022.
- This event is held in Sir C.R.Reddy College of Engineering, Vatluru. And it is conducted as drive about save soil movement along with Isha Foundation .

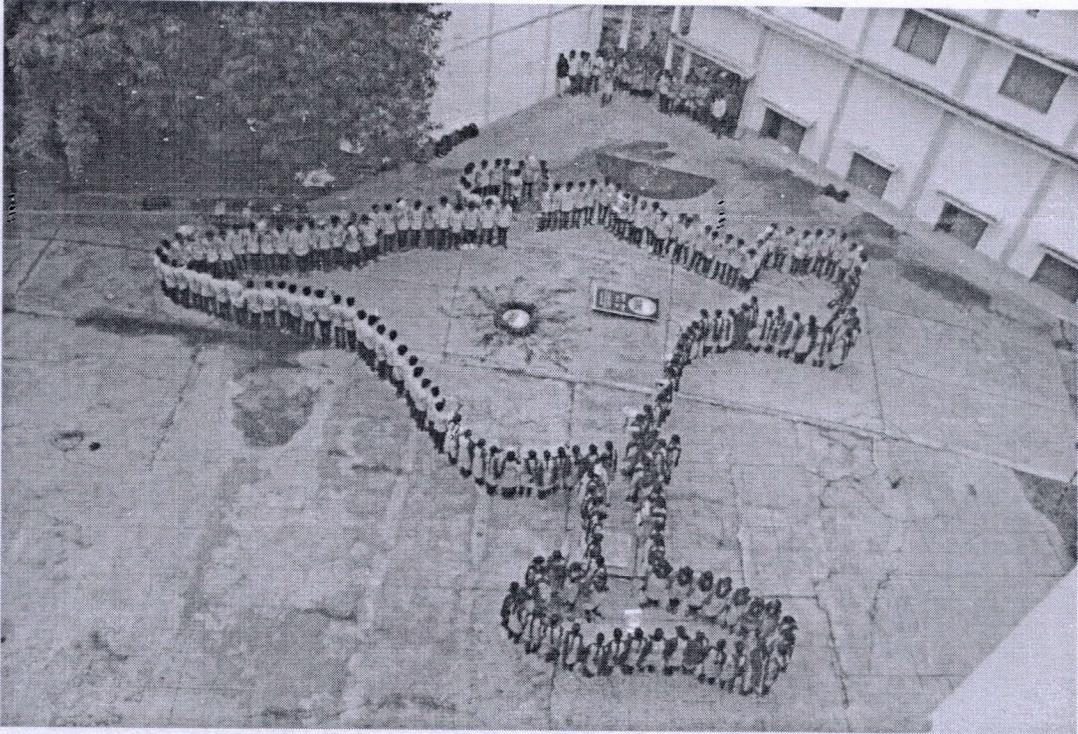

- The Isha foundation full time volunteers G.Rama and T.S.R Charan have participated in this event and they informed that soil crisis can be avoided by bringing together people from around the world to stand up for soil health. They have created awareness among the students, teachers, and other staff about the save soil programme and they provides a point of contact to students on queries and information about Save soil movement,
- R.Yasoda Bai from department of forestry division, Eluru also participated in this event and also explained how thousands of farmers are committing suicide due to depletion in soil and 74% of the poor are directly affected by soil degradation

globally. She also explained about depleted soils which cannot absorb and regulate water flows.

Students are also motivated and have given their new ideas to farmers around vatluru for saving soil in a way that can reduce the use of chemical fertilisers and other pesticides for the better protection of soil.

- The intent of this programme is to address the soil crisis by bringing together people from around the world to stand up for soil health, and support leaders of all nations to institute national policies and actions toward increasing the organic content in cultivable Soil.
- Principal of college Dr. K Venkateswara Rao and management representative Sri K Harirama Krishnama Raju sir also participated in this event and given their suggestions on save soil event .
- Finally, students are requested to ask their doubts and also suggestions on save soil and they have clarified by our coordinators as well as Isha foundation volunteers .

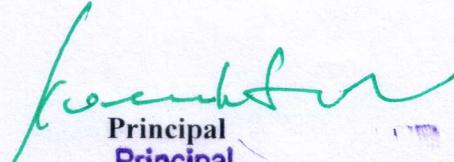

Staff supported the
Event:

1. Dr.K. Sunil Ratnakumar
2. Mrs Ch Lakshmi Poornima
3. Dr. T Rama Krishna
