NOW THEREFORE, the Parties agree as follows:

## 1. Objectives

The objectives of this MOU are:

- To conduct joint FDPs, workshops, seminars, both national and International Conferences on topics of mutual interest and relevance.
- To share the resources, expertise and best practices of both the institutions.
- To facilitate the participation of faculty members and students of both the institutions in the FDPs, workshops and seminars, both National and International Conferences conducted by either institution.
- To explore the possibilities of joint research projects, consultancy services and publications.

## 2. Scope

The scope of this MOU covers the following areas:

- **FDPs:** The Parties will jointly organize FDPs on emerging topics and technologies in engineering disciplines. The FDPs will be designed to enhance the knowledge, skills and competencies of the faculty members of both the institutions. The FDPs will be conducted either online or offline or in a blended mode as per the convenience and availability of the resource persons and participants. The duration, frequency, venue, fees, certificates and other details of the FDPs will be decided mutually by the Parties.
- **Workshops:** The Parties will jointly organize workshops on practical aspects and applications of engineering concepts and tools. The workshops will be aimed at providing hands-on experience and exposure to the faculty members and students of both the institutions. The workshops will be conducted either online or offline or in a blended mode as per the convenience and availability of the resource persons and participants. The duration, frequency, venue, fees, certificates and other details of the workshops will be decided mutually by the Parties.
- **Seminars:** The parties will jointly organize seminars on current issues and trends in engineering domains. The seminars will be intended to provide a platform for sharing ideas, insights and experiences among the faculty members and students of both the institutions. The seminars will be conducted either online or offline or in a blended mode as per the convenience and availability of the resource persons and participants. The duration, frequency, venue, fees, certificates and other details of the seminars will be decided mutually by the Parties.

Subject: Request for the permission to conduct Machine Learning with Python Workshop for 2/4 students-Reg.

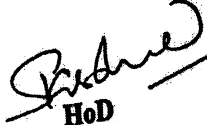

Sir,

Machine Learning, a prominent topic in Artificial Intelligence domain, has been in the spotlight for quite some time now. This area may offer an attractive opportunity, and starting a career in it is not as difficult as it may seem at first glance. Machine learning focuses on the development of Computer Programs that can change when exposed to new data. Python is a perfect choice for beginner in order to jump into the field of machine learning and data science. Python community has developed many modules to help programmers implement machine learning. To make students industry ready, Dept. of IT planning to conduct workshop on "Machine Learning with Python". The approximate budget for the conduction of workshop is Rs.30,900 (Rs.300/- per head for 103 students). 50% of the budget amount is planned to collect from students and remaining 50% (Rs.15,450) from the management. Kveninar software solutions Pvt. Ltd-Vijayawada conducted a good number of workshop across India and in our campus are going to handle the workshop. So, kindly give permission to conduct workshop.

Thanking you sir,

Note: Tentative dates for the conduction of the workshop: 27<sup>th</sup>, 28<sup>th</sup> and 29<sup>th</sup> of February 2020.
