The GATE classes conducted by the CSE department aimed to train students with the necessary knowledge and skills for success in Competitive exams like GATE. The gate classes were conducted over a period of TWO WEEKS, covering essential topics such as System calls, Scheduling Algorithms, Page replacing Algorithms, Deadlocks, File Systems in operating systems and Searching, sorting, hashing. Asymptotic worst case time and space complexity. Algorithm design techniques: greedy, dynamic programming and divide-and-conquer. Graph traversals, minimum spanning trees, shortest paths in Algorithms and Regular expressions and finite automata, Context-free grammars and push-down automata. Regular and context-free languages, pumping lemma. Turing machines and undecidability in FLAT and Propositional and first order logic. Sets, relations, functions, partial orders and lattices. Monoids, Groups. Graphs: connectivity, matching, coloring. Combinatorics: counting, recurrence relations, generating functions in Discrete Mathematics. The classes aimed to strengthen students' foundational knowledge and problem-solving abilities in attempting the GATE Exam without any fear. The students are expressing their gratitude by saying grateful for the opportunity to be a part of your classes, and we believe that the knowledge and skills we've gained will be pivotal in my performance during the upcoming GATE exam. The clarity with which you

explained complex concepts, your patience in addressing our doubts, and the strategic approach to problem-solving were instrumental in enhancing my understanding of the subject matter. 150 students have attended the training program. The management and principal appreciated the team for their contribution.

Respected Sir,

This mail is a formal request for you to consider in allowing ITEY to conduct training program on **WORK-LIFE PREPAREDNESS** for final year engineering students.

About ITEY

ITEY believes building academic and technical knowledge for youth is not enough, as marginalized youth need inspiration and guidance. No matter how smart youth may be academically, they need to learn, practice **LIFE SKILLS** which help them to cope up with real-life situations and challenge the competitive world. ITEY aims to amplify the core skills and invest efforts to **nurture youth for WORK-LIFE PREPAREDNESS** targeting rural college students. ITEY designed an impactful program framework enriching "core employability skills" for workplace by keeping at centre ten life skills defined by UNESCO, UNICEF and WHO.

ITEY has been digitally launched on July 2022 by **Dr. Jaya Prakash Narayan (IAS) Founder & President of Lok Satta Party**. Launch video below
