Dear DDM's,

Please find the below trail email from Infosys regarding webinar on Infosys Certification forward the mail to all APITA registered colleges

As you may already know, InfyTQ, the learning and engagement platform for engineering students by Infosys, has recently moved to a new destination - <https://infytq.onwingspan.com/>. We have also introduced some new features to the InfyTQ platform and launched our two important programs for this year: Infosys Certification and HackWithInfy.

Infosys Certification is a technology accreditation that endorses industry-readiness of students and helps them build a career of their choice. The examination process for Infosys Certification will test students' knowledge in programming and databases. Students who clear the examination become an 'Infosys Certified Software Programmer' and receive multiple opportunities to secure a job at Infosys.

Wishing your students all the very best for CodeVita. To reiterate, **CodeVita for AP & Telangana region is scheduled from 8th August 2020 (Saturday) 3 PM to 9th August 2020 (Sunday) 3 PM.**

We are sharing with you the below documents, and summary of the Best Practices to follow, which will help you drive CodeVita in your institute.

**Student List**

We have attached the entire list of students from our region, who are eligible to participate in CodeVita Season 9. We had earlier asked you to give inputs on some students who were marked ineligible, those students would have also got some m of communication on getting their details updated.

Please note that this is the FINAL list after all additions have been made. Any students not in this list will NOT be eligible to participate in CodeVita.

In this list, we have included a column called "**Corrected College Name**" - we have made an effort to manually go through the list and correct the college names as far as possible (where students have given college names in multiple ways).

Please note that this is only for your reference and tracking only. The college name will continue to be the same in the system until the candidate changes it.

**Best Practices and FAQ Document**

- The students who are eligible to participate in CodeVita have received their login credentials already on email. Even if there was an issue in getting the email, they can go to the CodeVita Contest Page on Campus Commune, and can check their credentials.

Dear All,

At Tech Mahindra, empowering all to Rise™ is about becoming a better version of ourselves by curating and curating opportunities to learn, grow, innovate, and brand yourself.

If COVID-19 has had one positive outcome, it offers us an opportunity to pause and consider how to build greater resilience into our organizations by investing in technology and reskilling people with the right talent.

We know that even in a digital world, it's people that are our most valuable resource. This approach has allowed us to create what we call 'Moments of Truth,' appreciating that while technology is an enabler, 'Moments of Truth' are always human.

Considering the demand for Elevate resources and based on an overwhelming response of 1,50,000+ applications from our last ELEVATE Batch, we as part of our academia-industry interface, are delighted to launch – ELEVATE II aligned with our RISE philosophy.

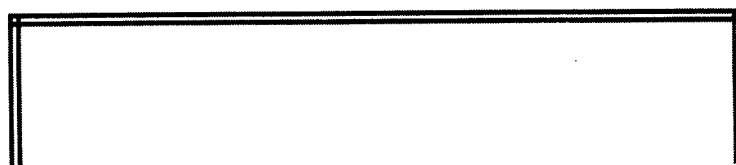

This program will be applicable to 2019,2020 and 2021 pass-outs. We will have a 6 month internship period followed by full-time job opportunities.

The program is uniquely designed to offer young individuals an opportunity to put their academic knowledge into practical situations while gaining relevant industry and domain experience.

Inspired by the "Skill India" initiative, our purpose is to create "Skilled Workforce" and an eco-system that bridges the gap by imparting job skills to an expanding workforce over the next few decades.

**Important - Change in dates - TNQT 2020 Hiring**

1 message

---

**Karthik Akrishna** <karthik.akrishna@tcs.com>

Thu, Jul 11, 2019 at 12:18 PM

**Dear Sir / Madam**

Greetings from TCS!

At the outset, we once again take this opportunity to thank you for your continued support to partner with us in our growth journey year on year.

**TCS National Qualifier Test (TNQT)** has been a game changer for TCS and this year is no exception as the batch of 2020 prepares itself to take up the assessment. For the **TNQT 2020** to be a success, it is important that we have our ears to the ground and incorporate inputs and suggestions from the Institutes, Students and Training & Placement officer's (TPO) fraternity.

Based on the requests received from various TPOs and institutes across India for accommodating a change in the date of TNQT 2020 so as to accommodate their students, we are revising the dates to **3<sup>rd</sup> & 4<sup>th</sup> August, 2019** as against the earlier planned date of 20<sup>th</sup> July, 2019. Our portals have been updated with the changed dates along with the eligibility criteria and assessment related information.

**Registrations will be kept open till 24<sup>th</sup> July, 2019.**

Students who have already registered will automatically get batched for the test on either 3<sup>rd</sup> or 4<sup>th</sup> August 2019. Students who are freshly registering will be able to select only 3<sup>rd</sup> Aug as the test date on the portal, though the batching would be done to either 3<sup>rd</sup> or 4<sup>th</sup> August 2019, based on the capacity of the locations.

We are already in the process of communicating the 'change in date' to all registered students via e mail, SMS & updates on TCS portal. Parallely, we request you to help cascade the information to your registered students and more importantly, use this as an opportunity to get the other eligible students in your institutes registered.

We look forward to your whole hearted support and cooperation for a successful **TNQT 2020** and for a mutually rewarding year ahead!

Yours sincerely,  
For **Tata Consultancy Services Ltd.**

### IMPORTANT POINTS FROM PREVIOUS EMAILS

- We have observed a few cases where students have selected "Bachelor of Engineering" or "Master of Engineering" as qualification, and did not get "Apply for Drive" link. If this is the case, ask them to change it to "Bachelor of Technology" or "Master of Technology", and check if they are getting.
- This is the only recruitment drive planned for engineers from Batch of 2019 this year. If students miss this opportunity, they won't get another chance.
- Please note, your institute's results in terms of final selections, directly depends on the number of people who clear the test. And this directly depends on the participation. Hence, please ensure that all the eligible students definitely do Apply for this Drive.
- Efforts are needed from all of you, to drive effective participation, and also in preparing students to do well in the exam.
- It is possible that students have typed in different institute names, with slightly different spelling, punctuation, capitalisation etc - those all would show up separately and would have a single digit count against them. Ultimately, as long as students have done the "Apply for Drive" process correctly, it's fine. (Below I have mentioned how to check this.)

### PLEASE NOTE THE BELOW REASONS WHY A STUDENT MAY NOT GET THE "APPLY FOR DRIVE" LINK, EVEN AFTER COMPLETING THE APPLICATION FORM:

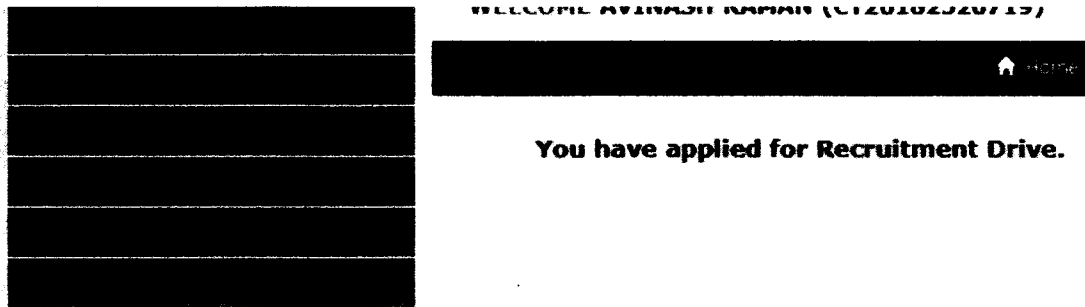

- **Year of passing: has to be 2019 only.** If they have picked any other year, they will NOT get "Apply for Drive".
- **Qualification: has to be the eligible ones - BE / B Tech / M Tech / M Sc / MCA only.** Anything else (some people pick "Bachelor of Computer Science" which is a B Sc Degree) - and they may not get "Apply for Drive" link. If they have picked something wrong, ask them to edit the application form and change it to one of the above mentioned qualifications and it should work.
- **Candidate should have registered as an "IT" candidate only** - If the candidate picked the category as "BPS" when creating a new profile, they will NOT get "Apply for Drive". They have to create a new profile with a different email ID and choose the category as "IT".

**Please note that THIS IS THE ONLY RECRUITMENT DRIVE THAT WE WILL BE DOING THIS YEAR FOR BATCH OF 2019 ENGINEERS. IF STUDENTS MISS THIS OPPORTUNITY, THEY WON'T GET ANOTHER CHANCE.**

### HOW TO CHECK WHETHER A STUDENT HAS APPLIED FOR DRIVE:

Please see the below screenshot.

If a student has correctly applied for drive, if they log in to NextStep portal, THEY WILL STILL HAVE THE APPLY FOR DRIVE LINK. If they click it once more, they will see the message "You have applied for Recruitment Drive".

### HOW TO CHECK IF IT'S AN "IT" OR "BPS" PROFILE:

Download the Application Form PDF.

The below is how an "IT" Profile (correct one) would look.

### TCS EMPLOYMENT APPLICATION FORM

Reference # DT2018[REDACTED]

If below the Reference #, there is a "Source" mentioned and it says something like "DIRECT APPLICANT", this means that the student has registered with the category as "BPS". They have to create a new profile if that is the case.
