## Report

**Name of the program:** GATE Exam Preparation Program

**Date:** 16-12-2019 to 19-12-2019

**Resource persons details:** Name : Sri M. Chandrakanth, & Sri N. Sivapoornachandra Rao

Address : Department of Civil Engineering

Sir C R Reddy College of Engineering,

Eluru-534007

Email Id : crrcivil@gmail.com

**Number of students Attended:** 55

**Venue:** III/IV B.Tech Class Room

The Civil Engineering department's GATE classes were tailored to equip students with the requisite knowledge and skills essential for excelling in competitive exams like GATE. Spanning four days, these sessions covered indispensable topics including Working stress and Limit state design concepts, Connections such as simple and eccentric, beam-column connections, plate girders, and trusses, as well as the design of tension and compression members, beams, beam-columns, and column bases. Moreover, Plastic Analysis of frames and beams in Steel Structures, Subsurface investigations encompassing boreholes, drilling, scopes sampling, plate load test, standard penetration, and cone penetration tests, Earth pressure theories like Coulomb and Rankine, Stability of slopes finite and infinite slopes, method of slices, and Bishop's method, contact pressure, and Settlement analysis in sands and clays were comprehensively addressed. These classes were aimed at fortifying students' foundational knowledge and honing their problem-solving acumen to confront the GATE Exam with confidence. Students expressed their gratitude, recognizing the opportunity to participate in these classes and acknowledging the pivotal role the acquired knowledge and skills will play in their performance in the upcoming GATE exam. They lauded the clarity with which complex concepts were elucidated, the patience exhibited in addressing doubts, and the strategic problem-solving approach, all of which significantly enriched their understanding of the subject matter. A total of 55 students partook in the training program, with both the management and principal extending their appreciation to the team for their invaluable contribution.

REPORT

Date: 18-11-2019

Name of the program: GATE CLASSES

Date: 11-11-2019 to 15-11-2019

PHOTO:

The GATE classes conducted by the EEE department aimed to get students with the necessary knowledge and skills to qualify in Competitive exams like GATE. The GATE classes were conducted over a period of 5 days, covering essential topics from the subjects such as Electrical Machines, Control Systems, Power Electrical Circuits, Power Systems and EMI. The classes aimed to strengthen student's foundational knowledge and problem-solving abilities in attempting competitive exams. The students are expressing their gratitude for the opportunity to be a part of GATE classes conducted by us. The management and principal appreciated the team work of our department.

### REPORT

Date: 14-12-2019

Name of the program: Coaching For Competitive Exam (GATE)

Dates : 09-12-2019 to 13-12-2019

#### Resource person s details

Names : Dr. Rambabu , Dr.K.Sunil Ratna Kumar

Address: Department of Mechanical Engineering  
Sir cr reddy college of engineering

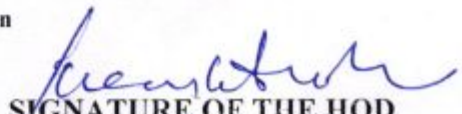

Mail id : hod.mechanical1989@gmail.com

Contact number : 08812- 230565

No Of Students Attended : 129

Venue : IV/B.TECH CLASS ROOM, & CAD LAB

The gate classes conducted by the department of mechanical engineering aimed to train students with the necessary knowledge and skills for success in competitive exams like gate the gate classes were conducted over a period of 5 days covering essential topics such mechanics and thermal analysis and Machine Design for the particular Fluid mechanics and thermal analysis AND Machine Design Fluid Mechanics In The View Of Fluid properties; fluid statics, Bernoulli's equation Heat-Transfer: Modes of heat transfer; one dimensional heat conduction, resistance concept and electrical analogy, heat transfer through fins; unsteady heat conduction Thermodynamics: Thermodynamic systems and processes; properties of pure substances, behavior of ideal and real gases Machine Design: Design for static and dynamic loading; failure theories; fatigue strength and the S-N diagram; principles of the design of machine elements such as bolted, riveted and welded joints; shafts, gears, rolling and sliding contact bearings, brakes and clutches, springs. the classes aimed to strengthen students foundational knowledge and problem solving abilities in the attempting the gate exam without any fear the students are expressing their gratitude by saying grateful for the opportunity to be a part of your classes and we believe that the knowledge and the skills were gain will be pivotal in my performance which you explained complex concepts Your patience in addressing our doubts and the strategic during the upcoming gate exam the clarity with which you explained complex concepts your patience in addressing our doubts another strategic approach to the problem solving were instrumental in enhancing my understanding of the subject matter 129 students have attended the training programme the management and principal appreciated the team for their contribution

Program for GATE classes on 14-11-2019 by Mrs. N.Suneetha

The GATE classes conducted by the ECE department aimed to get students with the necessary knowledge and skills to qualify in Competitive exams like GATE. The GATE classes were conducted over a period of 5 days, covering essential topics from the subjects such as Electronic Devices and Circuits, Switching Theory and Logic Devices, Pulse and Digital Circuits, Microprocessor and microcontroller and Analog Communications. The classes aimed to strengthen student's foundational knowledge and problem-solving abilities in attempting competitive exams. The students are expressing their gratitude for the opportunity to be a part of GATE classes conducted by us. All third year students have attended the program. The management and principal appreciated the team work of our department.

**Number of students Attended:** 145

**Venue:** IV/IV B.Tech SEMINAR HALL

The GATE classes conducted by the CSE department aimed to train students with the necessary knowledge and skills for success in Competitive exams like GATE. The gate classes were conducted over a period of TWO WEEKS, covering essential topics such as System calls, Scheduling Algorithms, Page replacing Algorithms, Deadlocks, File Systems in operating systems and Data ware house, Relational model, Normalisation, Structured Query language, Transaction and concurrency control in Database Management Systems and Arrays, graphs. Hashing, Linked list, Stacks and queues in Data structures and Network layer, Routing Algorithm, TCP UDP Sockets and Congestion Control, Application Layer Protocols, Network Security in Computer Networks. The classes aimed to strengthen students' foundational knowledge and problem-solving abilities in attempting the GATE Exam without any fear. The students are expressing their gratitude by saying grateful for the opportunity to be a part of your classes, and we believe that the knowledge and skills we've gained will be pivotal in my performance during the upcoming GATE exam. The clarity with which you explained complex concepts, your patience in addressing our doubts, and the strategic approach to problem-solving were instrumental in enhancing my understanding of the subject matter. 145 students have attended the training program. The management and principal appreciated the team for their contribution.

Gate classes in Dept.of IT

The GATE classes conducted by the IT department aimed to train students with the necessary knowledge and skills for success in Competitive exams like GATE. The gate classes were conducted over a period of 4 days, covering essential topics such as Semaphores & Scheduling Algorithms, Page replacement algorithms, Deadlock detection algorithms in operating systems and Application layer, transport layer and IPV4 and IPV6 in Computer Networks & STACKS & Linked list in Data structures & K-Map, Sequential circuits in Digital Logic and Design. The classes aimed to strengthen students' foundational knowledge and problem-solving abilities in attempting the GATE Exam without any fear. The students are expressing their gratitude by saying grateful for the opportunity to be a part of your classes. 90 students have attended the training program. Students have practiced various bits on those concepts. The management and principal appreciated the team for their contribution.

The Civil Engineering Department's Aptitude and Reasoning classes aimed to equip students with the essential knowledge and skills needed to excel in competitive exams like GRE, TOEFL, and Placements. Conducted over five days, these classes covered crucial topics including Analytical Writing, Verbal Reasoning, Speaking & Writing skills, Active Voice, Reported Speech Mixture & Allegation, Time & Work, Algebra, Probability, and Age. Our meticulously designed classes focus on enhancing students' foundational understanding and problem-solving abilities, preparing them to tackle Competitive Exams with confidence. Participants consistently express deep gratitude for the invaluable learning experience our classes offer, recognizing the acquired knowledge and skills as pivotal to their success in exams. They appreciate the clarity with which intricate concepts are explained, the patience shown in addressing doubts, and the strategic problem-solving methods employed, all of which significantly improve their grasp of the subject matter. A total of 55 students actively participated in the training program, with both management and the principal extending their appreciation to the team for their substantial contribution.

## AGENDA

**Aim :**

To impart to students the knowledge and abilities they will need to succeed in the future

**Key Outcomes :**

- Academic and Personal development skills are crucial to professional growth and achieving long-term success, some of which include integrity, communication, leadership, problem-solving and adaptability.
- Constantly working on your personal development skills makes you more perceptive, empathic, confident, flexible, and capable of handling new responsibilities and situations.
- Good interpersonal skills, a strong work ethic, and the ability to communicate effectively are instrumental in building strong relationships both personally and professionally, increasing productivity, and facilitating cordial discussions in a professional setting.

## Report

**Name** : Dr.K.V.S.G. Murali Krishna  
**Address** : Director(Foreign Universities & Alumni Relations)  
J.N.T.U. Kakinada,  
**Email Id** : kvsg.muralikrishna@gmail.com  
**Time** : 9:00 AM to 5:00 PM  
**Venue** : Seminar Hall

The CSE department's " Career Guidance & Academic Planning " lectures aimed to provide students with the skills and information necessary to succeed in the future. In the two hours of instruction, you will significantly advance your career goals, set personal objectives and goals, enhance your strengths and talents, find fulfillment in your work and in life, build meaningful relationships, gain a better understanding of yourself and develop self-awareness, sharpen your focus and clarity, find the drive to succeed, and develop resilience in trying circumstances.

### **Acknowledgements:**

The students are thanking you for giving them the opportunity to attend your lectures and expressing their belief that the knowledge and abilities they have acquired would be essential for their success in the next competitive exams. My comprehension of the subject matter was improved by the way you patiently answered our questions, the way you clearly articulated difficult ideas, and the methodical way you approached your own aims and objectives. The team's contributions were valued by the Management and Principal.

**About The IPR Webinar:**

Intellectual Property Rights (IPR) plays a vital role in enhancing the socio-economic prosperity of the country. Creativity and innovation are new drivers of the world economy. With the increasing relevance of Intellectual Property (IP) in this era of globalization, it is important to recognize the role which IP systems play in the growth of the Nation. Thus, there is a need to create large public awareness about the pivotal role of IPR in globalized knowledge economy. With the view to create awareness on the significance of IPR to the people from various sectors in the Country, Sir C R Reddy College of Engineering is organizing a one day Workshop on Intellectual Property. The Workshop is intended to cover various aspects of IPR like Patents, Copyrights, Trademarks, etc.

**Introduction:**

Intellectual property is a category of property that includes intangible creations of the human intellect, and primarily encompasses copyrights, patents, and trademarks. It also includes other types of rights, such as trade secrets, publicity rights, moral rights, and rights against unfair competition. Artistic works like music and literature, as well as some discoveries, inventions, words, phrases, symbols, and designs can all be protected as intellectual property. The main purpose of intellectual property law is to encourage the creation of a wide variety of intellectual goods. An intellectual property right refers to the general term for the assignment of property

rights through patents, copyrights and trademarks. These property rights allow the holder to exercise a monopoly on the use of the item for a specified period.

### **Major Intellectual Property:**

**Copyright:** Copyright is a legal term describing rights given to creators on their literary and artistic works.

**Related Rights:** Rights granted by law to communicators of works to the public.

- Performers
- Broadcasting Organizations

**Performer's Rights:** It includes recording, broadcasting and communicating to the public of a live performance. Its duration is about 50 years.

**Rights of Broadcasting Organizations:** It includes Broadcast Reproduction Right. It mainly focuses on Re-broadcasting, Recording and Communicating to the Public of a Broadcast. It has duration of about 25 years.

**Patent:** A patent is an exclusive right granted for an invention, which is a product or a process that provides a new way of doing something, or offers a new technical solution to a problem. The limited monopoly right granted by the state enables an inventor to prohibit another person from manufacturing, using or selling the patented product or from using the patented process, without permission. The time period of patent is about 20 years.

**Industrial Design:** An industrial design is the ornamental or aesthetic aspect of an article which must appeal to the eye. The design may consist of three-dimensional features, such as the shape or surface of an article, or of two-dimensional features, such as patterns, lines or color.

**Trademark:** A trademark is a distinctive sign which identifies certain goods or services as those produced or provided by a specific person or enterprise.

**Geographical Indication:** Geographical Indication is an indication which identifies goods as agricultural goods, natural goods or manufactured goods as originating, or manufactured in the territory of country, or a region or locality in that territory, where a given quality, reputation or other characteristic of such goods is essentially attributable to its geographical origin.

**Layout Design:** It includes layout of transistors and other circuit elements, including lead wires connecting such elements and expressed in any manner in a semiconductor integrated circuit (IC).

**Trade secret:** Some inventions, data, information cannot be protected by any of the available means of IPRs. Such information is held confidential as a trade secret. Trade secret can be an invention, idea, survey method, manufacturing process, experiment results, chemical formula, recipe, financial strategy, client database etc.

**The protection of plant varieties and farmers' rights:** The Protection of Plant Variety and Farmers Right Act, 2001 (PPVFR Act) is an Act of the Parliament of India that was enacted to provide for the establishment of an effective system for protection of plant varieties, the rights

of farmers and plant breeders, and to encourage the development and cultivation of new varieties of plants.

### **Sessions of the Workshop:**

The workshop was carried out in 3 sessions. The speaker & the guest of honour were from Novel IPR Academy, Visakhapatnam.

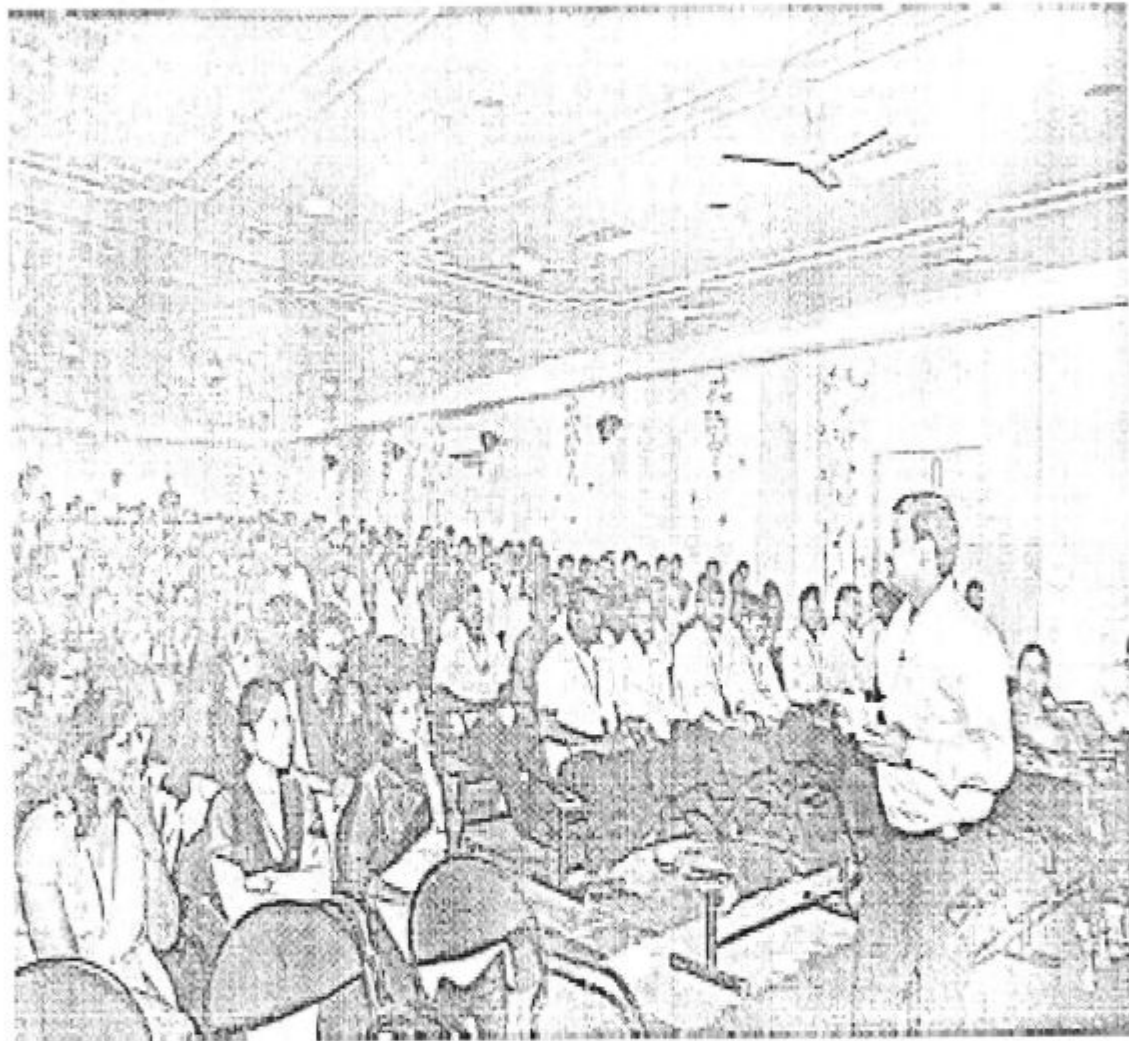

#### **First session:**

The introductory session was taken by the speaker. In this session, a complete introduction on intellectual properties, intellectual property laws & their clauses. In this session, the students were taught about the Intellectual Property Rights & their principles. Also the students were given enough information about how to use this knowledge to proceed forward in a startup company. Also they have been taught how to use intellectual property laws in case of injustice and the legal options available in Indian judicial system.

#### **Second session:**

Complete information on intellectual properties like patent, copyright, trademark, design, trade secret etc was given. Also the speaker explained the difference between these topics, also the validity for each right, judicial law available under each right & the limitations of each right.

**Third session:**

The session began with explaining the various aspects of copy right. Discussed in detail about the topics like 'What is copyright?', 'What do we mean by author or creator?' Originality of Literary works, Judicial decisions( Copyright in judgments produced by courts vs government) etc. He concluded the session by discussing about Trademark, "Service Mark and Collective mark. His presentation was much informative as cited interesting case studies.

At the end of third session, an activity for the students was conducted, where students were given an activity to come up with an innovative idea, solution & presentation for the given problem statements. Also the students were needed to inculcate how the students can use the above taught intellectual property rights, claim the benefits & get security in their startups. The third session was ended at 04:45 P.M

The webinar was concluded by the valedictory session which was undergone in presence of Dr.M.B.S.V. Prasad, Secretary and Dr. G Sambasiva Rao, Principal of the college and Dr.K.venkateswararao HOD Of Mechanical where each participant was awarded by a certificate of participation.
