Number of students Attended: 55

Venue: III/IV B.Tech Class Room

The Civil Engineering department's GATE classes were tailored to equip students with the requisite knowledge and skills essential for excelling in competitive exams like GATE. Spanning four days, these sessions covered indispensable topics including Working stress and Limit state design concepts, Connections such as simple and eccentric, beam-column connections, plate girders, and trusses, as well as the design of tension and compression members, beams, beam-columns, and column bases. Moreover, Plastic Analysis of frames and beams in Steel Structures, Subsurface investigations encompassing boreholes, drilling, scopes sampling, plate load test, standard penetration, and cone penetration tests, Earth pressure theories like Coulomb and Rankine, Stability of slopes finite and infinite slopes, method of slices, and Bishop's method, contact pressure, and Settlement analysis in sands and clays were comprehensively addressed. These classes were aimed at fortifying students' foundational knowledge and honing their problem-solving acumen to confront the GATE Exam with confidence. Students expressed their gratitude, recognizing the opportunity to participate in these classes and acknowledging the pivotal role the acquired knowledge and skills will play in their performance in the upcoming GATE exam. They lauded the clarity with which complex concepts were elucidated, the patience exhibited in addressing doubts, and the strategic problem-solving approach, all of which significantly enriched their understanding of the subject matter. A total of 55 students partook in the training program, with both the management and principal extending their appreciation to the team for their invaluable contribution.

Date: 14-12-2019

Name of the program: Coaching For Competitive Exam (GATE)

Dates : 09-12-2019 to 13-12-2019

Resource person s details

Names : Dr. Rambabu , Dr.K.Sunil Ratna Kumar

Address: Department of Mechanical Engineering
Sir cr reddy college of engineering

Mail id : hod.mechanical1989@gmail.com

Contact number : 08812- 230565

No Of Students Attended : 129

Venue : IV/B.TECH CLASS ROOM, & CAD LAB

The gate classes conducted by the department of mechanical engineering aimed to train students with the necessary knowledge and skills for success in competitive exams like gate the gate classes were conducted over a period of 5 days convering essential topics such mechanics and thermal analysis and Machine Design for the particular Fluid mechanics and thermal analysis AND Machine Design Fluid Mechanics In The View Of Fluid properties; fluid statics, Bernoulli's equation Heat-Transfer: Modes of heat transfer; one dimensional heat conduction, resistance concept and electrical analogy, heat transfer through fins; unsteady heat conduction Thermodynamics: Thermodynamic systems and processes; properties of pure substances, behavior of ideal and real gases Machine Design: Design for static and dynamic loading; failure theories; fatigue strength and the S-N diagram; principles of the design of machine elements such as bolted, riveted and welded joints; shafts, gears, rolling and sliding contact bearings, brakes and clutches, springs. the classes aimed to strengthen students foundational knowledge and problem solving abilities in the attempting the gate exam without any fear the students are expressing their graduate by saying grateful for the opportunity to be a part of your classes and we believe that the knowledge and the skills were gain will be pivotal in my performance which you explained complex concepts Your patience in addressing our doubts and the strategic during the upcoming gate exam the clarity with which you explained complex concepts your patience in addressing our doubts another strategic approach to the problem solving were instrumental in enhancing my understanding of the subject matter 129 students have attended the training programme the management and principal appreciated the team for their contribution

REPORT

Name of the program: GATE CLASSES

Date: 11-11-2019 to 15-11-2019

PHOTO:

The GATE classes conducted by the EEE department aimed to get students with the necessary knowledge and skills to qualify in Competitive exams like GATE. The GATE classes were conducted over a period of 5 days, covering essential topics from the subjects such as Electrical Machines, Control Systems, Power Electrical Circuits, Power Systems and EMI. The classes aimed to strengthen student's foundational knowledge and problem-solving abilities in attempting competitive exams. The students are expressing their gratitude for the opportunity to be a part of GATE classes conducted by us. The management and principal appreciated the team work of our department.

REPORT

Name of the program: GATE CLASSES

Date: 12-11-2019 to 16-11-2019

PHOTO:

The GATE classes conducted by the ECE department aimed to get students with the necessary knowledge and skills to qualify in Competitive exams like GATE. The GATE classes were conducted over a period of 5 days, covering essential topics from the subjects such as Electronic Devices and Circuits, Switching Theory and Logic Devices, Pulse and Digital Circuits, Microprocessor and microcontroller and Analog Communications. The classes aimed to strengthen student's foundational knowledge and problem-solving abilities in attempting competitive exams. The students are expressing their gratitude for the opportunity to be a part of GATE classes conducted by us. All third year students have attended the program. The management and principal appreciated the team work of our department.

Number of students Attended: 145

Venue: IV/IV B.Tech SEMINAR HALL

The GATE classes conducted by the CSE department aimed to train students with the necessary knowledge and skills for success in Competitive exams like GATE. The gate classes were conducted over a period of TWO WEEKS, covering essential topics such as System calls, Scheduling Algorithms, Page replacing Algorithms, Deadlocks, File Systems in operating systems and Data ware house, Relational model, Normalisation, Structured Query language, Transaction and concurrency control in Database Management Systems and Arrays, graphs. Hashing, Linked list, Stacks and queues in Data structures and Network layer, Routing Algorithm, TCP UDP Sockets and Congestion Control, Application Layer Protocols, Network Security in Computer Networks. The classes aimed to strengthen students' foundational knowledge and problem-solving abilities in attempting the GATE Exam without any fear. The students are expressing their gratitude by saying grateful for the opportunity to be a part of your classes, and we believe that the knowledge and skills we've gained will be pivotal in my performance during the upcoming GATE exam. The clarity with which you explained complex concepts, your patience in addressing our doubts, and the strategic approach to problem-solving were instrumental in enhancing my understanding of the subject matter. 145 students have attended the training program. The management and principal appreciated the team for their contribution.

Number of students Attended: 55

Venue:II/TVB. Tech Class Room

The Civil Engineering Department's Aptitude and Reasoning classes aimed to equip students with the essential knowledge and skills needed to excel in competitive exams like GRE, TOEFL, and Placements. Conducted over five days, these classes covered crucial topics including Analytical Writing, Verbal Reasoning, Speaking & Writing skills, Active Voice, Reported Speech Mixture & Allegation, Time & Work, Algebra, Probability, and Age. Our meticulously designed classes focus on enhancing students' foundational understanding and problem-solving abilities, preparing them to tackle Competitive Exams with confidence. Participants consistently express deep gratitude for the invaluable learning experience our classes offer, recognizing the acquired knowledge and skills as pivotal to their success in exams. They appreciate the clarity with which intricate concepts are explained, the patience shown in addressing doubts, and the strategic problem-solving methods employed, all of which significantly improve their grasp of the subject matter. A total of 55 students actively participated in the training program, with both management and the principal extending their appreciation to the team for their substantial contribution.

AGENDA

Aim :

To impart to students the knowledge and abilities they will need to succeed in the future

Key Outcomes :

- Academic and Personal development skills are crucial to professional growth and achieving long-term success, some of which include integrity, communication, leadership, problem-solving and adaptability.
- Constantly working on your personal development skills makes you more perceptive, empathic, confident, flexible, and capable of handling new responsibilities and situations.
- Good interpersonal skills, a strong work ethic, and the ability to communicate effectively are instrumental in building strong relationships both personally and professionally, increasing productivity, and facilitating cordial discussions in a professional setting.

The CSE department's " Career Guidance & Academic Planning " lectures aimed to provide students with the skills and information necessary to succeed in the future. In the two hours of instruction, you will significantly advance your career goals, set personal objectives and goals, enhance your strengths and talents, find fulfillment in your work and in life, build meaningful relationships, gain a better understanding of yourself and develop self-awareness, sharpen your focus and clarity, find the drive to succeed, and develop resilience in trying circumstances.

Acknowledgements:

The students are thanking you for giving them the opportunity to attend your lectures and expressing their belief that the knowledge and abilities they have acquired would be essential for their success in the next competitive exams. My comprehension of the subject matter was improved by the way you patiently answered our questions, the way you clearly articulated difficult ideas, and the methodical way you approached your own aims and objectives. The team's contributions were valued by the Management and Principal.
