Number of students Attended: 49

Venue: III/IV B.Tech Class Room

The GATE classes conducted by the Civil Engineering department aimed to train students with the necessary knowledge and skills for success in Competitive exams like GATE. The gate classes were conducted over a period of 4 days, covering essential topics such as Properties of fluids, fluid statics; Continuity, momentum and energy equations and their applications; Potential flow, Laminar and turbulent flow; Flow in pipes, pipe networks; Concept of boundary layer and its growth; Concept of lift and drag, Basics of water quality standards – Physical, chemical and biological parameters; Water quality index; Unit processes and operations; Water requirement; Water distribution system; Drinking water treatment. The classes aimed to strengthen student's foundational knowledge and problem-solving abilities in attempting the GATE Exam without any fear. The students are expressing their gratitude by saying grateful for the opportunity to be a part of your classes, and we believe that the knowledge and skills we've gained will be pivotal in my performance during the upcoming GATE exam. The clarity with which you explained complex concepts, your patience in addressing our doubts, and the strategic approach to problem-solving were instrumental in enhancing my understanding of the subject matter. 49 students have attended the training program. The management and principal appreciated the team for their contribution.

REPORT

Name of the program: GATE CLASSES

Date: 09-11-2020 to 13-11-2020

The GATE classes conducted by the EEE department aimed to get students with the necessary knowledge and skills to qualify in Competitive exams like GATE. The GATE classes were conducted over a period of 5 days, covering essential topics from the subjects such as Electrical Machines, Electrical Circuits, Power Systems, and Electrical Measuring Instruments etc.,. The classes aimed to strengthen student's foundational knowledge and problem-solving abilities in attempting competitive exams. The clarity with which we explained concepts and the strategic approach to problem solving were enhancing in understanding of the subject matter. The management and principal appreciated the team work of our department.

REPORT

Date: 19-12-2020

Name of the program: Coaching For Competitive Exam (GATE)

Dates : 14-12-2020 to 18-12-2020

Resource person s details

Names : Dr.D.satya narayana Dr.K.Sunil Ratna Kumar

Address: Department of Mechanical Engineering

Sir cr reedy college of engineering

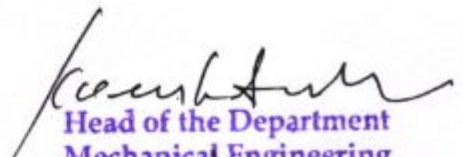

Mail id : hod.mechanical1989@gmail.com

Contact number : 08812-

No Of Students Attended :117

Venue : IV/B.TECH CLASS ROOM, & CAD LAB

The gate classes conducted by the department of mechanical engineering aimed to train students with the necessary knowledge and skills for success in competitive exams like gate the gate classes were conducted over a period of 5 days covering essential topics such mechanics and thermal analysis and Machine Design for the particular Fluid mechanics and thermal analysis AND Machine Design Fluid Mechanics In The View Of Fluid properties; fluid statics, Bernoulli's equation Heat-Transfer: Modes of heat transfer; one dimensional heat conduction, resistance concept and electrical analogy, heat transfer through fins; unsteady heat conduction Thermodynamics: Thermodynamic systems and processes; properties of pure substances, behavior of ideal and real gases Machine Design: Design for static and dynamic loading; failure theories; fatigue strength and the S-N diagram; principles of the design of machine elements such as bolted, riveted and welded joints; shafts, gears, rolling and sliding contact bearings, brakes and clutches, springs. the classes aimed to strengthen students foundational knowledge and problem solving abilities in the attempting the gate exam without any fear the students are expressing their gratitude by saying grateful for the opportunity to be a part of your classes and we believe that the knowledge and the skills were gain will be pivotal in my performance which you explained complex concepts Your patience in addressing our doubts and the strategic during the upcoming gate exam the clarity with which you explained complex concepts your patience in addressing our doubts another strategic approach to the problem solving were instrumental in enhancing my understanding of the subject matter 117 students have attended the training programme the management and principal appreciated the team for their contribution

REPORT

Name of the program: GATE CLASSES

Date: 08-11-2020 to 12-11-2020

The GATE classes conducted by the ECE department aimed to get students with the necessary knowledge and skills to qualify in Competitive exams like GATE. The GATE classes were conducted over a period of 5 days, covering essential topics from the subjects such as Electronic Devices and Circuits, Switching Theory and Logic Devices, Pulse and Digital Circuits, Microprocessor and microcontroller, and Analog Communications etc., The classes aimed to strengthen student's foundational knowledge and problem-solving abilities in attempting competitive exams. The clarity with which we explained concepts, and the strategic approach to problem solving were enhancing in understanding of the subject matter. All third year students have attended the program. The management and principal appreciated the team work of our department.

The GATE classes conducted by the CSE department aimed to train students with the necessary knowledge and skills for success in Competitive exams like GATE. The gate classes were conducted over a period of TWO WEEKS, covering essential topics such as System calls, Scheduling Algorithms, Page replacing Algorithms, Deadlocks, File Systems in operating systems and Data ware house, Relational model, Normalisation, Structured Query language, Transaction and concurrency control in Database Management Systems and Arrays, graphs. Hashing, Linked list, Stacks and queues in Data structures and Machine instructions and addressing modes. ALU, data-path and control unit. Instruction pipelining, pipeline hazards. Memory hierarchy: cache, main memory and secondary storage; I/O interface (interrupt and DMA mode).in Computer Organizations'. The classes aimed to strengthen students' foundational knowledge and problem-solving abilities in attempting the GATE Exam without any fear. The students are expressing their gratitude by saying grateful for the opportunity to be a part of your classes, and we believe that the knowledge and skills we've gained will be pivotal in my performance during the upcoming GATE exam.The clarity with which you explained complex concepts, your patience in addressing our doubts, and the strategic approach to problem-solving were instrumental in enhancing my understanding of the subject matter. 152 students have attended the training program. The management and principal appreciated the team for their contribution.

GATE classes by faculty in E-class Room

Gate classes by faculty at E-class Room

The GATE classes conducted by the IT department aimed to train students with the necessary knowledge require to success in GATE. The gate classes were conducted over a period of 5 days, covering essential topics such as stacks, Queue, linked list and asymptotic notation and Application layer, transport layer an IPV4 and IPV6 in Computer Networks. The classes aimed to strengthen students' foundational knowledge and problem-solving abilities in attempting the GATE Exam without any fear. The students are expressing their gratitude by saying grateful for the opportunity to be a part of your classes, and we believe that the knowledge and skills we've gained will be pivotal in my performance during the upcoming GATE exam. Totally 80 students have attended the training program and well practiced the Gate bits on those concepts.

The Civil Engineering Department's Aptitude and Reasoning sessions are tailored to furnish students with the essential competencies required to thrive in competitive examinations such as GRE, TOEFL, and Placements. Spanning five days, these sessions encompassed vital topics including Speaking and Writing Skills, Sentence Rearrangement, Analytical Writing, Reading and Listening Skills, Passage Completion, Logical Reasoning, Quantitative Aptitude, Verbal Reasoning, Non-Verbal Reasoning, and Blood Relations. Our meticulously crafted sessions prioritize augmenting students' foundational comprehension and problem-solving proficiencies, empowering them to confront Competitive Exams with assurance. Participants consistently express profound gratitude for the invaluable educational experience our sessions provide, acknowledging the acquired expertise and skills as pivotal to their examination triumphs. They commend the lucidity with which intricate concepts are elucidated, the patience exhibited in resolving queries, and the strategic problem-solving methodologies employed, all of which markedly enhance their comprehension of the subject matter. A total of 51 students actively engaged in the training initiative, with both management and the principal extending commendations to the team for their significant contributions.

Report

Name : Mr.Raghu Kakarala, Ms. Missy Taylor
Address : Enquage Technology, USA
Time : 3:30 PM to 5:00 PM
Venue : AC Seminar Hall
Number of students Attended : 207

The goal of the "Globalization of Social Media using Technology " lectures offered by the CSE department was to equip students with the globalization of social media that has made it simpler for businesses to establish and preserve relationship across borders with their clients, associates, and partners by removing obstacles like time zones and language limitations. Thanks to development of technology has altered the rate at which culture spreads. Thanks to developments in media and communication technology, globalization also facilitates the exchange of ideas, information, products and services.

Acknowledgements:

The students are expressing gratitude for the chance to participate in your lectures and expressing They altered our way of being in the world and had an effect on nearly every aspect of human society. The clarity with which you explained complex concepts, your patience in addressing our doubts, and the strategic approach to social technologies were instrumental in enhancing my understanding of the subject matter. The Management and Principal appreciated the team for their contribution.
