Sir C R Reddy College of Engineering , Vatluru, Eluru ,Eluru District , Andhra Pradesh, represented by its Principal, Dr. G Samba Siva Rao, here in after referred to as Sir CRRCOE.

Both PITT and Sir CRRCOE are collectively referred to as the Parties and individually as a Party.

WHEREAS, PITT is an institution offering various undergraduate and postgraduate programs in engineering disciplines with state-of-the-art infrastructure and facilities;

WHEREAS, Sir CRRCOE is an institution offering various undergraduate and postgraduate programs in engineering disciplines with state-of-the-art infrastructure and facilities;

WHEREAS, both the Parties are committed to enhancing the quality of engineering education and research through collaboration and cooperation;

1. Objectives

The objectives of this MOU are:

- To conduct joint FDPs, workshops, seminars, both national and International Conferences on topics of mutual interest and relevance.
- To share the resources, expertise and best practices of both the institutions.
- To facilitate the participation of faculty members and students of both the institutions in the FDPs, workshops and seminars, both National and International Conferences conducted by either institution.
- To explore the possibilities of joint research projects, consultancy services and publications.

2. Scope

The scope of this MOU covers the following areas:

- **FDPs:** The Parties will jointly organize FDPs on emerging topics and technologies in engineering disciplines. The FDPs will be designed to enhance the knowledge, skills and competencies of the faculty members of both the institutions. The FDPs will be conducted either online or offline or in a blended mode as per the convenience and availability of the resource persons and participants. The duration, frequency, venue, fees, certificates and other details of the FDPs will be decided mutually by the Parties.
- **Workshops:** The Parties will jointly organize workshops on practical aspects and applications of engineering concepts and tools. The workshops will be aimed at providing hands-on experience and exposure to the faculty members and students of both the institutions. The workshops will be conducted either online or offline or in a blended mode as per the convenience and availability of the resource persons and participants. The duration, frequency, venue, fees, certificates and other details of the workshops will be decided mutually by the Parties.
- **Seminars:** The parties will jointly organize seminars on current issues and trends in engineering domains. The seminars will be intended to provide a platform for sharing ideas, insights and experiences among the faculty members and students of both the institutions. The seminars will be conducted either online or offline or in a blended mode as per the convenience and availability of the resource persons and participants. The duration, frequency, venue, fees, certificates and other details of the seminars will be decided mutually by the Parties.
- **Research and Incubation Cell:** The parties will explore the possibilities of undertaking joint research projects, consultancy services and publications in the areas of mutual interest and relevance. The parties will identify the research topics, objectives, methodology, funding, timeline, deliverables and other aspects of the research projects. The parties will also seek to publish the research outcomes in reputed journals and conferences. The parties will share the intellectual property rights, benefits and responsibilities arising from the research activities as per the agreed terms and conditions.
- **Exchange:** The parties will facilitate the exchange of faculty members and students for participating in the FDPs, workshops and seminars conducted by either party. The parties will also encourage the exchange of faculty members and students for pursuing research projects, consultancy services and publications. The parties will provide the

necessary support and assistance to the visiting faculty members and students in terms of accommodation, transportation, access to facilities and resources, etc. The parties will also recognize the credits earned by the visiting faculty members and students as per the norms and regulations of their respective institutions.

- **National and International Conferences:** The parties will jointly organize National and International Conferences on current issues and trends in engineering domains. The background and context of the conference, such as the theme, objectives, expected outcomes, target audience. The roles and responsibilities of each party involved in the conference, such as the organizers, sponsors, speakers, participants. The terms and conditions of the collaboration, such as the duration, budget, resources, communication, reporting, evaluation. The signatures and dates of the authorized representatives of each party.

3. Coordination:

The parties will appoint a coordinator from each institution to oversee the implementation of this MOU. The coordinators will be responsible for:

- Communicating with each other on a regular basis to plan, execute and monitor the activities under this MOU.
- Liaising with the respective authorities, departments, faculty members and students of their institutions to facilitate the smooth functioning of the activities under this MOU.
- Resolving any issues or disputes that may arise during the course of this MOU.
- Preparing and submitting periodic reports on the progress and outcomes of the activities under this MOU.

The names and contact details of the coordinators are as follows:

| | |
|--|--|
| <u>PITT:</u> Name of the Coordinator: Mr.A. SRIKANTH BABU Designation: Assoc.Professor in HOD – MBA Dept Emailid: srikanthannadasu@gmail.com Contact No: 8121303034 | <u>Sir CRRCOE</u> Name of the Coordinator: Dr M. KRISHNA Designation: Professor, CSE Dept , Sir CRRCOE Email id: marlapallikrishna@gmail.com Contact No. : 9394501367 |
|--|--|

4. Duration

This MOU will come into effect from the date of signing by both the parties and will remain valid for a period of One year from July 2018 to June 2019. The parties may extend or renew this MOU by mutual consent in writing before the expiry of this MOU.

5. Termination

Either party may terminate this MOU by giving an advance written notice of three months to the other party. The termination of this MOU will not affect the ongoing activities under this MOU, unless otherwise agreed by both the parties.

6. Amendment

This MOU may be amended by mutual consent of both the parties in writing. Any amendment to this MOU will be signed by both the parties and will form part of this MOU.

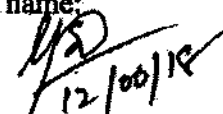

7. Arbitration

In case of any dispute or difference arising out of or in connection with this MOU, the parties will try to resolve it amicably through consultation and negotiation. If the dispute or difference remains unresolved after 30 days of consultation and negotiation, then it will be referred to arbitration by a sole arbitrator appointed by mutual consent of both the parties. The arbitration will be conducted in accordance with the Arbitration and Conciliation Act, 1996 or any statutory modification or re-enactment thereof. The venue of arbitration will be Narasaraopet, Andhra Pradesh. The language of arbitration will be English. The award of the arbitrator will be final and binding on both the parties.

8. Miscellaneous

- This MOU is not intended to create any legal or contractual obligations or liabilities on either party.
- This MOU is not intended to confer any rights or benefits on any third party.
- This MOU is subject to the laws of India and the jurisdiction of the courts at Tenali, Andhra Pradesh.
- This MOU is executed in two originals, one for each party.

IN WITNESS WHEREOF, both the Parties have signed this MOU on the date and place mentioned below:

MOU

This Memorandum of Understanding (MOU) is made on this 11th JUNE, 2018 between:

Sri Venkateswara College of Engineering and Technology, Etcherla, Srikakulam Andhra Pradesh, 532410 represented by its Principal Dr. M Govinda Raju, Head of the Institution, here in after referred to as SVCET;

AND

Sir C R Reddy College of Engineering, Vaturu, Eluru, Andhra Pradesh, India, represented by its Principal, Dr.G.Samba Siva Rao, Head of the Institution here in after referred to as Sir CRRCOE.

Both SVCET and Sir CRRCOE are collectively referred to as the Parties and individually as a Party.

Whereas, SVCET is an institution offering various undergraduate and postgraduate programs in engineering disciplines with state-of-the-art infrastructure and facilities;

Whereas, Sir CRRCOE is an institution offering various undergraduate programs in engineering disciplines with state-of-the-art infrastructure and facilities;

Whereas, both the Parties are committed to enhancing the quality of engineering education and research through collaboration and cooperation;

Now Therefore, the Parties agree as follows:

1. Objectives

The objectives of this MOU are:

- To conduct joint FDPs, workshops, seminars, both national and International Conferences on topics of mutual interest and relevance.
- To share the resources, expertise and best practices of both the institutions.

- To facilitate the participation of faculty members and students of both the institutions in the FDPs, workshops and seminars, both National and International Conferences conducted by either institution.
- To explore the possibilities of joint research projects, consultancy services and publications.

2. Scope

The scope of this MOU covers the following areas:

- **FDPs:** The Parties will jointly organize FDPs on emerging topics and technologies in engineering disciplines. The FDPs will be designed to enhance the knowledge, skills and competencies of the faculty members of both the institutions. The FDPs will be conducted either online or offline or in a blended mode as per the convenience and availability of the resource persons and participants. The duration, frequency, venue, fees, certificates and other details of the FDPs will be decided mutually by the Parties.
- **Workshops:** The Parties will jointly organize workshops on practical aspects and applications of engineering concepts and tools. The workshops will be aimed at providing hands-on experience and exposure to the faculty members and students of both the institutions. The workshops will be conducted either online or offline or in a blended mode as per the convenience and availability of the resource persons and participants. The duration, frequency, venue, fees, certificates and other details of the workshops will be decided mutually by the Parties.
- **Seminars:** The parties will jointly organize seminars on current issues and trends in engineering domains. The seminars will be intended to provide a platform for sharing ideas, insights and experiences among the faculty members and students of both the institutions. The seminars will be conducted either online or offline or in a blended mode as per the convenience and availability of the resource persons and participants. The duration, frequency, venue, fees, certificates and other details of the seminars will be decided mutually by the Parties.
- **Research and Incubation Cell:** The parties will explore the possibilities of undertaking joint research projects, consultancy services and publications in the areas of mutual interest and relevance. The parties will identify the research topics, objectives, methodology, funding, timeline, deliverables and other aspects of the research projects. The parties will also seek to publish the research outcomes in reputed journals and conferences. The parties will share the intellectual property rights, benefits and responsibilities arising from the research activities as per the agreed terms and conditions.
- **Exchange:** The parties will facilitate the exchange of faculty members and students for participating in the FDPs, workshops and seminars conducted by either party. The parties will also encourage the exchange of faculty members and students for pursuing research projects, consultancy services and publications. The parties will provide the necessary support and assistance to the visiting faculty members and

students in terms of accommodation, transportation, access to facilities and resources, etc. The parties will also recognize the credits earned by the visiting faculty members and students as per the norms and regulations of their respective institutions.

- **National and International Conferences:** The parties will jointly organize National and International Conferences on current issues and trends in engineering domains. The background and context of the conference, such as the theme, objectives, expected outcomes, target audience. The roles and responsibilities of each party involved in the conference, such as the organizers, sponsors, speakers, participants. The terms and conditions of the collaboration, such as the duration, budget, resources, communication, reporting, evaluation. The signatures and dates of the authorized representatives of each party.

3. Coordination:

The parties will appoint a coordinator from each institution to oversee the implementation of this MOU. The coordinators will be responsible for:

- Communicating with each other on a regular basis to plan, execute and monitor the activities under this MOU.
- Liaising with the respective authorities, departments, faculty members and students of their institutions to facilitate the smooth functioning of the activities under this MOU.
- Resolving any issues or disputes that may arise during the course of this MOU.
- Preparing and submitting periodic reports on the progress and outcomes of the activities under this MOU.

The names and contact details of the coordinators are as follows:

4. Duration

This MOU will come into effect from the date of signing by both the parties and will remain valid for a period of ONE year from July 2018 to July 2019. The parties may extend or renew this MOU by mutual consent in writing before the expiry of this MOU.

5. Termination

Either party may terminate this MOU by giving an advance written notice of three months to the other party. The termination of this MOU will not affect the ongoing activities under this MOU, unless otherwise agreed by both the parties.

6. Amendment

This MOU may be amended by mutual consent of both the parties in writing. Any amendment to this MOU will be signed by both the parties and will form part of this MOU.

7. Arbitration

In case of any dispute or difference arising out of or in connection with this MOU, the parties will try to resolve it amicably through consultation and negotiation. If the dispute or difference remains unresolved after 30 days of consultation and negotiation, then it will be referred to arbitration by a sole arbitrator appointed by mutual consent of both the parties. The arbitration will be conducted in accordance with the Arbitration and Conciliation Act, 1996 or any statutory modification or re-enactment thereof. The venue of arbitration will be Vijayawada, Andhra Pradesh. The language of arbitration will be English. The award of the arbitrator will be final and binding on both the parties.

8. Miscellaneous

- This MOU is not intended to create any legal or contractual obligations or liabilities on either party.
- This MOU is not intended to confer any rights or benefits on any third party.
- This MOU is subject to the laws of India and the jurisdiction of the courts at Vijayawada, Andhra Pradesh.
- This MOU is executed in two originals, one for each party.

IN WITNESS WHEREOF, both the Parties have signed this MOU on the date and place mentioned below:

MEMORANDUM OF AGREEMENT

This Memorandum of Agreement (MoA) is entered into on 7th day of August, 2018:

Andhra Pradesh State Skill Development Corporation, a Section 8 Company registered under the Companies Act, 2013 having its Corporate Office at G&J Infra Building, 3rd Floor, D No.78/2, Near NH-5, Near Pathuru Road, Tadepalli, Guntur District, Andhra Pradesh represented by Executive Director-I (hereinafter referred to as "APSSDC" or First Party, which expression shall unless repugnant to this context or meaning thereof, includes its successor in office, legal representatives and permitted assigns) of the First Part.

And

Sir C. R. Reddy Educational Institutions, an Educational Society, having its office at M R C Bhavan, Opposite to S.P. Bungalow, G.N.T. Road, Eluru - 534 007., West Godavari District, Andhra Pradesh represented by Dr. Gutta Sambasiva Rao Principal, Sir C. R. Reddy College of Engineering (hereinafter referred to as Second Party, which expression shall unless repugnant to this context or meaning thereof, includes its successor in office, legal representatives and permitted assigns) of the Second Part.

WHEREAS

- (a) APSSDC is a unique organization formed as a public private partnership (PPP) corporation to promote skill-development & entrepreneurship in the state of Andhra Pradesh. APSSDC is the Executive Agency for the Department of Skill Development, Entrepreneurship and Innovation, Govt. of Andhra Pradesh (GoAP) serving the important task of providing high quality skilled manpower as part of the knowledge and Skills Mission of GoAP. The main objective of the Corporation is to implement a structured and pragmatic solution to skill & upskill the workforce in the State of Andhra Pradesh and to increase employability and promote entrepreneurship in sync with Industrial growth of the State.
- (b) APSSDC has signed a Memorandum of Understanding (MoU) with Dassault Systems India Private Limited to set up a 3D-experience center (3D-EC) for skill development in the State of Andhra Pradesh in the domains of Aerospace, Automotive and Ship-building and also provide skill development/ training for estimated 1 Lakh students in various certification courses in the next three (3) years starting from academic year 2018-19.
- (c) In its endeavours to enhance the Employability Skills of Diploma/Under Graduate and Post Graduate course perusing students, the first party (APSSDC) has selected some of the leading Engineering Colleges for providing the infrastructural facilities additionally required for running the Skill Development programs. In this direction, through this MoA, the First party (APSSDC) intends to associate with Sir C. R. Reddy College of Engineering to train different segments of students and Job seeking youth in systematic enhancement of Employability Skills towards gainful employment for students / Job seekers;
- (d) The Second Party having been into Educational services through its College by name Sir C. R. Reddy College of Engineering submitted a proposal to the first party, upon understanding the requirements and functions of proposed 3D-experience Centres (3D-EC). As the second party has intention and requirements as per criterion and agreed to provide services to the first party on the terms and conditions as set forth in this MoA.
- (e) In pursuance thereof, the parties have agreed to enter into this Agreement.

A. PURPOSE:

The purpose of this MoA is to sort out the roles and responsibilities of both parties in establishing and managing 3D-Experience Center (3D-EC) for Diploma/ UG/ PG studying candidates in various Polytechnics/Engineering Colleges/University Campuses to enhance employability of students.

ROLES AND RESPONSIBILITIES:

B. FIRST PARTY

The APSSDC shall

- select reputed engineering colleges/Universities through a stipulated procedure;
- provide a platform for registration of trainees online and mapping of institutions and students;
- identify and provide course curriculum to suit latest and future technologies;
- prepare over all calendar of programs and communicate to Second Party;
- Organize Training Programs for all Diploma/ Under Graduate and Post Graduate students. The programs would be of nature, common core (for all students) and modular (elective in nature);
- depute required manpower to manage and co-ordinate Trainings in 3D-EC;
- Install requisite IT infrastructure as listed in Schedule -1 in the 3D-experience Centers (3D-EC) in the earmarked rooms by the second party;
- prepare operational guidelines for 3D-EC to be followed by both the parties;
- will take care of insurance and regular maintenance pertaining to Hardware provided;
- promote Research & Development and Innovation for existing Industries;
- have right on any undefined business and activity that falls under purview of this MoA;
- exercise its right to cancel the permission now granted to the institutions in the event of not fulfilling their obligations.

C. SECOND PARTY

The Academic Institution shall

- provide the building space in terms of Two (2) Computer Labs and One (1) E-Class room with a minimum seating capacity of 60 each room space at the College premises to the First Party for establishing the 3D-experience center allocated to the Second Party. The

second party shall ensure adequate furniture, electrical fixtures and Power backup in the class rooms and labs;

- be responsible for ensuring proper physical security of the IT & other electronic items as per schedule-1. Towards security, the second party shall do necessary arrangements and ensure the security for the items;
- ensure internet connectivity of at least 150Mbps bandwidth;
- mobilize faculty and students of the college/institution for trainings and Certification;
- facilitate trainings for different segments namely students within campus, students from other colleges and job seeking youth and the college shall allow its students to attend programs, take assessments and interviews as per schedule communicated by first party;
- provide separate Toilets to the boys and girls, who undergone training at the 3D-experience Center;
- put necessary efforts and ensure maximum participation of students belonging to Scheduled Caste (SC) and Scheduled Tribe (ST) Categories in the college;
- appoint a Centre Coordinator as Single point of contact person (SPOC) for all admin and programme related activities with the Second Party at the 3D-experience Centre for smooth running of the 3D-EC;
- actively participate in the 3D-EC Programs, communicate feedback from the college and students, suggesting for betterment of 3D-EC programs towards maximizing reach;
- arrange for common facilities of housekeeping, security, electrical supply, Drinking and usage water to the Toilets for the students;
- mark the daily attendance in the suggested mode (manual or bio metric or iris scan or so) by the SPOC of Second Party in coordination with 3D-EC Coordinator;

- facilitate in collecting the registration fee as communicated by the First Party, from the candidates provided by the Second Party;
- ensure that the software supplied by the first party should not be used other than for the training programs as mentioned in this MoA;
- follow Operational Guidelines as issued by first party from time to time in maintaining activities in 3D-EC.

Compliances:

- **KPIs – Key Performance Indicators (KPIs)** will be developed in mutual consultation with colleges and APSSDC.
- **Monitoring:** The activities of 3D-EC shall be regularly monitored through an IT monitoring system at APSSDC on a real time basis and also through the monitoring committee of APSSDC.
- **Management Information System:** To submit all reports and documents relating to progress of the students on rolls, Accounts, Audit and Annual Work Plan, as specified at such frequency as may be required by APSSDC.
- **Details of Data of Number of students passed out, placed (Trained for Employability), and unplaced on year-on-year basis.**
- **Institutions will face punitive action if found to be:**
 - ❖ **Charging capitation fee or indulging in any other malpractice**
 - ❖ **Provided false data in their reports**
 - ❖ **Unable to achieve targets set by APSSDC/themselves in Proposals consistently**
 - ❖ **Any non-compliance with the terms and conditions of this Agreement**

D Responsibilities of both the Parties

Both the Parties agree that:

D.1. The Parties shall diligently perform their respective obligation under the Agreement as per the procedure set forth above.

D.2. To get the evaluation of the programs done by third party for assessing the impact with respect to quality and quantitative placements.

D.3. Neither Party shall share any Confidential Information with any other party. The sharing of such database by each other will be on trust that it will not be used by either Party for providing any kind of information to any third party.

D.4. The Parties agree to use the Confidential Information only for the purposes of this Arrangement and only as permitted herein under this MoA.

D.5. The 3D-EC shall exclusively be used for in program to be assigned by the First Party to Second Party.

E: Ownership of Assets:

The Second Party irrevocably and unconditionally agrees that the assets provided by the First Party shall not be used for other purposes. The ownership of the IT Infrastructure/assets shall lie with APSSDC whereas the second party, would be the custodian of the installed assets.

F. Arbitration:

The Parties shall endeavour to resolve all or any dispute or difference arising out of or in connection with this Agreement, amicably within 30 days of notice in writing being issued by the non-defaulting party to the defaulting party indicating such dispute or difference. In case no amicable solution is arrived between the Parties within the said 30 days, then such dispute/s shall be settled through arbitration as per the provisions of the Arbitration and Conciliation Act, 1996 as amended from time to time. The arbitration shall be done by Sole Arbitrator appointed by APSSDC. The written award of the Arbitrator shall be final and binding on all the Parties. The seat and venue for the arbitration proceedings shall be at Vijayawada, Andhra Pradesh.

G. Termination of MoA:

The first (APSSDC) party shall have the right to terminate this MoA without assigning any reasons by giving prior written notice of 60(Sixty) days through its authorized signatory. Without prejudice to the above, either Party may terminate this MoA by giving 30 (Thirty) days' written notice through its authorized signatory in the event of any material breach of any of the material terms of this MoA by the other Party. The non-defaulting party shall first serve a written notice of its intention to terminate this MoA to the defaulting party highlighting the material breach and giving the defaulting party a period of 30 days or such extended period as may be mutually agreed to within which to remedy the material breach. Should such event of a material breach remain unresolved/unrectified within the said notice period of 30 days or such extended period as may be mutually agreed to, the non-defaulting shall be able to terminate the MoA forthwith.

H. Representations and Warranties by the Parties

In addition to the above, the Parties hereto represent and warrants to other Parties as under:

- a) That it is duly organized and validly existing under the laws of the jurisdiction in which it was incorporated and has the necessary corporate power and authority under applicable Laws to carry on its business and or perform its functions.
- b) That this MoA
 - I. is within its powers and has been duly authorized by it; and
 - II. does not conflict in any material respect with any law or regulation or its constitutional documents or any document binding on it and that it has obtained all necessary consents for the performance by it under this MoA.
- c) That all information set forth in this MoA is true and correct and is not misleading in letter and spirit.

I. PERIOD OF VALIDITY:

This MoA shall become effective from the date hereof and shall be in force for a period of three years, unless terminated by mutual consent of the parties.

J. LIMITATION OF LIABILITY

Except as agreed and provided under this Agreement, neither of the Parties shall be liable to bear or pay any damages arising out of loss of income, loss of profit, special, incidental, indirect, punitive, exemplary or consequential, to any party including third parties, and all such damages are expressly disclaimed.

K. NOTICES:

Unless otherwise provided herein, all notices or other communications under or in connection with this MoA shall be in English, will be issued in writing and shall be signed by the authorized representative of the issuing / serving Party and may be sent by personal delivery or post or courier or facsimile to the address given above. Any such notice or other communication will be deemed to be effective if sent by personal delivery, when delivered, if sent by post, three days after being deposited in the post and if sent by courier, two days after being deposited with the courier.

L. COMMUNICATIONS AND PUBLICITY:

The Second Party shall ensure that the name and logo of the first party should appear in all publication material. The Second Party shall ensure that the sign board depicting the name of the First Party be affixed outside the college. The Parties shall consult and agree on all and any intended communications, publications, presentations and documentations relating to this Arrangement/ MoA (jointly the "Communication(s)") in advance prior to the intended release. If a MoA cannot be reached, a Party shall have the right to disclaim endorsement and/or

dissociate itself from that Communication(s). No party shall use logo/trade mark etc. of each of the parties without obtaining its prior written concurrence to that effect.

M. IT IS MUTUALLY UNDERSTOOD AND AGREED BY AND BETWEEN THE PARTIES THAT:

AMENDMENT: Amendment within the scope of the instrument shall be made by mutual consent of the parties, by the issuance of a written modification, signed, and dated by all parties, prior to any changes being performed but all rights reserved by First Party can change any point of time needed.

INFORMATION OWNERSHIP: All information provided by First Party shall only be utilized for conducting training and placement assistance and First Party holds no ownership over the content prepared by Second party. First Party will in no way share or distribute any information received with other public or private agencies, organizations, and individuals.

PARTICIPATION IN SIMILAR ACTIVITIES: This instrument in no way restricts First Party from participating in similar activities with other public or private agencies, organizations, and individuals.

NON-FUND OBLIGATING DOCUMENT: This instrument is neither a fiscal nor a funds obligation document.

ESTABLISHMENT OF RESPONSIBILITY: This MoA is not intended to, and not create any right benefit or trust responsibility, substantive or procedural, enforceable at law, by a party against First Party or Second Party.

Yes

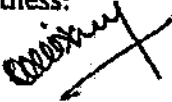

The parties hereto have executed this agreement as of the last written date below.

ICCVML-2018

SIR C.R. REDDY COLLEGE OF ENGINEERING

DEPARTMENT OF INFORMATION TECHNOLOGY

Notice

Date: 8-10-2018

It is to inform all the III/IV I.T Students that "A 3 DAY WORKSHOP ON GOOGLE ANDROID DEVELOPER" in association with APSSDC is going to organize from 9th, 10th & 11th OCTOBER 2018. Hence all the students are advised to make utilize this opportunity.

H.O.D

HEAD OF THE DEPARTMENT
Information Technology
Sir C.R.R. College of Engg.
ELURU-534 007.

SIR C R REDDY COLLEGE OF ENGINEERING, ELURU

DEPARTMENT OF INFORMATION TECHNOLOGY

Cordially invites you to attend the

3-DAY WORKSHOP ON

" GOOGLE ANDROID DEVELOPER "

On 9TH, 10TH & 11TH OCT, 2018.

Sri. KOMMAREDDY RAMBABU,

President Sir C.R.Reddy Educational Institutions &

Correspondent, Sir C.R.Reddy College of Engineering.

has kindly consented to be the Chief Guest

Dr.G.SAMBASIVA RAO,

Principal, Sir C.R.Reddy College of Engineering.

Dr.S.KRISHNA RAO,

Professor & HoD, Dept. of IT, Sir C.R.Reddy College of Engineering,

Will preside over the function

RESOURCE PERSONS

APSSDC Team

Venue: IT COMPUTER LAB-1

**SIR C.R.REDDY COLLEGE OF ENGINEERING, ELURU.
DEPARTMENT OF INFORMATION TECHNOLOGY**

Date: ~~08-10~~-2018

To
Principal

Sub: Requesting for the permission to conduct Google Android Developer Workshop for 3/4 students-Reg.

Sir,

An ever-growing number of enterprises are adopting Android to build custom mobile apps to considerably boost their revenues and attain tremendous business growth. Android is free and an open platform built on Linux. It is an open source solution for mobile devices offering a complete software stack including operating system, middleware, and key mobile applications. By knowing the tremendous usage of Mobile applications and make students Industry ready and improve Employment skills among students, Dept. of IT planned to conduct 3 Day Hands-on Google Android Developer workshop. A team of Android Developers from APSSDC are going to handle the workshop. They are agreed to charge Rs.250/- for each Student after negotiation for 100 No. of students. So, the total budget for the conduction of workshop is Rs.25, 000/- (Twenty Five Thousand Rupees) which doesn't include Accommodation and food arrangements on it. kindly give permission to conduct the workshop on 4th, 5th and 6th of October 2018.

Thanking you sir,

Note: Tentative dates for the conduction of the workshop: 4th, 5th and 6th of October 2018.

SIR C.R. REDDY COLLEGE OF ENGINEERING
DEPARTMENT OF INFORMATION TECHNOLOGY

Notice

Date: 17-09-2018

It is to inform all the IV/IV I.T Students that "A 2-DAY WORKSHOP ON IOT AND ITS APPLICATIONS" in association with Brain O Vision Solutions India Pvt Ltd, Hyderabad is going to organize on 19th & 20th SEPT 2018. Hence all the interested students are advised to participate in this program and get benefited.

H.O.D

HEAD OF THE DEPARTMENT
Information Technology
Sir C.R.R. College of Engg.
ELURU-534 007.

SIR C R REDDY COLLEGE OF ENGINEERING, ELURU
DEPARTMENT OF INFORMATION TECHNOLOGY

Cordially invites you to attend the

"2-DAY WORKSHOP ON IOT & ITS APPLICATIONS"

On 19TH & 20TH SEPT, 2018

Dr.G.Sambasiva Rao,

Principal, Sir C.R.Reddy College of Engineering,

has kindly consented to be the Chief Guest

Dr.S.Krishna Rao,

Professor & HoD, Dept. of IT, Sir C.R.Reddy College of Engineering,

Will preside over the function

RESOURCE PERSONS

IOT Technical Team,

Brain O Vision solutions(India) pvt.It,HYD

Venue: IT COMPUTER LAB-1

Principal
S.R.C.R. College of Engineering

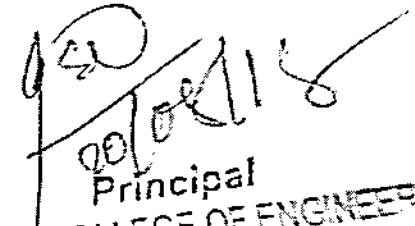

Dear Sir,

Subject: Conduct of Interest of Employees regarding fee for hostel and mess.

The following fee for hostel and mess for the year 2011-12 for final year students in the second year of Engineering (B.Tech) and IV-IV B.Tech students are being notified for the year 2011-12.

It was made mandatory for a fee for hostel and mess for the year 2011-12 are 100, the College fee was fixed at Rs. 10000/- per annum after the negotiation and bargaining. This fee is for the mess and hostel (Food & Accommodation). Hence you are requested to consider the amount of (Rupees Thirty Two Thousand and Seven Hundred only) for the year 2011-12.

Thanking you sir,

Principal
S.R.C.R. COLLEGE OF ENGINEERING
ELURU - 534 007.

APSSDC, ECM and College are hereinafter referred to singly as "Party" and jointly as "Parties".

I. PREAMBLE/ BACKGROUND

Brief about APSSDC:

APSSDC is a unique organization formed as a public private partnership (PPP) corporation to promote skill-development & entrepreneurship in the state of Andhra Pradesh. APSSDC is the Executive Agency for the Department of Skill Development, Entrepreneurship and Innovation, Govt. of Andhra Pradesh (GoAP) serving the important task of providing high quality skilled manpower as part of the Knowledge and Skills Mission of GoAP. The main objective of the Corporation is to implement a structured and pragmatic solution to skill & upskill the workforce in the State of Andhra Pradesh and to increase employability and promote entrepreneurship in sync with Industrial growth of the State.

Brief about ECM:

ECM based in Aachen was founded in 1981. ECM has been working in the fields of robotics, sensor technology, and information and communication technology for more than 30 years. Engineers and technicians from various disciplines develop and implement interdisciplinary concepts and solutions in collaboration with national and international industrial partners, public procurers and researchers.

ECM is into education and research in the field of Mechatronics and Industrial Robotics focusing Industry 4.0 which is planned to implement the similar ecosystem in state of Andhra Pradesh.

ECM will be organizing the skill development training programs in collaboration with their German partner, GC German Center for Engineering and Management Studies (GEMS).

Brief about Sir C R Reddy College of Engineering:

Sir C R Reddy College of Engineering is the first Engineering College in Andhra Pradesh established and recognized by All India Council for Technical Education (AICTE). This College is permanently affiliated to Andhra University, Visakhapatnam.

aps
APS GmbH European Center for Mechatronics
Vaalser Str. 460, 52074 Aachen, Germany.

Since its inception in 1989, [REDACTED] has been a premier institute for quality engineering education in Andhra Pradesh under the stewardship of its broad minded and magnanimous management. The last two and a half decades has seen the Institute fulfilling its motto of 'quality Service & Value Based Education' to the student community.

The College is located in its own sprawling campus with an area of 30.48 acres. Its magnanimous infrastructure and greenery attracts the attention of people who pass by. The vast green campus housing several Departments provides a stimulating environment to the high caliber staff and students of the institution. The Campus at Vaturu is a place where students from all walks of life are under a single umbrella pursuing their BE/B.Tech, M.Tech, MCA and MBA courses.

PURPOSE:

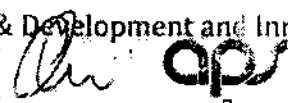

- A. This engagement will aim to skill the engineering graduates from the state of Andhra Pradesh in Mechatronics and Industrial Robotics. It was proposed to establish Indo-European Skilling Center for Mechatronics and Industrial Robotics in 40 Engineering Colleges across the state of Andhra Pradesh. ECM has selected select 11 Engineering Colleges initially in collaboration with APSSDC under pilot phase.
- B. To impart robotics-centric courses as per Annexure-1 to the students of the college viz. Third Party.
- C. To provide end to end skill training including assessment, certification and facilitating placements to the trained students.
- D. The robotics infrastructure established in the respective college henceforth called [REDACTED]

E. ROLES AND RESPONSIBILITIES:

FIRST PARTY - APSSDC shall

- select reputed engineering colleges/Universities in collaboration with ECM through a stipulated procedure;
- provide a platform for registration of trainees online and mapping of institutions and students;
- develop course curriculum in collaboration with other parties to suit latest and future technologies;
- prepare over all calendar of training programs and communicate to Second Party;
- organize Training Programs for all diploma and under graduate engineering students;
- prepare operational guidelines for ARC labs to be followed by the other two parties;
- promote Research & Development and Innovation for existing Industries;

APS GmbH European Center for Mechatronics
Vaalser Str. 460, 52074 Aachen, Germany.

[REDACTED]

- exercise its right to cancel the permission now granted to the institutions in the event of not fulfilling their obligations.

SECOND PARTY -ECM shall

- establish the research nodal centers named as "Applied Robotic Control Labs" (ARC) at state level in Andhra Pradesh as part of the "Indo-European Skilling Centres for Mechatronics and Industrial Robotics" in the Engineering Colleges in collaboration with its European partners and shall be utilized for ARC 3.0 course;
- develop the courses according to the market needs in India and execute with academic planning in collaboration with APSSDC and also conduct training of trainers/faculties. At present, three courses are offered under the initiative as given under Annexure-1;
- to provide training in collaboration with partnered Colleges and its certification along with their European partners;
- provide support for conducting job melas and facilitate for placements through the following activities;
 - ECM will bring several professionals and companies to AP to impart valuable skills and entrepreneurship abilities to students and facilitate placements in respective Industry.
 - ECM should facilitate employment to potential candidates after ARC 3.0.
 - ECM should provide internship to successful students in India and Germany as well.
- impart the courses and provide assistance to employment and higher education opportunities to the students who had successfully completed the program;
- consider the students from these trainings as a priority to provide employment and higher education;
- establish a common research location/representation for transnational research projects between German and Indian partners in Andhra Pradesh;
- collaborate for dissemination of knowledge on cutting edge technologies to faculty and research programs;
- along with their European partners to provide commercial support as a part of student course along with APSSDC;
- conduct job melas at least twice a year in collaboration with APSSDC;
- ensure conducting assessments as per standard assessment pattern and shall provide certificate to the successful students;
- follow the guidelines as specified by APSSDC from time to time;
- submit all reports and documents relating to progress of the students on rolls, Accounts, Audit and Annual Work Plan, as specified at such frequency as may be required by APSSDC.

THIRD PARTY -The College shall

- establish ARC lab along with necessary infrastructure in collaboration with ECM;
- provide training to the students as per the course curriculum;
- deploy required faculty to manage and co-ordinate Trainings in ARC labs;

 
APS GmbH European Center for Mechatronics
Vaalser Str. 460, 52074 Aachen, Germany.

- collaborate for dissemination of knowledge on cutting edge technologies to faculty and research programs;
- provide support for conducting job melasand facilitate placements alongwith ECM;
- take care of insurance and regular maintenance pertaining to Hardware installed in ARC labs;
- follow the guidelines as specified by APSSDC from time to time;
- submit all reports and documents relating to progress of the students on rolls, Accounts, Audit and Annual Work Plan, as specified at such frequency as may be required by APSSDC.

Compliances:

- **KPIs** – Key Performance Indicators (KPIs) will be developed by APSSDC in mutual consultation with colleges and ECM.
- **Monitoring:** The activities of ARC Labs shall be regularly monitored through by APSSDC and also through the monitoring committee of APSSDC.
- Details of Data of Number of students passed out, placed (Trained for Employability), and unplaced on year-on-year basis.
- Institutions will face punitive action if found to be:
 - ❖ indulging in any malpractice
 - ❖ Provided false data in their reports
 - ❖ Unable to achieve targets set by APSSDC/themselves in Proposals consistently
 - ❖ Any non-compliance with the terms and conditions of this Agreement

E. Responsibilities of the Parties

All Parties agree that:

1. The Parties shall diligently perform their respective obligation under the Agreement as per the procedure set forth above.
2. To get the evaluation of the programs done by third party for assessing the impact with respect to quality of training programs.
3. Neither Party shall share any confidential information with any other party. The sharing of such database by each other will be on trust that it will not be used by either Party for providing any kind of information to any third party.

F. Branding:

ECM & College shall ensure necessary branding for ARC Lab. Signage for ARC lab is attached as Annexure 2 to this MoA. ECM & College shall follow the branding guidelines as specified by APSSDC from time to time.

G. Attendance:

[Handwritten Signature]
aps

APS GmbH European Center for Mechatronics
 Vaalser Str. 460, 52074 Aachen, Germany.

[Handwritten Signature]

The college shall have requisite infrastructure and ECM shall ensure that students shall be registered through BIO-METRIC devices with Aadhaar (Unique Identification Number) seeded inputs. Attendance shall be captured through Aadhaar based Biometric devices only.

H. Arbitration:

The Parties shall endeavour to resolve all or any dispute or difference arising out of or in connection with this Agreement, amicably within 30 days of notice in writing being issued by the non-defaulting party to the defaulting party indicating such dispute or difference. In case no amicable solution is arrived between the Parties within the said 30 days, then such dispute/s shall be settled through Arbitration as per the provisions of the Arbitration and Conciliation Act, 1996 as amended from time to time. The arbitration shall be done by Sole Arbitrator appointed by APSSDC. The written award of the Arbitrator shall be final and binding on all the Parties. The seat and venue for the arbitration proceedings shall be at Vijayawada, Andhra Pradesh.

I. Termination of MoA:

The first party shall have the right to terminate this MoA without assigning any reasons by giving prior written notice of 60 (Sixty) days through its authorized signatory. Without prejudice to the above, either Party may terminate this MoA by giving 30 (Thirty) days' written notice through its authorized signatory in the event of any material breach of any of the material terms of this MoA by the other Party. The non-defaulting party shall first serve a written notice of its intention to terminate this MoA to the defaulting party highlighting the material breach and giving the defaulting party a period of 30 days or such extended period as may be mutually agreed to within which to remedy the material breach. Should such event of a material breach remain unresolved/unrectified within the said notice period of 30 days or such extended period as may be mutually agreed to, the non-defaulting shall be able to terminate the MoA forthwith.

J. Representations and Warranties by the Parties

In addition to the above, the Parties hereto represent and warrants to other Parties as under:

- a) That it is duly organized and validly existing under the laws of the jurisdiction in which it was incorporated and has the necessary corporate power and authority under applicable Laws to carry on its business and or perform its functions.
- b) That this MoA
 - I. is within its powers and has been duly authorized by it; and
 - II. does not conflict in any material respect with any law or regulation or its constitutional documents or any document binding on it and that it has obtained all necessary consents for the performance by it under this MoA.
- c) That all information set forth in this MoA is true and correct and is not misleading in letter and spirit.

K. PERIOD OF VALIDITY:

 
APS GmbH European Center for Mechatronics
Vaalser Str. 460, 52074 Aachen, Germany.

Director
APS GmbH European Center for Mechatronics
Vaalser Str. 460, 52074 Aachen, Germany.

This MoA shall become effective from the date hereof and shall be in force for a period of **Three years**, unless terminated by mutual consent of the parties.

L. LIMITATION OF LIABILITY

Except as agreed and provided under this Agreement, neither of the Parties shall be liable to bear or pay any damages arising out of loss of income, loss of profit, special, incidental, indirect, punitive, exemplary or consequential, to any party including third parties, and all such damages are expressly disclaimed.

M. NOTICES:

Unless otherwise provided herein, all notices or other communications under or in connection with this MoA shall be in English, will be issued in writing and shall be signed by the authorized representative of the issuing / serving Party and may be sent by personal delivery or post or courier or facsimile to the address given above. Any such notice or other communication will be deemed to be effective if sent by personal delivery, when delivered, if sent by post, three days after being deposited in the post and if sent by courier, two days after being deposited with the courier.

N. COMMUNICATIONS AND PUBLICITY:

The Second & Third Party shall ensure that the name and logo of the first party should appear in all publication material. The Second & Third Party shall ensure that the sign board depicting the name of the First Party be affixed outside the college. The Parties shall consult and agree on all and any intended communications, publications, presentations and documentations relating to this Arrangement/ MoA (jointly the "Communication(s)") in advance prior to the intended release. If a MoA cannot be reached, a Party shall have the right to disclaim endorsement and/or dissociate itself from that Communication(s). No party shall use logo/trade mark etc. of each of the parties without obtaining its prior written concurrence to that effect.

O. IT IS MUTUALLY UNDERSTOOD AND AGREED BY AND BETWEEN THE PARTIES THAT:

AMENDMENT: Amendment within the scope of the instrument shall be made by mutual consent of the parties, by the issuance of a written modification, signed, and dated by all parties.

INFORMATION OWNERSHIP: All information provided by First Party shall only be utilized for conducting training and placement assistance and First Party holds no ownership over the content prepared by Second party.

PARTICIPATION IN SIMILAR ACTIVITIES: This Agreement in no way restricts First Party from participating in similar activities with other public or private agencies, organizations, and individuals.

APS GmbH European Center for Mechatronics
Vaalsler Str. 460, 52074 Aachen, Germany.

NON-FUND OBLIGATING DOCUMENT: This Agreement is neither a fiscal nor a funds obligation document.

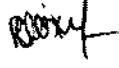

ESTABLISHMENT OF RESPONSIBILITY: This MoA is not intended to, and not create any right benefit or trust responsibility, substantive or procedural, enforceable at law, by a party against First Party or Second Party.

The parties hereto have executed this agreement as of the last written date below.

A DETAILED REPORT

2018-19

**A THREE DAY WORKSHOP
on
"SCILAB FUNDAMENTALS"**

Held on 28th -30th January 2019.

Convener

Dr. T. Venkateswara rao
Head of the department, ECE.

Coordinators

Mrs. K. Lavanya.
Assistant Professor.

Mrs. N, Lavanya.
Assistant Professor.

**DEPARTMENT OF
ELECTRONICS & COMMUNICATION ENGINEERING**

INDEX

- Details of resource person & Organizing committee
- Objectives, Topics & Hands-on activities
- Introduction
- Inauguration
- Details of the sessions
- Valedictory
- Conclusion

Appendix-A: Invitation

Appendix-B: Workshop committees

Appendix-C: Session details

Appendix-D: List of participants

Appendix-E: Attendance

Appendix-F: Bills settlement

Appendix-G: Media coverage

OBJECTIVES:

By providing hands-on workshop to students, they will get idea on different mathematics operation. By using this knowledge they can develop simple real time problems. In this workshop we will use Scilab Software. This workshop aims at imparting job-oriented training on basic Mathematics operation, Matrixes, Functions & XCOS. More emphasis shall be given to hands-on (practical using Software) sessions for better understanding.

TOPICS AND HANDS-ON ACTIVITY IN THE WORKSHOP:

The duration of this workshop was three consecutive days with seven and half hours session each day, in a total of 21 hours properly divided into theory and hand on practical sessions.

| S.No. | TOPIC | Duration |
|-------|--|----------|
| 1. | Introduction to SCILAB and SCILAB Installation | 4 hours |
| 2. | Basic Mathematical operations using Hands on approach | 3 hours |
| 3. | Matrix operations and Plotting using Hands on approach | 4 hours |
| 4. | Conditional Branching , XCOS, Toolbox introduction and installation , DSP operations | 4 hours |
| 5. | Introduction to Image Processing, GUI, English Dictionary | 3 hours |
| 6. | Mini Project | 3 hours |
| | | 21 hours |

INTRODUCTION:

The purpose of this workshop was to get benefit from shared knowledge about SCILAB programming language. Scilab users can develop their own modules so that they can solve their particular problems. The Scilab language allows to dynamically compile and link other languages such as Fortran and C: this way, external libraries can be used as if they were a part of Scilab built-in features. Scilab also interfaces LabVIEW, a platform and development environment for a visual programming language from National Instruments.

- Scilab is a scientific software platform for numerical computation providing a powerful open computing environment for engineering and scientific applications.
- Scilab includes hundreds of mathematical functions with the possibility to add interactively programs from various languages (Fortran, C, C++, ...). It has sophisticated data structures (including lists, polynomials, rational functions, linear systems...), an interpreter and a high level programming language.
- Scilab has been conceived to be an open system where the user can define new data types and operations on these data types by overloading operators

**DAY-1
Inaugural Address:**

Venue: E - Class Room

Date: 28-01-2019

Time: 9:00 - 10:00 A.M

The Program started with Registrations from participants followed by a formal Inauguration in E Class Room. After inviting the dignitaries to dais, they tried to motivate the students by explaining the importance of Scilab.

Dr. T. Venkateswara Rao garu, HOD-ECE, Convener SCILAB Fundamentals Workshop addressing the students.

SESSION-1 KEY NOTE ADDRESS

Venue: Library Browsing Centre

Date: 28-03-2019

Topic: Introduction to Scilab, Difference between Scilab and Matlab

Time: 10:15 A.M -1:00 P.M

Speaker: Ms. D. Girishini

She gave an overview of Scilab features so that the participants can get familiar with this environment. The goal is to present the core of skills necessary to start with Scilab. In this session, she presented how to get and install this software on our computer and also present how to get some help with the provided in-line documentation and an important feature of Scilab, that is the management of real matrices and overview the linear algebra library. The definition of functions and the elementary management of input and output variables is presented. Also Scilab's graphical features and shown how to create a 2D plot, how to configure the title and the legend and how to export that plot into a vectorial or bitmap formula.

SESSION-2

Venues Library Browasing Centre

Date:28-01-2019

Time: 2:00 pm to 05:00pm

Mr. Rangu Siva Ranganayakulu

SESSION-3

Venue: Library Browsing Centre

Date: 29-01-2019,

Time: 9:00 am to 1:00 pm

XCOS is SCILAB tool dedicated to the modeling and simulation of hybrid dynamic systems including both continuous and discrete models. It also allows simulating systems governed by explicit equations and implicit equations. XCOS includes a graphical editor which allows to easily represent models as block diagrams by connecting the blocks to each other. Each block represents a predefined basic function or a user defined one.

Venue: Library Browship Centre

SESSION-5

Date: 29-01-2019

Time: 10:00 AM to 1:00 PM

Venue: Library Browsing Centre

SESSION-6

Date: 30-01-2019

Time: 2:00 PM to 5:00 PM

Indeed, In this SCILAB workshop, the participants practiced the manipulation of vectors, matrices, functions, polynomials, graph and file management. There is two class of variables

: matrix and polynomial. Indeed, constant and vector are defined as matrixes. There are lots of pre defined functions. For example, inverse or diagonal a matrix, solve equations or linear systems, integrate or derivate polynomials or functions. The manipulation of these objects and functions is relatively easy.

SCILAB is not a programming language such as C++ or FORTRAN. Nevertheless, we can define functions and all the classical instructions such as conditionals or loops are available. There is no text editor as in MATLAB but we can write functions in file with a text editor. Your file must have the extension .sci. To compile, you must use the function getf (myfile.sci). It is very useful for define small program. You can also write a series of instructions.

SCILAB disposes of primitives which allow to achieve write or read operations in file. At the beginning, it is pretty difficult because there a lot of primitives and some primitives are reserved for binary file and the other for ASCII file. All the classical instructions are available such as Fast Fourier Transform (FFT). Moreover, we can get the equivalent of Simulink of Matlab: SCICOS that you can get at the web site.

Mr. R. Satish (Assistant Professor, Workshops Coordinator, Dept. of ECE) addressing the Students at Valedictory

Resource Persons and Senior Staff of Dept. of ECE addressing students at valedictory

As a conclusion, this software offers strong possibilities. The utilization is pretty easy for simple problem. For advanced problem, it is more complex. Moreover, we can access to introduction course on internet. But for advanced functions, it is more complex for find books or article. Moreover, there is some books and user manual but are paying and expensive. There is a lot of similarities with Matlab. The graphic interface on Scilab is less advanced : it is a simple interface, less developed than Matlab. For example, computation on matrix have similar syntax. Nevertheless, some functions proposed in Scilab are limited or complex for a beginner. For example, the Matlab to Scilab translator is not very efficient and require strong skills of Matlab. Some functions such as graphics or data interfacing are complex at the beginning.

CONCLUSION

The workshop turned out to be an eye opener for the students who wanted to learn SCILAB Fundamentals. The workshop helped students to grow their knowledge and boost their confidence regarding SCILAB programming and also gained a lot of concepts to get cleared with a friendly environment throughout the sessions. We thank the support of the Management, Head of Department, faculty members and Volunteers who helped us in conducting this workshop and making this event a grand success

SIR C R REDDY COLLEGE OF ENGINEERING :: ELURU

Respected Sir,

Sub: Permission to conduct workshop on "Basic Python Programming" in association with APSSDC. *3rd year, ECE*

It is to inform you that Andhra Pradesh State Skill Development Corporation has been training students in programs related to Python and Full Stack courses for the academic year 2019-20. In this context, we planned to conduct workshop on "Basic python programming" in association with APSSDC. Hence we request you to permit us to conduct the work shop. Budget details are as follows.

Total No of students expected to participate: 50

| S No | Item | Amount in Rs |
|-------|--------------------------------------|----------------|
| 1 | APSSDC Registration fee | 50*150=7500/- |
| 2 | Posters and brochures & banners | 750/- |
| 3 | Trainers accommodation & Hospitality | 3*750/-=2250/- |
| 4 | Tea & Snacks | 1000/- |
| 5 | Miscellaneous | 500/- |
| Total | | 12,000/- |

Forwarded & Submitted that if possible please sanction full amount & otherwise 50% contribution so that 50% may be collected from the student (registration fee only)

Principal Dr. G. Samba Siva Rao sir, the workshop co-Ordinator, faculty member Tejo Murthy. While addressing the gathering principal sir mentioned the importance of python programming and encouraged the students to gain as much knowledge as they

Head of The Dept - Dr. E. Venkateswara Rao, Faculty and Students Participating in the Basic Python Workshop. HOD Sir along with the Staff Co-Ordinator's participated actively in the event.

Students showed a lot of interest in learning coding and programming. They interacted very well with the resource person and gained a lot of knowledge about python.

Basic Python Programming Schedule:

It was an one day seminar where students started from the very basics on the python. Then they completed the tasks that were given by the Coordinator's. They also build some of the programs on their own.

Conclusion:

The seminar was a success. Each member participated and seemed to enjoy themselves

Each student participated in the seminar gained basic knowledge on Python programming they learn how to write and execute the CODE in Python programming.

This Memorandum of Understanding (MOU) is made on this 8th August 2018 between:

Sir C R Reddy College of Engineering, Eluru, and Andhra Pradesh, India, represented by its principal, Dr. G. Sambha Siva Rao, here in after referred to as Sir CRRCOE.

Both Sir CRRCOE and SDC are collectively referred to as the Parties and individually as a Party.

WHEREAS, Sir CRRCOE is an institution offering various undergraduate and postgraduate programs in engineering disciplines with state-of-the-art infrastructure and facilities;

WHEREAS, SDC is an institution offering various undergraduate programs in management sciences disciplines with state-of-the-art infrastructure and facilities;

WHEREAS, both the Parties are committed to enhancing the quality of engineering education, management science and research through collaboration and cooperation;

WHEREAS, both the Parties are committed to enhancing the quality of engineering education, management science and research through collaboration and cooperation;

NOW THEREFORE, the Parties agree as follows:

1. Objectives

The objectives of this MOU are:

- To conduct joint FDPs, workshops, seminars, both national and International Conferences on topics of mutual interest and relevance.
- To share the resources, expertise and best practices of both the institutions.
- To facilitate the participation of faculty members and students of both the institutions in the FDPs, workshops and seminars, both National and International Conferences conducted by either institution.
- To explore the possibilities of joint research projects, consultancy services and publications.

2. Scope

The scope of this MOU covers the following areas:

- **FDPs:** The Parties will jointly organize FDPs on emerging topics and technologies in engineering disciplines. The FDPs will be designed to enhance the knowledge, skills and competencies of the faculty members of both the institutions. The FDPs will be conducted either online or offline or in a blended mode as per the convenience and availability of the resource persons and participants. The duration, frequency, venue, fees, certificates and other details of the FDPs will be decided mutually by the Parties.
- **Workshops:** The Parties will jointly organize workshops on practical aspects and applications of engineering concepts and tools. The workshops will be aimed at providing hands-on experience and exposure to the faculty members and students of both the institutions. The workshops will be conducted either online or offline or in a blended mode as per the convenience and availability of the resource persons and participants. The duration, frequency, venue, fees, certificates and other details of the workshops will be decided mutually by the Parties.
- **Seminars:** The parties will jointly organize seminars on current issues and trends in engineering domains. The seminars will be intended to provide a platform for sharing ideas, insights and experiences among the faculty members and students of both the institutions. The seminars will be conducted either online or offline or in a blended mode as per the convenience and availability of the resource persons and

participants. The duration, frequency, venue, fees, certificates and other details of the seminars will be decided mutually by the Parties.

- **Research and Incubation Cell:** The parties will explore the possibilities of undertaking joint research projects, consultancy services and publications in the areas of mutual interest and relevance. The parties will identify the research topics, objectives, methodology, funding, timeline, deliverables and other aspects of the research projects. The parties will also seek to publish the research outcomes in reputed journals and conferences. The parties will share the intellectual property rights, benefits and responsibilities arising from the research activities as per the agreed terms and conditions.
- **Exchange:** The parties will facilitate the exchange of faculty members and students for participating in the FDPs, workshops and seminars conducted by either party. The parties will also encourage the exchange of faculty members and students for pursuing research projects, consultancy services and publications. The parties will provide the necessary support and assistance to the visiting faculty members and students in terms of accommodation, transportation, access to facilities and resources, etc. The parties will also recognize the credits earned by the visiting faculty members and students as per the norms and regulations of their respective institutions.
- **National and International Conferences:** The parties will jointly organize National and International Conferences on current issues and trends in engineering domains. The background and context of the conference, such as the theme, objectives, expected outcomes, target audience. The roles and responsibilities of each party involved in the conference, such as the organizers, sponsors, speakers, participants. The terms and conditions of the collaboration, such as the duration, budget, resources, communication, reporting, evaluation. The signatures and dates of the authorized representatives of each party.

3. Coordination:

The parties will appoint a coordinator from each institution to oversee the implementation of this MOU. The coordinators will be responsible for:

- Communicating with each other on a regular basis to plan, execute and monitor the activities under this MOU.
- Liaising with the respective authorities, departments, faculty members and students of their institutions to facilitate the smooth functioning of the activities under this MOU.
- Resolving any issues or disputes that may arise during the course of this MOU.

- Preparing and submitting periodic reports on the progress and outcomes of the activities under this MOU.

The names and contact details of the coordinators are as follows:

| <u>For Sir CRRCOE</u> | <u>For SDC</u> |
|---|---|
| Name of the Coordinator: Dr M. KRISHNA Designation: Professor, CSE Dept , Sir CRRCOE Email id: marlapallikrishna@gmail.com Contact No. : 9394501367 Web: https://sircrengg.ac.in/ | Name of the Coordinator: Mr.G.Ramesh Assistant Professor, MBA Dept , SAMATA Degree College, Sector 10, MVP Colony, Visakhapatnam, Andhra Pradesh- 530017 Contact Details: 9392370507 E-mail: rganta7579@gmail.com Web: https://samatacollege.co.in/ |

4. Duration

This MOU will come into effect from the date of signing by both the parties and will remain valid for a period of ONE year from August 2018 to August 2019. The parties may extend or renew this MOU by mutual consent in writing before the expiry of this MOU.

5. Termination

Either party may terminate this MOU by giving an advance written notice of three months to the other party. The termination of this MOU will not affect the ongoing activities under this MOU, unless otherwise agreed by both the parties.

6. Amendment

This MOU may be amended by mutual consent of both the parties in writing. Any amendment to this MOU will be signed by both the parties and will form part of this MOU.

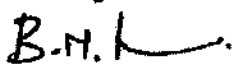

7. Arbitration

In case of any dispute or difference arising out of or in connection with this MOU, the parties will try to resolve it amicably through consultation and negotiation. If the dispute or difference remains unresolved after 30 days of consultation and negotiation, then it will be referred to arbitration by a sole arbitrator appointed by mutual consent of both the parties. The arbitration will be conducted in accordance with the Arbitration and Conciliation Act, 1996 or any statutory modification or re-enactment thereof. The venue of arbitration will be Vijayawada, Andhra Pradesh. The language of arbitration will be English. The award of the arbitrator will be final and binding on both the parties.

8. Miscellaneous

- This MOU is not intended to create any legal or contractual obligations or liabilities on either party.
- This MOU is not intended to confer any rights or benefits on any third party.
- This MOU is subject to the laws of India and the jurisdiction of the courts at Vijayawada, Andhra Pradesh.
- This MOU is executed in two originals, one for each party.

IN WITNESS WHEREOF, both the Parties have signed this MOU on the date and place mentioned below:

INDUSTRY-INSTITUTION INTERACTION

MEMORANDUM OF UNDERSTANDING

Between

SIR C R R COLLEGE OF ENGINEERING, ELURU

and

G&J INFRA COMPANY, VIJAYAWADA

For

INDUSTRY-INSTITUTION COLLABORATION

In accordance with the mutual desire to promote cooperation between Sir C R R College of Engineering, Eluru and G&J Infra Company, Vijayawada. The Institution and the Industry enter into this formal statement of collaboration in the form of Memorandum of Understanding (MOU) for the purpose of technology interaction.

Both the institution and the Firm have found it mutually beneficial to explore cooperative activities for the following purposes.

1. Inplant training of Civil Engineering Dept., students and faculty for a mutually convenient period at Prasad Constructions the number of students/faculty/staff will be decided on an year to year basis.
2. Collaboration in Firm/Institution oriented activities between the Firm and the Civil Engineering Dept. of the Institution.
3. Two-way transfer of technology information and knowledge through collaboration programmes like Guest Lectures, Seminars, Symposia and other interactive programmes.
4. Exchange of visits of technical people of the Firm to Institute and vice-versa.
5. Provide free access to knowledge resource of the Institute to the Firm and vice-versa.

6. Provide free access to laboratory and testing facilities available at the Civil Engineering Dept. of the Institute to the Firm and vice-versa.
7. Pool up the knowledge and expertise of the technical people of the Firm and the Civil Engineering Dept. of the Institute for mutually agreed execution of joint ventures/activities.
8. Provide assistance/guidance for the project work of U.G. programmes and for research work of mutual interest.

It is understood that the arrangements are made to store the details of the activities and for the utilization of the results achieved in respect of the above activities and also other forms of cooperation will be handled on mutually agreeable terms.

MOU

This Memorandum of Understanding (MOU) is made on this 10th August 2018 between:

IDEAL INSTITUTE OF TECHNOLOGY, Vidyut Nagar, Kakinada, Andhra Pradesh 533003 represented by its Principal **Dr. T. Srikanth**, here in after referred to as **IDEAL**

AND

Sir C R Reddy College of Engineering, Eluru, and Andhra Pradesh, India, represented by its Principal, **Dr.G Samba Siva Rao**, here in after referred to as **Sir CRRCOE**.

Both **IDEAL** and **Sir CRRCOE** are collectively referred to as the Parties and individually as a Party.

WHEREAS, **IDEAL** is an institution offering various undergraduate and postgraduate programs in engineering disciplines with state-of-the-art infrastructure and facilities;

WHEREAS, **Sir CRRCOE** is an institution offering various undergraduate programs in engineering disciplines with state-of-the-art infrastructure and facilities;

WHEREAS, both the Parties are committed to enhancing the quality of engineering education and research through collaboration and cooperation;

NOW THEREFORE, the Parties agree as follows:

1. Objectives

The objectives of this MOU are:

- To conduct joint FDPs, workshops, seminars, both national and International Conferences on topics of mutual interest and relevance.
- To share the resources, expertise and best practices of both the institutions.

Sponsored by

GOVERNING BODY OF IDEAL COLLEGE OF ARTS AND SCIENCES, KAKINADA

Ph : 0884-2384382

Web : www.idealtech.edu.in

Email : 6k.principal@jntuk.edu.in

- To facilitate the participation of faculty members and students of both the institutions in the FDPs, workshops and seminars, both National and International Conferences conducted by either institution.
- To explore the possibilities of joint research projects, consultancy services and publications.

2. Scope

The scope of this MOU covers the following areas:

- **FDPs:** The Parties will jointly organize FDPs on emerging topics and technologies in engineering disciplines. The FDPs will be designed to enhance the knowledge, skills and competencies of the faculty members of both the institutions. The FDPs will be conducted either online or offline or in a blended mode as per the convenience and availability of the resource persons and participants. The duration, frequency, venue, fees, certificates and other details of the FDPs will be decided mutually by the Parties.
- **Workshops:** The Parties will jointly organize workshops on practical aspects and applications of engineering concepts and tools. The workshops will be aimed at providing hands-on experience and exposure to the faculty members and students of both the institutions. The workshops will be conducted either online or offline or in a blended mode as per the convenience and availability of the resource persons and participants. The duration, frequency, venue, fees, certificates and other details of the workshops will be decided mutually by the Parties.
- **Seminars:** The parties will jointly organize seminars on current issues and trends in engineering domains. The seminars will be intended to provide a platform for sharing ideas, insights and experiences among the faculty members and students of both the institutions. The seminars will be conducted either online or offline or in a blended mode as per the convenience and availability of the resource persons and participants. The duration, frequency, venue, fees, certificates and other details of the seminars will be decided mutually by the Parties.
- **Research and Incubation Cell:** The parties will explore the possibilities of undertaking joint research projects, consultancy services and publications in the areas of mutual interest and relevance. The parties will identify the research topics, objectives, methodology, funding, timeline, deliverables and other aspects of the research projects. The parties will also seek to publish the research outcomes in reputed journals and conferences. The parties will share the intellectual property rights, benefits and responsibilities arising from the research activities as per the agreed terms and conditions.
- **Exchange:** The parties will facilitate the exchange of faculty members and students for participating in the FDPs, workshops and seminars conducted by either party. The parties will also encourage the exchange of faculty members and students for pursuing research projects, consultancy services and publications. The parties will provide the necessary support and assistance to the visiting faculty members and students in terms of accommodation, transportation, access to facilities and resources,

etc. The parties will also recognize the credits earned by the visiting faculty members and students as per the norms and regulations of their respective institutions.

- **National and International Conferences:** The parties will jointly organize National and International Conferences on current issues and trends in engineering domains. The background and context of the conference, such as the theme, objectives, expected outcomes, target audience. The roles and responsibilities of each party involved in the conference, such as the organizers, sponsors, speakers, participants. The terms and conditions of the collaboration, such as the duration, budget, resources, communication, reporting, evaluation. The signatures and dates of the authorized representatives of each party.

3. Coordination:

The parties will appoint a coordinator from each institution to oversee the implementation of this MOU. The coordinators will be responsible for:

- Communicating with each other on a regular basis to plan, execute and monitor the activities under this MOU.
- Liaising with the respective authorities, departments, faculty members and students of their institutions to facilitate the smooth functioning of the activities under this MOU.
- Resolving any issues or disputes that may arise during the course of this MOU.
- Preparing and submitting periodic reports on the progress and outcomes of the activities under this MOU.

The names and contact details of the coordinators are as follows:

| IDEAL | Sir CRRCOE |
|---|---|
| Name of the Coordinator: Mrs. Radhika Krupalini Professor, CSE Dept , Ideal Institute of Technology ,Vidyut Nagar , Kakinada-533003 Contact Details: 9246691771 E-mails:6k.principal@jntok.edu.in Web: www. idealttech.edu.in | Name of the Coordinator: Dr M. KRISHNA Designation: Professor, CSE Dept , Sir CRRCOE Emailid:marlapallikrishna@gmail.com Contact No. : 9394501367 Web: https://sircrengg.ac.in/ |

4. Duration

This MOU will come into effect from the date of signing by both the parties and will remain valid for a period of ONE year from August 2018 to August 2019. The parties may extend or renew this MOU by mutual consent in writing before the expiry of this MOU.

5. Termination

Either party may terminate this MOU by giving an advance written notice of three months to the other party. The termination of this MOU will not affect the ongoing activities under this MOU, unless otherwise agreed by both the parties.

6. Amendment

This MOU may be amended by mutual consent of both the parties in writing. Any amendment to this MOU will be signed by both the parties and will form part of this MOU.

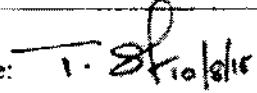

7. Arbitration

In case of any dispute or difference arising out of or in connection with this MOU, the parties will try to resolve it amicably through consultation and negotiation. If the dispute or difference remains unresolved after 30 days of consultation and negotiation, then it will be referred to arbitration by a sole arbitrator appointed by mutual consent of both the parties. The arbitration will be conducted in accordance with the Arbitration and Conciliation Act, 1996 or any statutory modification or re-enactment thereof. The venue of arbitration will be Vijayawada, Andhra Pradesh. The language of arbitration will be English. The award of the arbitrator will be final and binding on both the parties.

8. Miscellaneous

- This MOU is not intended to create any legal or contractual obligations or liabilities on either party.
- This MOU is not intended to confer any rights or benefits on any third party.
- This MOU is subject to the laws of India and the jurisdiction of the courts at Vijayawada, Andhra Pradesh.
- This MOU is executed in two originals, one for each party.

IN WITNESS WHEREOF, both the Parties have signed this MOU on the date and place mentioned below:

2019-20

SIR C R REDDY COLLEGE OF ENGINEERING
DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING

AY: 2019-20

A Report Submitted on

Title of the Event : A workshop on "Programming on Arduino + NODEMCU & Sensors Interfacing"

Dates& Time : 30th&31st August 2019 - 09.00am to 05.00pm
4th&5th September 2019 - 09.00 am to 05.00 pm

Venue : e- class Room& EDC-2 Lab

Benefited Students : II/IV B.E E.C.E Students

No. of Students Attended : 74

Resource Persons : A.M. Vamsee Krishna, Assistant professor

Address : Dept. of ECE
Sir C R Reddy college of Engineering
Vatluru, Eluru
Westgodavari District -534007

Organized By : Department of ECE
In association with R&D Cell (ECE Dept.), Electronics Hobby Club (EHC) of ECE Dept.

Workshop Coordinators : A.M. Vamsee Krishna, Assistant Professor, ECE Dept.
K.Lavanya, Assistant Professor, ECE Dept.
N.Swathi, Assistant Professor, ECE Dept.

PROGRAMMING ON ARDUINO + NODEMCU & SENSORS INTERFACING

Objective:

The aim of the workshop is to educate the students about the programming on Arduino and Node MCU and how to develop or invent new things.

At the end of workshop

Each participant:

- will leave the workshop with a working knowledge of how to get started using Arduino
- will know what to do next to keep learning and working with Arduino
- will learn and apply at least 3 basic Arduino programming skills

Arduino Workshop Schedule:

| <u>Arduino</u> | Number of Days | Type of Session |
|----------------|------------------|---------------------|
| | Day 1(Afternoon) | Theoretical Session |
| | Day2 (F.N & A.N) | Practical Session |

Workshop Schedule Details:

1. DAY_1 (AFTERNOON):

❖ BASIC CONCEPTS

- Introductory concepts(Basic Components)
- Evolution of Micro Controllers
- Analog vs Digital
- Input vs Output
- Pulse Width Modulation.
- Continuity Concept

❖ INTRODUCTION TO MICRO CONTROLLERS

- Types of Microcontrollers

• **Basic Microcontroller Manufacturers.**

| MANUFACTURER | MICROCONTROLLER | IDE |
|--------------|--------------------------------|-----------|
| ATMEL | AVR (ATTINY,ATMEGA,ATXMEGA) | AVRSTUDIO |
| MICROCHIP | PIC | MPLABX |
| ARDUINO | AVR(ATMEGA328) | ARDUINO |

• **Basic Architecture of Microcontroller**

❖ **BASICS IN SERIAL COMMUNICATION**

- RS 232
- MAX 232
- UART

❖ **INTRODUCTION TO ARDUINO**

- Different Types of Arduino Board
- Arduino UNO Specifications
- Pin Configuration Arduino UNO
- Basics of AtMega328
- Pin Configuration of AtMega328
- Advantages of Arduino.

❖ **Digital Sensors:**

| INPUT | OUTPUT |
|------------|--------|
| PUSHBUTTON | RELAY |
| PIR | LED |

❖ **Analog Sensors:**

- POTENTIOMETER
- FLEXSENSOR
- TEMPERATURESENSOR
- PIEZO ELEMENT
- LDR

- ACCLEROMETER
- ULTRASONIC SENSOR

❖ **Motors:**

- DC MOTOR
- SERVOMOTOR

2. DAY-2(FORENOON):

Introduction to Sensors:

Project Code Details:

Basics:

- LED Blink
- LED Fading

Sensors:

❖ **Digital Sensors:**

- Push Button
- PIR Sensor

❖ **Analog Sensors:**

- Potentiometer
- LDR
- Temperature Sensor
- Piezo Electric Transducer

1. LED Blink
2. LED Fading
3. Push Button
4. PIR Sensor
5. Servo Motor
6. Proximity Sensor (HC – SR04)
7. Potentiometer
8. LDR
9. Temperature Sensor (LM-35)
10. Accelerometer (ADXL 335)

DAY-2 (AFTERNOON)

11. Bluetooth (HC - 05) (Home Automation)
12. DTMF Based Home Automation

13. Automatic Traffic Lights Controller

14. PC Controlled Bot

15. Gesture Controlled Bot

Added Projects: (2018-2019):

16. LCD Interfacing

17. DC motor interfacing (LM293D-Driver)

18. RF Module

19. Interfacing Zigbee Module

Summary Report:

The **Programming on Arduino + NODEMCU & Sensors Interfacing Workshop** is a beginner's workshop designed to get newcomers up and running with Arduino development board. This workshop was organized by the department of ECE, in association with R&D Cell (ECE Dept.), Electronics Hobby Club (EHC) of ECE Dept. There were 74 students participated from ECE discipline (2nd year). The workshop conducted into two separate batches.

The workshop was inaugurated by **Dr. T.Venkateswararao, Head of Department, Department of ECE, Sir C R Reddy college of Engineering.**

The workshop is coordinated by **Mr. A.M. Vamsee Krishna, Assistant Professor, Dept. of ECE, Mrs. K. Lavanya, Assistant Professor, Dept. of ECE., Mrs. N. Swathi, Assistant Professor, Dept. of ECE**

The workshop program is scheduled as follows

| BATCH-1: ECE A/S & B/S - 30 th &31 st August 2019 | |
|---|-------------------------|
| 30.08.2019 (F.N) | Theory |
| 30.08.2019(A.N) | Practical |
| 31.08.2019 (F.N) | Practical |
| VENUE | e-Class room& EDC-2 Lab |

| BATCH-2: ECE C/S- 4 th &5 th September 2019 | |
|---|--------------------------|
| 04.09.2019 (A.N) | Theory |
| 04.09.2019 (F.N) | Practical |
| 05.09.2019 (A.N) | Practical |
| VENUE | e-Class room & EDC-2 Lab |

The workshop started with an inaugural function at 9.15 A.M

Inaugural Function

Time: 9.15am to 9.30 am

As a part of inaugural function, Student Coordinator invited head of the department of ECE, **Dr. T. Venkateswara rao,** and workshop coordinators to the dais.

Dr. T.Venkateswararao sir, HOD, department of ECE addresses the students who are attended for the program and given speech on program how it is useful for the students.

Mr. A.M.Vamsee Krishna, giving introduction to Microcontroller and explains the Arduino development board and programming on Arduino IDE

The following are some of the screenshots during work shop

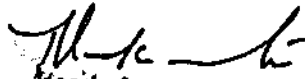

Student coordinator V. Triveni explains the project to students

The Coordinator of workshop Mr. A. M.Vamsee Krishna, interacting with the students to get clarified students doubts regarding Arduino project. Students involved completely in learning for the two days.

CONCLUSION

The workshop was success. Each member participated and seemed to enjoy themselves. We met our stated learning objectives. The participants varied from very little familiarity with electronics and programming to near expert. Even with the disparity everyone could complete the most of the task and everyone needed help at some point. The participants were expected to try on their own first and initially attempt to troubleshoot problems. This caused a little frustration in a couple people, but overall it seemed to go well. We had one helper to six students and this level of interaction was really necessary to stay on time. The workshop lasted six hours per day and it is conducted for two days and it was tight, but we finished on time.

ADVANCED SENSOR INTERFACING USING ARDUINO

Title of the Event: ADVANCED SENSOR INTERFACING USING ARDUINO

Venue: MPMC Lab, Department of ECE, Sir C R Reddy College of Engineering, Eluru.

Date of Event: 6th January 2021 to 9th January 2021.

Resource Person: Mr.A.M.Vamsi Krishna, Asistant Professor, Dept. of ECE, Sir C R Reddy college of engineering Eluru

Target Audience: 2/4 ECE.

No. of Participants: 60 Members.

Brief Description:

Every year in our college there is a tradition that senior student will do the knowledge transfer to the junior students on Arduino. As per this tradition in our college and on the behalf of IEEE Student Branch we have organized the workshop named 'Advanced Sensor Interfacing using Arduino' exclusively to the 2nd year student of ECE. The knowledge transfer has be done by the 3rd year and 4th year Students of ECE with the support of faculty.

MEMORANDUM OF UNDERSTANDING

SIGEC R Reddy, Vice President, Human Resources, SIGEC

WISCONSIN POWER CONCERN

The following memorandum of understanding was signed by the representatives of the employees of Wisconsin Power Concern, Inc. and the representatives of the management of Wisconsin Power Concern, Inc.

The following is a summary of the terms of the agreement:

The following is a summary of the terms of the agreement:

Introductory Partnership Objective

APPLY-VOLT is a value-added, technology-driven, multi-national organization in India. APPLY-VOLT is devoted to providing state-of-the-art solutions for the industry, providing VLSI, DSP and other hardware solutions for embedded systems, learning, simulation, etc. The company has a strong focus on research and development in the field of VLSI, DSP, and other hardware solutions. The company has a strong focus on research and development in the field of VLSI, DSP, and other hardware solutions. The company has a strong focus on research and development in the field of VLSI, DSP, and other hardware solutions.

The company has a strong focus on research and development in the field of VLSI, DSP, and other hardware solutions. The company has a strong focus on research and development in the field of VLSI, DSP, and other hardware solutions. The company has a strong focus on research and development in the field of VLSI, DSP, and other hardware solutions.

The company has a strong focus on research and development in the field of VLSI, DSP, and other hardware solutions. The company has a strong focus on research and development in the field of VLSI, DSP, and other hardware solutions. The company has a strong focus on research and development in the field of VLSI, DSP, and other hardware solutions.

SIGNED AND DELIVERED BY:

SIGNED AND DELIVERED BY:

SIGNED AND DELIVERED BY:

Benefits:

1.1 The Parties contemplate that they will have a mutually beneficial relationship in the future.

1.2 **Benefits to C.R.Reddy College of Engineering, Guntur, A.P.**

- 1.2.1 Opportunity to engage with the industry to develop a quality based curriculum, needs of the industry and accordingly plan the syllabus.
- 1.2.2 Opportunity to upgrade the infrastructure, hardware and software, IT solutions and other information technology related tools.
- 1.2.3 Opportunity to collaborate with the industry for placement, research projects and student internships in the future.
- 1.2.4 Opportunity to conduct various seminars, workshops, conferences, symposiums and webinars for students, faculty and staff members.
- 1.2.5 Faculty development programs for teachers, staff, and other employees.
- 1.2.6 Strengthening of the brand equity of the institution.
- 1.2.7 Students will be given an opportunity to have a practical understanding of the respective branches.
- 1.2.8 To improve the organizational resources and infrastructure.
- 1.2.9 To improve the marketability of a service.

Benefits to APPLY VOICE

- 1.3.1 To provide a platform for the students to have a practical understanding of the respective branches.
- 1.3.2 To provide a platform for the students to have a practical understanding of the respective branches.
- 1.3.3 To provide a platform for the students to have a practical understanding of the respective branches.
- 1.3.4 To provide a platform for the students to have a practical understanding of the respective branches.
- 1.3.5 To provide a platform for the students to have a practical understanding of the respective branches.
- 1.3.6 To provide a platform for the students to have a practical understanding of the respective branches.
- 1.3.7 To provide a platform for the students to have a practical understanding of the respective branches.
- 1.3.8 To provide a platform for the students to have a practical understanding of the respective branches.
- 1.3.9 To provide a platform for the students to have a practical understanding of the respective branches.
- 1.3.10 To provide a platform for the students to have a practical understanding of the respective branches.

2. Makes available a pool of trained employees for the benefit of VOLT or customers who use its skills, software and hardware.
3. Helps APPLY VOLT goal of proliferation of VOLT, DSP & PCB among Embedded Technologies.

4. Activities:

In order to implement the objectives of the VOLT, the parties undertake the following activities to be undertaken by them:

The duration of such agreement shall be for a period of ... months. Any change in MOU or any mutual agreement shall be discussed mutually and resolved by respective management.

APPLY VOLT may set up branch office or mobile office to take care of MISI / DSP / PCB and Embedded Systems etc. for the purpose of ...

APPLY VOLT will help C.R. Reddy College to take care of the students in weekends, during holidays, evening classes etc. The students will benefit from this as they will be able to attend the classes, projects, assignments, etc. in a more convenient manner.

APPLY VOLT will impart faculty development programs in the areas of PCB & Embedded Technologies and other technologies of interest to faculties/staff of C.R. Reddy College. This will be a free service.

APPLY VOLT will provide advanced training programs to students in emerging technologies and also help in the development of students acquainted with the skills required to do projects, etc. This will be provided by APPLY VOLT at a nominal cost to the students.

APPLY VOLT will conduct free training programs for the benefit of C.R. Reddy students.

APPLY VOLT will offer various courses, seminars, workshops, curriculum upgrade and other related activities.

APPLY VOLT may consider offering financial assistance to students and provide assistance in disbursement of stipends to students and other customers.

The Parties shall conduct regular meetings, seminars, workshops, conferences for increasing the awareness of the services provided by APPLY VOLT to colleges on regular basis.

GRR Faculties trained by APPLY VOLT can participate in various training programs in "Nodal Centers" and "Implementation Centers". The certificates will be issued jointly by GRR and APPLY VOLT.

A co-ordination committee consisting of a representative of the GRR and an engineer nominated by APPLY VOLT shall be constituted to monitor and give effect to the objectives of this MoU.

APPLY VOLT In charge & GRR should coordinate with each other regarding the timing for students to attend the training and other related activities. They should respect individual timetables of each other.

Any damage to the property of GRR which may occur during the course of the MoU will be borne by the APPLY VOLT.

Properties belonging to APPLY VOLT will be given to GRR for use of the organization when so ever it is required for the implementation of the MoU during the MoU period of time.

Process:

Every time an activity is initiated under this MoU, the Parties shall be rendering of services or supply of products to each other. In such cases, the Parties shall, depending on the nature of the activity, reserve consideration received, liability as per the MoU, or a purchase order (PO) will be issued as a definitive contract.

General:

During their interaction under this MOU, the Parties may exchange information of non-public nature which is confidential in nature ("Confidential Information"). Use of Confidential Information shall be regulated by a non-disclosure agreement. In the absence of such an NDA, the Parties shall keep confidential the Confidential Information. Confidential Information shall not be destroyed upon written request by the disclosing party or its licensees. All Confidential Information shall remain the property of the disclosing party or its licensees.

All rights, licenses and permissions for any materials supplied by VOLT shall be regulated by the terms of such grants, including any applicable product license agreements.

Notwithstanding anything to the contrary herein, liability shall be limited to direct damages not exceeding the value of the services rendered to G.R.Reddy College of Engineering and Technology to any indirect damages of any nature, including, but not limited to, special, incidental, consequential or punitive damages.

This MOU may be terminated by either party without assignment of prior written notice of 60 days.

Each Party shall be an independent contractor and shall not be an agent, joint venture, or partner of the other.

Disputes under this MOU shall be resolved by the respective management functionaries as the Parties may mutually agree. If they fail to resolve a dispute amicably, the Parties shall refer the dispute to a place mutually agreed upon by both Parties.

The MoU will be valid for a period of 2 (two) years from the date of signing the MoU and can be renewed with mutual consent.

Workshop Report

Summary Report:

The main objective of one week workshop is to get hands on training to the students to meet the requirements of the industry. It is helpful to the students both conceptually and practically to be aware about:

- Programming Concepts using Verilog Hardware Description Language.
- Introduction to VIVADO TOOLS in Xilinx FPGA.
- Introduction to PMODS and its applications

The workshop was inaugurated by **Dr.T.Venkateswara rao, HOD of ECE Department, Sir C.R Reddy College of Engineering.**

PHOTO GALLERY

Workshop co-ordinator Sri Ch.Jaya Prakash addressing the gathering

Dr.T.Venkateswara Rao HOD,ECE addressing the gathering

Sri K.Pradeep, Resource Person addressing the gathering

Interfacing of Joystic module with Nexys 4DDR FPGA kit

**Mr.K.Pradeep demonstrating the Interfacing of Joystic module with Nexys 4DDR
FPGA kit**

Interfacing of temperature sensor module with Artix 7 FPGA kit

Mr.K.Pradeep demonstrating the FPGA implementation of sequence detector module to the students

Mr.K.Pradeep demonstrating the process of interfacing the Wi-Fi module with Zedboard to the students

Dr.P.H.S.Tejomurthy, Professor of ECE addressed the gathering in the final session

Dr.T.Venkateswara Rao, HOD of ECE explained about the need of VLSI in Robotics. He said that students should become successful learners in a rapidly changing global environment through hands-on experience. Participation in this workshop will teach students to plan and manage projects. He also addressed the faculty that they should become lifelong learners to cope up with updating technology and learn recent advancements in VLSI by this workshop.

Dr.P.H.S.Tejomurthy, Professor of ECE had given a brief idea about Hardware Description Language. He explained how HDL can be used to describe the structure and behavior of electronic circuits and most commonly digital logic circuits. He differentiated clearly about VHDL and Verilog HDL with lot of examples.

The resource person Mr.K.Pradeep said few words regarding the evolution of technology and how VLSI technology has succeeded in making drastic change in our daily life . He also made aware of how VLSI technology reducing the size of Electronic circuits faster and more reliable. He started with simple Verilog HDL programs and their implementation in FPGA by dumping the programmes. He explained how to verify sequence detector on FPGA kit. He also explained about interfacing of various modules like temperature sensor, Wi-Fi module, Joystic module , Organic LED module with Artix 7 and Zed boards.

Every member participated actively and made the workshop successful. The participants were expected to try on their own first and initially attempt to troubleshoot problems. Faculty are participated actively and got hands on focus on the tools, they became familiar about the FPGA Implementation and interfacing

The workshop lasted six hours per day and it is conducted for six days to give sufficient time for the students to learn by dividing the students into two slots. The workshop was completed on time.

WORKSHOP PROCEEDINGS

SIR C R REDDY COLLEGE OF ENGINEERING, ELURU - 7
DEPT. OF ELECTRONICS & COMMUNICATION ENGINEERING

De: 10-08-2019

To:
 The principal,
 Sir C R Reddy College of Engineering,
 Eluru.

(THROUGH PROPER CHANNEL)

Respected sir,

Sub: Workshop on "Advanced VLSI Training on Xilinx FPGA's using Vivado Tools" for
 3/4 ECE - Reg

It is proposed to arrange a one week workshop on "Advanced VLSI Training on Xilinx
 FPGA's using Vivado Tools" for the benefit of B.Tech ECE students and faculty. The proposed
 dates are 3rd or 4th week of September 2019, tentatively. This workshop will be useful to get hands-
 on experience with FPGA Kits with latest version Xilinx Vivado tools, and students will update
 with recent advancements in VLSI domain.

The Workshop will be conducted by the organization "Apply Volt" from Vijayawada. Hence, I
 request you to permit us to organize the event, and also requesting you sanction the amount of Rs.
 42,000/- towards smooth conduction of this six days Workshop.

| S. No | Item | Description | Charges | Total |
|--------------------------------------|--|---|--|--------------|
| | Mr. Pradeep & Dr. Krishna Kumar (Sr. Application Engineer) | Technical person from APPLYVOLT | @8000 per day 4 days * 8000 = 2 days free = 32,000 | Rs. 32,000/- |
| | | To provide breakfast, lunch & snacks Travelling to and fro from Vijayawada | 6 days * 1000 = 6000 | Rs. 6,000/- |
| | | Certificates & banner for students (1000) | 4000 | Rs. 4,000/- |
| Grand total: forty two thousand only | | | | 42,000/- |

08.08.2019

Note Submitted to HOD:

It is bring to your kind notice we are planning to conduct workshop on Front End VLSI Tools using using Xilinx Vivado.

Proposed workshop Title:

Advanced VLSI Training on Xilinx FPGA's using Vivado Tools

About workshop:

- > To build confidence among the students for their career opportunities in the field of VLSI. It is proposed to conduct Workshop for 3/4 ECE students and this will help them to do Projects in area of VLSI.
- > Total no. of students expecting to participate in this Workshop is around 50 no.
- > Total no. of faculty who are interested in participating in this Workshop is around 10 no.
- > Expected amount of expenditure for this program Rs. 42,000/-
- > Selection of students:
 - ✓ All Students will write online Code- form test on VHDL, Digital logic design
 - ✓ Max of 100 Students short listed based on their scored in screening test.
 - ✓ Each student will charged Rs. 200/- if management provides any concession the same amount will refunded back to the student.
- > Workshop Duration: 6 days
 - ✓ Day 1 & 2: Fundamentals of the subject
 - ✓ Day 3 & 4: Batch 1 (30 students) hands on session practical
 - ✓ Day 5 & 6: Batch 2 (30 students) hands on session practical

BILL SETTLEMENT

**SIR C R REDDY COLLEGE OF ENGINEERING, ELURU - 7
DEPT. OF ELECTRONICS & COMMUNICATION ENGINEERING**

Dt. 23.10.2019

SIRCRRCOE/ECE/workshop/2019-20/147

To
The Principal
Sir C.R.Reddy College of Engineering,
Eluru.

Respected sir,

Sub: Bill settlement for one week Workshop on "Advanced VLSI Training on Xilinx FPGA's using Vivado Tools" held during 16th to 21st Sept 2019.

This is to bring your kind notice that we got permission for conducting one week Workshop on "Advanced VLSI Training on Xilinx FPGA's using Vivado Tools" held during 16th to 21st Sept 2019. In this regard we requested management an amount of Rs: 42,000/- for conducting workshop. In this amount Rs.21,000/- was sanctioned by the management as 50% contribution, and remaining amount Rs.21,000/- was collected from students. We are submitting bills for an amount of Rs: 40,552/-. Expenditure details are given below.

Sanctioned Amount towards Workshop from management : Rs. 21,000.00/-
Amount collected from students @420 * 50 students : Rs. 21,000.00/-
Total amount for conducting Workshop : Rs: 42,000.00/-

| S.No | Particulars | Bill No. | Amount Rs. | |
|--------------------------------|--|--|------------------|-----------|
| 1 | Expenditure towards 2 Banners | 122 | 852.00 | |
| 2 | Expenditure towards breakfast of resource persons | 30 | 360.00 | |
| 3 | Expenditure towards lunch of resource persons from ORR GIRLS HOSTEL dated 16/09/2019 | challan | 600.00 | |
| 4 | Expenditure towards Dinner of resource persons | 16/09/19 | 10 | 90.00 |
| | | 17/09/19 | 67 | 590.00 |
| | | 18/09/19 | 808 | 400.00 |
| | | 19/09/19 | 54 | 90.00 |
| | | 20/09/19 | 18 | 80.00 |
| 5 | Expenditure towards snacks of resource persons & student participants. | 17/09/19 | 53 | 1000.00 |
| | | 19/09/19 | 54 | 1000.00 |
| | | 21/09/19 | 55 | 1000.00 |
| 6 | Remuneration for Resource | NEFT payment from college account 01/10/2019 | NEFT | 21,000.00 |
| | | Voucher 22/10/2019 | voucher | 11,000.00 |
| 7 | Certificates designing & printing for students 21/09/2019 | 5 | 1500.00 | |
| 8 | Scripting Pads & Color Printing | 74 | 980.00 | |
| Grand total expenditure | | | 40,552.00 | |

Amount to be returned (42,000-40,552)

Rs: 1,448.00

Thanked for bill

MEMORANDUM OF UNDERSTANDING BETWEEN

CODEGNAN PVT LTD

SIR C R REDDY COLLEGE OF ENGINEERING

This Agreement is entered into and executed on this day 12th December 2018, at Vijayawada.

M/s. Codegnan IT Solutions Pvt Ltd Office No. 40-5-19/16, Prasad Naidu Complex, P.B.Siddhartha Bus Stop, Moghalrajpuram, Vijayawada-520010, Andhra Pradesh, India as FIRST-PARTY hereinafter referred to as **Codegnan**

AND

SIR C R REDDY COLLEGE OF ENGINEERING, Near Vathuru Railway Gate, Ehuru, Andhra Pradesh 534007

Codegnan and Institution are individually referred to as "party" and together as "parties"

This MOU has been entered into on 12th December, 2018 with the view of promoting cooperation in academic education, research, and student internships between **Sir C R Reddy College of Engineering** and the **Codegnan IT Solutions Pvt. Ltd** as the basis for their further cooperation in academics and placements under mutual interest and agreed terms.

Agreement

This Agreement is entered into and executed on this day 12th December, 2018 at Vijayawada.

By and Between

M/s. Codegnan IT Solutions Pvt Ltd (hereinafter referred to as Codegnan)

Sri. Uppugandla Sairam, Founder & CEO having its office Moghalrajpuram, Vijayawada, Andhra Pradesh here-in-after referred as Codegnan, the party of the **FIRST PARTY**.

AND

SIR C R REDDY COLLEGE OF ENGINEERING, having its registered office at Near Vatluru Railway Gate, Eluru, Andhra Pradesh 534007, India here-in-after referred as **Institution**, an Private Engineering College in the Jurisdiction of JNTUK, represented by Authorised Signatory, herein after called as the **SECOND PARTY**.

OBJECTIVES OF THE MOU:

- To impart domain-specific training to the students of Sir C R Reddy College of Engineering through Expert Sessions, Seminars, Workshops, Faculty Development Sessions, Internships, Hackathons, short-term and long term projects on campus, and off-campus (in the industry) at regular intervals to make them employable and corporate fit.
- Codegnan will provide industrial training for faculty members of Institution
- Codegnan will from time to time participate/ render guidance in the activities of technical orientation conducted by the Institute by way of Guest Lectures, Technical Seminars, Workshops, FDP's and other events for the benefit of the faculty and students.
- Codegnan IT Solutions. Will offer Research & Consultancy Services. Depute their executives to the college for campus interviews, depending upon the necessity.
- Codegnan will offer their services for curriculum design to the Institute.
- Permit students of the Institute for site visits for a day to any of their project sites.

Specific activities and programs implemented under the authority of this MOU shall be subject to the availability of funds, and the approval of each party authorised representatives

TERMS & CONDITIONS:

- a) The cost of providing infrastructure at the Institution should be borne by Department of Electronics and Communication engineering at Sir C R Reddy College of Engineering
- b) To organise activities at Institution, travel, and other expenses of Codegnan staff should be borne by Department of Electronics and Communication engineering at Sir C R Reddy College of Engineering on mutually agreed terms.
- c) The faculty members and students of Department of Electronics and Communication engineering at Sir C R Reddy College of Engineering can use the e-resources of Codegnan for a short-time according to the sessions conducted
- d) This MOU may be amended, renewed, and terminated by mutual written agreement of the Codegnan and Department of Electronics and Communication engineering at Sir C R Reddy College of Engineering at any time with prior intimation
- e) Depending on both parties requirement, to hire the talent from the Institutes regularly through on-campus and off-campus recruitment drives
- f) Either Codegnan or Department of Electronics and Communication engineering at Sir C R Reddy College of Engineering shall have the right to terminate this MOU upon 60 days prior written notice to the other party.

DURATION OF MOU:

This MOU, unless extended by mutual written consent of both parties, shall expire in Two (02) years after the effective date specified in the opening paragraph. However, on review, the MOU shall be extended for another TWO years by mutual consent.

COORDINATORS:

Both parties will designate persons who will have responsibility for the coordination and implementation of this agreement.

SIR C R REDDY COLLEGE OF ENGINEERING, ELURU
DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING

Dt: 24.08.2019

To
The Principal,
Sir C R Reddy college of Engg,
Eluru

Respected Sir,

Through Proper channel

Sub: Requisition for allotting library browsing centre Reg/-

It is to bring your kind notice that a three day workshop on "Data Analytics using PYTHON" is being conducted for IV/IV ECE students on 28/08/2019 to 30/08/2019. In this regard, we request you to kindly allot central library browsing centre for the smooth conduction of the event.

Thanking you sir.

Yours faithfully,

V.Vamsi Sudheera
(V Vamsi Sudheera) 24/8/19

fe. KJ Silva Lorraine
(KJ Silva Lorraine) 24/8/19

Head of the Department
Electronics & Communication Engg.

Appendix-D: List of participants

Appendix-E: Attendance sheet

Appendix-F: Bills settlement

Appendix-G: Media coverage

The Department of Electronics & Communication Engineering of Sir C R Reddy College Of Engineering in association with Codegnan IT Solutions organized a three-day workshop and 24 hours hackathon on "Computer Vision with Python" on 11th, 12th, 13th & 14th September - 2019.

Resource persons

1. Uppugundla Sairam
CEO, Codegnan IT solutions OPC , Pvt. Ltd.
2. Ravi Chandra KL
Machine Learning Engineer, Codegnan IT solutions OPC , Pvt. Ltd.
3. Eswar Kumar
Computer Vision Engineer, Codegnan IT solutions OPC , Pvt. Ltd.
4. Nakka Sai Kiran
Python Developer, Codegnan IT solutions OPC , Pvt. Ltd.
5. Ch.Surya Teja
Software Developer, Codegnan IT solutions OPC , Pvt. Ltd.
6. K.Bala Krishna
Software Developer, Codegnan IT solutions OPC , Pvt. Ltd.

Organizing Committee

1. Event organization & Hospitality

1. Mr. V. Ranjith Kumar
2. Mr. Y. Bhaskar
3. Mr. M.Narendra Kumar

2. Press and Media

1. Dr. M Ravikumar

3. Monitoring Committee

1. Mrs. K.Radha
2. Mrs. P.Sowmithri
3. Mrs. N.Lavanya

4. Report Preparation

1. Ms. K J Silva Lorraine
2. Mrs. V.Vamsi Sudheern

5. Technical support

1. Mr. G Srinivasa Prasud
2. Mr. Ch. Naga Lenin Kumar

List of Participants

| S.No | Participants | Total |
|--------------|------------------|------------|
| 1 | Faculty from ECE | 5 |
| 2 | 3/4 ECE Students | 115 |
| TOTAL | | 120 |

OBJECTIVES:

- This workshop aims to impart job-oriented training for 3/4 ECE students as python is one of the world's most popular programming languages and is commonly used by major companies (Like Google, Yahoo, Quora, Youtube, Instagram, Pinterest, spotify, reddit etc) for web development purpose.
- Students can develop prototypes quickly and easily to solve the real time problems as python is easy to work with.
- Computer Vision allows computers to identify objects through digital images or videos. Implementing CV through Python allows developers to automate tasks that involve visualization with much more ease. This workshop is intended to get people started with Computer Vision and go from a being a noob up to doing awesome stuffs like Face and Eye Detection.

Introduction:

Python is a popular programming language. It was created by Guido van Rossum, and released in 1991. Python is a language that is remarkably easy to learn, and it can be used as a stepping stone into other programming languages and frameworks.

It is used for:

- web development (server-side)
- software development
- mathematics
- system scripting.

Benefits of Python

- Python can be used on a server to create web applications.
- Python can be used alongside software to create workflows.
- Python can connect to database systems. It can also read and modify files.
- Python can be used to handle big data and perform complex mathematics.
- Python can be used for rapid prototyping, or for production-ready software development.

Significance

- Python works on different platforms (Windows, Mac, Linux, Raspberry Pi, etc).
- Python has a simple syntax similar to the English language.
- Python has syntax that allows developers to write programs with fewer lines than some other programming languages.
- Python runs on an interpreter system, meaning that code can be executed as soon as it is written. This means that prototyping can be very quick.
- Python can be treated in a procedural way, an object-orientated way or a functional way.

Python Syntax compared to other programming languages

- Python was designed for readability, and has some similarities to the English language with influence from mathematics.
- Python uses new lines to complete a command, as opposed to other programming languages which often use semicolons or parentheses.
- Python relies on indentation, using whitespace, to define scope; such as the scope of loops, functions and classes. Other programming languages often use curly-brackets for this purpose.

Computer Vision with Python

Computer Vision is a field of multiple disciplines that care about how computers can gain a high-level understanding from digital images/videos. Computer Vision is an attempt to automate tasks that the human visual system is able to perform. This is a process of acquiring, processing, analyzing, and understanding digital images, and extracting high-dimensional data from the real world. Gary Bradsky started OpenCV at Intel in 1999. While it supports a gamut of languages like C++, Python, and more.

Typical tasks involved Python Computer Vision are

- Recognition
- Motion Analysis
- Scene Reconstruction
- Image Restoration

Fields related to Python Computer Vision:

- Artificial Intelligence
- Solid-state Physics
- Neurobiology
- Signal Processing
- Statistics, Optimization, Geometry

Some of the applications of Python Computer Vision:

- Automatic inspection in manufacturing applications

- Assisting humans in identification tasks (eg, species identification system)
- Controlling processes (eg, an industrial robot)
- Detecting events (eg, visual surveillance)
- Interaction (eg, input to the device for computer-human interaction)
- Modeling objects/ environments (eg, medical image analysis)
- Navigation (eg, autonomous vehicle)
- Organizing information (eg, indexing databases of images and image sequences)

TOPICS AND HANDS-ON ACTIVITY IN THE WORKSHOP:

The duration of this workshop was three consecutive days and 24 hours hackathon with seven hours session per day, in a total of 21 hours properly divided into theory and hand on practical sessions.

| Session .No. | TOPIC | Duration |
|--------------|--|-----------------|
| 1. | Setup and Python Installation , Introduction to Python, applications, Basic Mathematical operations using Hands on approach | 4 hours |
| 2. | Data types ,Rules of variables, Conversion types (float to string), slicing, Functions, Modules, Packages using Hands on approach and some exercise | 3 hours |
| 3. | Introduction to Jupyter Notebook, Numpy, Pandas and using Hands on approach and some exercise | 4 hours |
| 4. | Introduction to AI, Fields in AI, Open CV, Image Reading, Video Reading using Hands on approach and some exercise | 3 hours |
| 5. | Draw a rectangle and circle, Put a text on Image, Image enhancement, Feature extraction and filtering using Hands on approach and some exercise | 4 hours |
| 6. | Pose estimation, Visual recognition, Capturing live video, Creating face data sets, training the data set, detecting face, recognizing face using Hands on approach and some exercise | 3 hours |
| 8. | Hackathon (14/09/2019) <ul style="list-style-type: none"> • Ideathon and creating abstract (7.30 AM to 11.30 AM) • Check point 1 (11.30 AM to 3.30 PM) • Check point 2 (3.30 PM to 7.30 PM) • Check point 3 (7.30 PM to 11.30 PM) • Check point 4 (11.30 PM to 3.30 AM) • Presentations (3.30 AM to 7.30 AM) | 24 hours |
| TOTAL | | 45 hours |

DAY-I
Inaugural Address:

Venue: Central Library browsing centre

Date: 11-09-2019

Time: 9:00 – 9:30 A.M

The Program started with Registrations from participants followed by a formal Inauguration in Central Library browsing centre. After inviting the dignitaries to dais, they tried to motivate the students by explaining the importance of Python.

Dr. R. Satish sir, Workshop Convener, Dept. of ECE, addressing the students.

Dr. PHS Tejo Murthy sir addressed the students and explained the importance of python in present scenario.

Mr.R. Thrinadh sir, T&P Coordinator, Dept. of ECE, addressed the students and explained the significance of CV with Python in Job Market.

SESSION-1 KEY NOTE ADDRESS

Venue: Library Browsing Centre
Topic: Introduction to Python

Date: 11-09-2019
Time: 9:30 A.M -12:30 P.M

Resource person: U. Sairam

U. Sairam sir gave an overview of python features so that the participants can get familiar with this environment. The goal is to present the core of skills necessary to start with python. In this session, he presented how to get and install this software on our computer. Later, he discussed about the applications where python is being used. He explained about the Basic Mathematical operations using this software.

SESSION-2

Venue: Library Browsing Centre

Date: 11-09-2019

Time: 1:30 pm to 05:00pm

In this session, Data types, List, Tuple, Set, Dictionary. Also, the Rules of variables, Conversion types (float to string), slicing, Functions, Modules and packages were discussed.

Every value in Python has a data type. Since everything is an object in Python programming, data types are actually classes and variables are instance (object) of these classes. There are various data types in Python. Some of the important types are numbers (int, float and complex), List, Tuple, Set, Dictionary.

Conversion between different Data Types

We can convert between different data types by using different type conversion functions like `int()`, `float()`, `str()` etc. Conversion from float to int will truncate the value (make it closer to zero), Conversion to and from string must contain compatible values and we can even convert one sequence to another.

Type Conversion

The process of converting the value of one data type (integer, string, float, etc.) to another data type is called type conversion. Python has two types of type conversion.

1. Implicit Type Conversion (Python automatically converts one data type to another data type. This process doesn't need any user involvement)
2. Explicit Type Conversion (users convert the data type of an object to required data type. We use the predefined functions like `int()`, `float()`, `str()`, etc to perform explicit type conversion. It is also called Type Casting)

Python Input and Output

Python provides numerous built-in functions that are readily available to us at the Python prompt. Some of the functions like `input()` and `print()` are widely used for standard input and output operations respectively.

Modules in python were discussed clearly. A module is a Python object with arbitrarily named attributes that you can bind and reference. Simply, a module is a file consisting

of Python code. A module can define functions, classes and variables. A module can also include runnable code.

Also Functions, were discussed. A function is a block of organized, reusable code that is used to perform a single, related action. Functions provide better modularity for your application and a high degree of code reusing.

SESSION-3

Venue: Library Browsing Centre

Date:12-09-2019.

Time: 9:00 am to 1:00 pm

U. Sairam sir clearing the doubts

In this session students were introduced to Jupyter Notebook, Numpy, Pandas and Anaconda. The Jupyter Notebook is an open source web application that you can use to create and share documents that contain live code, equations, visualizations, and text. Jupyter Notebook is maintained by the people at Project Jupyter. The Jupyter Notebook is not included with Python,

NumPy is a Python package which stands for 'Numerical Python'. It is the core library for scientific computing, which contains a powerful n-dimensional array object, provide tools for integrating C, C++ etc. It is also useful in linear algebra, random number capability etc.

Pandas is the most popular python library that is used for data analysis. It provides highly optimized performance with back-end source code is purely written in C or Python.

Anaconda is a free and open-source distribution of the Python and R programming languages for scientific computing, that aims to simplify package management and deployment.

Venue: Library Browsing Centre

SESSION-4

Date: 12-09-2019.

Time: 2:00 pm to 5:00 pm

Participants listening to CV introduction

Students were introduced to AI, Fields in AI, Open CV, Image Reading, Video Reading in this session. Computer Vision, often abbreviated as CV, is defined as a field of study that seeks to develop techniques to help computers “see” and understand the content of digital images such. Computer vision is a subfield of artificial intelligence concerned with understanding the content of digital images, such as photographs and videos.

OpenCV (Open source computer vision) is a library of programming functions mainly aimed at real-time computer vision originally it was developed by Intel.

Image Reading: To read an image, we have the built-in function/method imread().

```
1. >>> img=cv2.imread('py.jpg')
```

Note that prior to this, we have moved to the directory that holds this image.

We can also pass a value for a flag, which is the second argument-

- cv2.IMREAD_COLOR- To load a color image neglecting existing transparency (default flag)
- cv2.IMREAD_GRAYSCALE- To load a grayscale image
- cv2.IMREAD_UNCHANGED- To load an image including an alpha channel

SESSION-5

Venue: Library Browsing Centre

Date: 13-09-2019
Time: 9:00 am to 1:00 pm

Resource persons discussing with students

Draw a rectangle and circle, Put a text on Image, Image enhancement, Feature extraction and filtering were discussed in this session.

SESSION-6

Venue: Library Browsing Centre

Date: 13-09-2019
Time: 2:00 pm to 5:00 pm

U. Sairam sir clarifying the doubts

Pose estimation, Visual recognition, Capturing live video, Creating face data sets, training the data set, detecting face, face recognition were discussed in this session

Face Recognition: To make a face recognition program, first we need to train the recognizer with dataset of previously captured faces along with its ID, for example we have two person then first person will have ID 1 and 2nd person will have ID 2, so that all the images of person one in the dataset will have ID 1 and all the images of the 2nd person in the

Team Hackathon

CONCLUSION

The workshop turned out to be an eye opener for the 3/4 ECE students who wanted to learn python Fundamentals and computer vision using python. The workshop helped students to grow their knowledge and boost their confidence regarding python programming and also gained a lot of concepts to get cleared with a friendly environment throughout the sessions. 3 Day workshop has been ended with 24 hours hackathon. Hackathon has enabled the students to come up with innovative ideas for the challenging problems.

We thank the support of the Management, Head of Department, faculty members and Volunteers who helped us in conducting this workshop and making this event a grand success
