NOTICE

We are pleased to announce that the Civil Engineering Students of Sir C R Reddy College of Engineering in the IV/IV B.E. are organizing a charity event on the 76th Independence Day 2022 at J & J Karunodaya School for Specially Abled Children in Vangaru, Eluru. This event aims to bring joy and support to the specially-abled children at the school. We warmly invite all students and staff to join us in contributing to this noble cause. Your participation will play a vital role in ensuring the success of this event. Thank you for your kind support.

Warm regards,

Venue:

J & J Karunodaya School in Eluru.

Time:10:30AM to03:00PM

Title: Celebrating Independence Day with Compassion: Charity Event at J & J Karunodaya School for Specially Abled Children

Introduction:

On the auspicious occasion of the 76th Independence Day, the IV/IV B.Tech students of the Civil Engineering Branch at Sir C R Reddy College of Engineering organized a heartwarming charity event at J & J Karunodaya School for Specially Abled Children in Vangaru, Eluru. This event aimed to commemorate the spirit of freedom by extending support and compassion to the especially abled children at the school. The students generously donated a water purifier and arranged a special meal for the students, fostering a sense of community and inclusivity.

Donations:

The highlight of the charity event was the generous donation of a water purifier by the IV/IV B.Tech students. Recognizing the importance of clean and safe drinking water, especially for vulnerable communities, the students chose to contribute a water purifier to the school. This donation aimed to ensure that the students at J & J Karunodaya School have access to clean and hygienic drinking water, promoting their health and well-being.

The donation of the water purifier reflects the students' commitment to making a tangible and lasting impact on the lives of the specially abled children. By addressing a basic necessity like access to clean water, the students demonstrated their empathy and compassion towards the needs of the community.

Food Arrangements:

In addition to the donation of the water purifier, the IV/IV B.Tech students also organized a special meal for the students at J & J Karunodaya School. Collaborating with local vendors and volunteers, the students arranged a nutritious and delicious feast for the students to enjoy on Independence Day.

The meal not only provided sustenance but also served as a symbol of celebration and solidarity. It brought together students, staff, and volunteers in a spirit of camaraderie, highlighting the importance of compassion and inclusivity in society.

Impact:

The charity event organized by the IV/IV B.Tech students left a profound impact on both the students at J & J Karunodaya School and the organizing students themselves. For the students at the school, the donation of the water purifier and the special meal provided a sense of care and support, reinforcing their dignity and worth.

For the organizing students, the event was a meaningful opportunity to engage with the community and make a positive difference in the lives of others. It instilled in them a sense of responsibility and empathy, inspiring them to continue serving their society with compassion and dedication.

Conclusion:

In conclusion, the charity event organized by the IV/IV B.Tech students of the Civil Engineering Branch at Sir C R Reddy College of Engineering on the occasion of the 76th Independence Day was a testament to the power of empathy and altruism. Through their donation of a water purifier and arrangement of a special meal, the students exemplified the true spirit of service and solidarity, leaving a lasting impact on the specially abled children at J & J Karunodaya School. Such initiatives serve as shining examples of how small acts of kindness can transform lives and build a more inclusive and compassionate society.

ABOUT THE EVENT:

- The event was held by the students of IETE Student forum (ISF) of ECE department on the occasion of New Year 2023.
- The main motive of this event is to enhance a bit of humanity by serving the people in need and by fulfilling their requirements.
- This event is mainly aimed in serving and fulfilling the requirements of the lowest funded orphanages and also blind schools in our locality.
- We have collected the fundings from the students of Sir C R Reddy College of Engineering and also from near & dear one's.
- We have conveyed the need of these societies and their problems and asked for their help and also their contribution as a part of it.

- The First Foundation that we have helped was “Sri Raviteja Educational and Infected Children Welfare Society”
- It was a welfare Society for the children who are born with HIV and this was organized and maintained by Raja Garu who is taking care of this children, providing education and also done marriages for many of them from the past 20 years.
- We have given the required groceries and also fruits for the children.
- They are happy by these things and also celebrated the New Year with them and enjoyed the eve with them.
- The organizer has thanked very much for this help and also blessed all the students who have worked for the event.
- Our IETE students have motivated the children that they will recover soon and will be happy life long.

- The Second Organization that we visited is “Welfare Association Of The Visually Handicapped” and helped them.
- In the same way we organized some clothes and fruits for all the girls who are present in this association.
- This is the part of our responsibility initiative to put smiles on the faces of the less privileged.
- We have been enjoying motherhood to the hit by spending time with little ones and tending to their various needs too.

NOTICE

We are pleased to inform you that the IV/IV Civil Engineering students of Sir C R Reddy College of Engineering are organizing a charity event at Vibinna Prathiba Bakilal Vasathi Gruham, Eluru, on 17-02-2023. This event aims to bring joy and support to the residents of the Vasathi Gruham. Our students are committed to making a positive impact in the community, and your participation will contribute greatly to the success of this noble cause. We invite all students and staff to join us in this endeavour. Together, let's spread happiness and make a difference in the lives of those in need. Thank you for your kind support and participation. Warm regards,

Venue:

Vibinna Prathiba Bakilal Vasathi Gruham, Eluru.

Time:10:30AM to03:00PM

Title: Heart-warming Charity Event at Vibinna Prathiba Bakilal Vasathi Gruham by IV B.Tech Civil Engineering Students

Introduction:

On the 17th of February 2023, the IV B.Tech students of Civil Engineering Branch of Sir CR Reddy College of Engineering College organized a heartwarming charity event at the Vibinna Prathiba Bakilal Vasathi Gruham. This event aimed to extend a helping hand to the residents of the shelter home by donating essential items and arranging a fulfilling meal for them. The event not only provided material support but also spread joy and compassion among the residents.

Donations:

The highlight of the event was the generous donations made by the IV B.Tech students. They contributed a variety of essential items, including books and dresses, to the residents of the shelter home. These donations aimed to enhance the residents' quality of life and provide them with access to education and clothing.

Additionally, the students carefully selected the donated items to ensure they met the specific needs of the shelter home's residents. The books offered opportunities for learning and personal development, while the dresses provided much-needed clothing, contributing to their dignity and self-esteem.

Food Arrangements:

- In addition to the donations, the IV B.Tech students took it upon themselves to arrange a wholesome meal for the residents of the shelter home. Collaborating with local vendors and volunteers, they prepared a delicious spread that catered to the dietary preferences and requirements of the residents.

The meal not only filled their stomachs but also brought smiles to their faces, fostering a sense of community and camaraderie among all those present. It was a heartening sight to see individuals coming together to share a meal and forge connections that transcended socio-economic barriers.

Impact:

The charity event organized by the IV B.Tech students left a profound impact on both the residents of the shelter home and the students themselves. For the residents, the donations and the shared meal provided much-needed support and comfort, reminding them that they are not alone in their journey.

For the students, the event was a valuable lesson in empathy, compassion, and the importance of giving back to the community. It served as a platform for them to engage with societal issues, broaden their perspectives, and cultivate a sense of social responsibility.

Conclusion:

In conclusion, the charity event organized by the IV B.Tech students at Vibinna Prathiba Bakilal Vasathi Gruham on the 17th of February 2023 was a resounding success. Through their donations and food arrangements, the students not only made a tangible difference in the lives of the shelter home's residents but also exemplified the true spirit of altruism and kindness. Such initiatives serve as shining examples of how small acts of generosity can have a ripple effect, spreading warmth and hope to those in need.

VISION OF ELECTRONICS & COMMUNICATION ENGINEERING DEPARTMENT

To be a premier department that nurtures individuals for acquisition of knowledge with research orientation which meets the local and global needs of industry and society in the field of Electronics and Communication Engineering.

MISSION OF ELECTRONICS & COMMUNICATION ENGINEERING DEPARTMENT

M1 To impart quality education and encourage research with an emphasis on application and innovation.

M2 To cater to the emerging societal needs through all-round development of students.

M3 To enable individuals face the global competition.

M4 To inculcate the importance of ethical and moral values in students.

IETE Students Forum (ISF) of ECE department is going to conduct an event

"GO GREEN 2K23"

26/03/2023 to 01/04/2023

We, the errians are going to organize an event called as "GO GREEN 2k23". The main motive of this event is to plant a plant as - "Trees are poems that earth writes upon the sky, we fell them down and turn them into paper, that we may record our emptiness". Trees do so much for us; it is time we returned the favor. Plant a tree today.

We request everyone to plant a small plant and share your photos through the mail that we provide. We would post it in our Instagram page which gives us immense satisfaction.

Mail us at: crr.iete@gmail.com

For any queries, please contact ISF coordinators.

ABOUT THE EVENT:-

- The event is organized by the IETE Student forum of ECE from 26/03/2003 to 1/04/2023.
- The main motto of this event is the one who plants a tree, plants a hope .”so do it ,plant a sapling”.
- Many of the students participating actively in this event.

- We bought a plant from the Chittoor plants and pots in Eluru.
- We planting a plants like mango, sapota, etc.

• INTRODUCTION: -

- Going green means implementing certain life styles changes designed to help you live in a more ecofriendly way.
- A green lens reduce costs, fights climatic change aand open doors to raid of opportunities.
- It is the key factor of developing our country and renewable source.
- Before taking to steps go green, first we should find reasons to go green.
- When you go green, you are effectively reducing your carbon footprint. By reducing pollution, you are also reducing the amount of energy that is being consumed, thereby making way for a greener and cleaner environment.

OBJECTIVES

- Identify the levels of knowledge and understanding the children have in relation to:
 1. climate change
 2. human contribution to climate change.
 3. what does going green mean?
- Promote the awareness on how our behavior has an impact on our climate.
- Stimulate the children to come up with simple ideas and creative solutions to help tackle climate change.

WAYS SHOULD WE GO GREEN

- **UNPLUG.**

Take a few minutes to unplug electronic devices that you aren't going to use.

- **PLANT A TREE.**

Get immediate visual simulation, and some serious self-satisfaction.

- **RECYCLE MORE.**

Bottles, cans ,iPod ,cellphones, ink cartridges, and car batteries.

- **SWITCH TO GREEN POWER.**

Rest easy knowing you just sent that email from wind-or-methane-powdered computer.

- **BUY ORGANIC LOCALLY GROWN FOODS.**

Conserve fuel, reduce pollution, and support local economy.

THE SUSTAINABLE DEVELOPMENT ON GO GREEN: -

- "Green growth refers to sustainable growth that mitigates greenhouse gas emission, and prevents environmental degradation it is also a new

national development paradigm that creates new growth engines and jobs through green technology and clean energy.

- An emerging concept that recognizes that environmental protection is driver of global and national economic development if refocuses society on achieving qualitative growth rather than simply increasing GDP.
- Go green aims to foster economic growth and development, while insuring that natural assets are used sustainably, and continue to provide the resource and environmental services on which our well-being relies.

Going green entails acquiring knowledge and practices that can lead more environment friendly and ecologically responsibly decisions and behaviors-that may help protect the environment while also conserving its natural resources for future generations.

NOTICE

We are pleased to inform you that the III & IV/IV Civil Engineering students of Sir C R Reddy College of Engineering are organizing a charity event at Parivarthan, School for Specially Challenged, Eluru, on the occasion of Engineers Day (15-09-2023). This event aims to bring joy and support to the students of Parivarthan, and our students have shown immense dedication in making this event a success. We invite all students and staff to join us in this endeavour. Together, let's spread happiness and make a difference in the lives of those in need. Thank you for your kind support and participation. Warm regards,

Venue:

Parivarthan, School Dondapudi-Eluru.

Time: 10:30 AM to 03:00 PM

Title: Embracing Diversity and Inclusivity: Charity Event at Parivarthan School for Specially Challenged Children

Introduction:

The IV/IV B.Tech students of the Civil Engineering Branch at Sir C R Reddy College of Engineering organized a heartwarming charity event at Parivarthan School for Specially Challenged Children in Eluru. This event aimed to celebrate diversity and inclusivity by extending support and care to the specially challenged children at the school. The students generously donated 10 plastic chairs and 200 kgs of rice, in addition to offering lunch and snacks for the children, creating a memorable experience filled with love and compassion.

Donations:

The highlight of the charity event was the thoughtful donations made by the IV/IV B.Tech students. Recognizing the importance of providing comfortable seating arrangements for the children and ensuring access to nutritious meals, the students donated 10 plastic chairs and 200 kgs of rice to Parivarthan School.

The donation of plastic chairs aimed to enhance the learning environment and provide the children with a comfortable space to participate in various activities. Additionally, the contribution of rice aimed to support the school in providing meals for the children, promoting their health and well-being.

Offering Lunch and Snacks:

In addition to the donations, the IV/IV B.Tech students also took the initiative to offer lunch and snacks for the children at Parivarthan School. Collaborating with local vendors and volunteers, the students arranged a delicious and nutritious meal, ensuring that the children enjoyed a fulfilling dining experience.

The lunch and snacks not only provided nourishment but also created an opportunity for the children to socialize and bond with each other and the organizing students. It fostered a sense of community and belonging, reinforcing the idea that everyone deserves to be treated with kindness and respect.

Impact:

The charity event organized by the IV/IV B.Tech students left a profound impact on both the children at Parivarthan School and the organizing students themselves. For the children, the donations and the shared meal provided a sense of joy and happiness, reaffirming their worth and potential. It also showcased the importance of inclusion and acceptance in society.

For the organizing students, the event was a transformative experience that deepened their understanding of empathy and compassion. It challenged their perspectives and inspired them

to become advocates for the rights and dignity of specially challenged individuals, motivating them to continue serving their community with dedication and empathy.

Conclusion:

In conclusion, the charity event organized by the IV/IV B.Tech students of the Civil Engineering Branch at Sir C R Reddy College of Engineering at Parivarthan School for Specially Challenged Children was a testament to the power of kindness and solidarity. Through their donations and the offering of lunch and snacks, the students demonstrated their commitment to creating a more inclusive and compassionate society. Such initiatives serve as shining examples of how small acts of generosity can make a significant difference in the lives of others, spreading joy and hope to those in need.
